## Introduction and preliminary remarks

The **GESIS Variable Report Series** on the **International Social Survey Programme Studies** offers a comprehensive description of data on study and variable level. For each annual module, individual Variable Reports are provided for final data set versions.

The reports are structured into six chapters:

**Chapter one** gives a brief overview of the worldwide ISSP project as a whole.

**Chapter two** provides the description of the respective ISSP study including bibliographic information, abstract, and methodological specifications.

**Chapter three** contains information on study-related survey materials which are essential to understand the data properly, followed by general information about the structure of ISSP data sets, documentation standards and variable coding frames in **chapter four**.

**Chapter five** provides a short explanation of the variable documentation itself.

**Chapter six** contains the core variable documentation: the documentation of each variable including complete question texts with all answer categories of the Basic Questionnaire, partially enriched with archival remarks. In addition, Variable Reports offer cross-tabulations over countries for all substantial and most of the demographic variables. Archive, protocol and country-specific variables are usually shown by descriptive statistics or frequency distributions. All cross-tabulations, descriptive statistics and frequency distributions are based on unweighted data.

The data for the annual ISSP modules are collected by independent institutions in each country. The country data are integrated into one international data file, which is documented, distributed and long-term archived by the ISSP Archive, institutionally, GESIS' Dept. Survey Data Curation (SDC) in Cologne, Germany (<a href="https://www.gesis.org/en/institute/departments/survey-data-curation">https://www.gesis.org/en/institute/departments/survey-data-curation</a>). In every second year between ISSP modules 1997 and 2017, data processing, integration and harmonization have predominantly been prepared by our colleagues at JDS/ ASEP in Spain (<a href="https://www.jdsurvey.net">http://www.jdsurvey.net</a>).

#### **Data access**

Data for statistical analysis along with information about these data can be searched and accessed via the GESIS Search (<a href="https://search.gesis.org?lang=en">https://search.gesis.org?lang=en</a>) or via the search function on the GESIS homepage (<a href="https://www.gesis.org/en/home">https://www.gesis.org/en/home</a>).

The use and the results of GESIS Search are free of charge. The download of data sets requires registration.

#### **Data anonymization**

According to data regulations in participating countries, only anonymized data are made available. Each national team is responsible for carefully checking the data in this respect before the deposit.

#### **Usage requirements**

To provide funding agencies with essential information about the use of archival resources and to facilitate the exchange of information about related research activities, all users of ISSP data are requested to send bibliographic citations for each completed manuscript or thesis abstracts to <a href="isspservice@gesis.org">isspservice@gesis.org</a> or if possible, please, directly send a copy of the publication to GESIS (GESIS-Leibniz-Institute for the Social Sciences, Dept. Survey Data Curation - ISSP, Unter Sachsenhausen 6-8, D-50667 Cologne, Germany). Please, also observe the general notes on the <a href="terms of use">terms of use</a>.

#### **Disclaimer**

Neither the original collector of the data, nor GESIS, bears any responsibility for the use of ISSP data or any data analyses.

## Request

Please, alert us to any errors or problems that you might notice in the data or the documentation. All comments and remarks are very much appreciated to enhance the quality of the data: <a href="mailto:isspservice@gesis.org">isspservice@gesis.org</a>

## 1 ISSP Series Description

#### 1.1 Series name

The International Social Survey Programme (ISSP)

#### 1.2 Series information

The ISSP is a cross-national collaboration program, which has been continuously conducting annual surveys on diverse social science topics since 1985. The topics for each ISSP survey are proposed by delegates from ISSP member countries. Then, a Basic Questionnaire is composed by a committee, elected by the General Assembly before it is pretested in various countries. Starting in 1984 with four founding nations - Australia, Germany, Great Britain and the United States, the ISSP meanwhile has grown up to almost 50 member countries covering various cultures around the globe.

#### ISSP Modules 1985 - 2026:

Citizenship: 2004/ 2014/ 2023\*

- Digital Societies: 2024

- Environment: 1993/2000/2010/2020

- Family and Changing Gender Roles: 1988/ 1994/ 2002/ 2012/ 2022

- Health and Health Care: 2011/2021

Leisure Time and Sports: 2007

National Identity: 1995/2003/2013/2023\*

- Religion: 1991/1998/2008/2018

- Role of Government: 1985/1990/1996/2006/2016/2026

Social Inequality: 1987/ 1992/ 1999/ 2009/ 2019
 Social Networks (no replications): 1986/ 2001/ 2017
 Work Orientations: 1989/ 1997/ 2005/ 2015/ 2025

#### \*combined

#### All ISSP members agree

- 1. to jointly develop modules addressing important areas of social science,
- 2. to field the modules either as an individual survey or as supplements to the regular national surveys and
- 3. to make the data available to the social science community as quickly as possible.

As the surveys are designed for replication, they offer the possibility for cross-national and cross-time comparisons, creating the base for a vast range of substantive and methodological research. Since there is no external fund agency, ISSP members fund their own surveys. Beyond that, ISSP committee members fund ISSP central coordination, networking, development of source questionnaires, or methodological work.

For more information on the ISSP in general, its working principles, contact addresses of ISSP members and principal investigators, please, visit the ISSP website (<a href="http://www.issp.org">http://www.issp.org</a>).

## 2.1.4 Bibliographic citation

Publications based on ISSP data, which are made available through GESIS, should acknowledge those sources by means of bibliographic citations. To ensure that such source attributions are captured for social science bibliographic utilities, citations should appear in footnotes or in the reference section of publications.

#### How to cite the data:

ISSP Research Group (2023): International Social Survey Programme: Environment IV - ISSP 2020. GESIS, Cologne. ZA7650 Data file Version 2.0.0, doi: 10.4232/1.14153.

#### 2.2 Content

#### 2.2.1 Abstract

The present study focuses on questions about the environment, climate change and environmental protection.

#### 2.2.2 Topic classification

Most important issue and next most important issue for the country; agreement with different statements (private enterprise is the best way to solve economic problems, government's responsibility to reduce income differences between people with high incomes and those with low incomes, own country should limit the import of foreign products in order to protect its national economy, own country should limit immigration in order to protect the national way of life, international organizations are taking away too much power from the government); country's highest and next highest priority; amount of trust in people; trust in institutions (university research centres, the news media, business and industry, parliament); extent of personal concern about environmental issues; most important environmental problem for the country as a whole (air pollution, chemicals and pesticides, water shortage, water pollution, nuclear waste, domestic waste disposal, climate change, genetically modified foods, using up our natural resources); attitude towards climate change (the world's climate has not been changing, the world's climate has been changing mostly due to natural processes, the world's climate has been changing about equally due to natural processes and human activity, the world's climate has been changing mostly due to human activity); rating of the impacts of climate change for the world as a whole and for the country; agreement with different statements (modern science will solve our environmental problems with little change to our way of life, we worry too much about the future of the environment and not enough about prices and jobs today, almost everything we do in modern life harms the environment, people worry too much about human progress harming the environment, in order to protect the environment the country needs economic growth, economic growth always harms the environment); willingness to pay much higher prices and much higher taxes as well as to accept cuts in standard of living in order to protect the environment; willingness to accept a reduction in the size of the country's protected nature areas in order to open them up for economic development; attitude towards the environment and environmental protection (It is just too difficult for someone like me to do much about the environment, I do what is right for the environment, even when it costs more money or takes more time, there are more important things to do in life than protect the environment, there is no point in doing what I can for the environment unless others do the same, many of the claims about environmental threats are exaggerated, I find it hard to know whether the way I live is helpful or harmful to the environment, environmental problems have a direct effect on my everyday life); assessment of the hazardousness of various factors potentially affecting the environment: air pollution caused by cars and by industry, from pesticides and chemicals used in farming, from water pollution, from a rise in the world's temperature caused by climate change (greenhouse effect), from the modification of genes of certain crops, and nuclear power stations; best way of getting national business and industry as well as people and their families to protect the environment (heavy fines for businesses/ for people that damage the environment, use the tax system to reward businesses that/people who protect the environment, more information and education for businesses/people about the advantages of protecting the environment); extent of pleasure being outside in nature; frequency of any leisure activities outside in nature in the last twelve months; number of trips by plane in the last twelve months; number of hours in a typical week spend in a car or another motor vehicle (not public transport); number of days in a typical week the respondent eats beef, lamb, or products that contain them; number of rooms in the apartment or house; frequency of special efforts to sort glass or tins or plastic or newspapers for recycling; frequency of avoiding buying certain products for environmental reasons; member of a group to preserve

VIII ISSP 2020 – Environment IV

environment; personal environmental political activities in the last five years (signed a petition about an environmental issue, given money to an environmental group, taken part in a protest or demonstration about an environmental issue); extent to which the neighbourhood was affected by air pollution, water pollution, and extreme weather events over the last twelve months.

Demography: Sex; year of birth; age; years of fulltime-schooling; country specific highest degree of education; ISCED 2011: highest completed degree of education (merged variable); ISCED 2011 simplified: highest completed degree of education; currently, formerly, or never in paid work; hours worked weekly; employment relationship; supervise other employees; number of other employees supervised; type of organization: for-profit vs. non-profit and public vs. private; occupation (ISCO/ ILO 2008); main employment status; living in steady partnership; trade union membership; country specific religious affiliation or denomination; groups of religious denominations (derived); attendance of religious services; Top-Bottom self-placement; if respondent voted in last general election; country specific party voted for in last general election; party the respondent voted for in last general election: left-right scale (derived); country specific ethnic group; size of household; number of adults in household; number of children above school entry age in household; number of children below school age in household; country specific personal income; country specific household income; legal partnership status; father 's country of birth; mother 's country of birth; place of living: urban – rural; country specific region.

Information about spouse/ partner: currently, formerly, or never in paid work; hours worked weekly; employment relationship; supervise other employees; occupation (ISCO/ ILO 2008); main employment status.

Additionally encoded: ID-number of respondent; Case substitution flag; date of interview (year, month, day); language of the interview; administrative mode of data collection; flag variable indicating partially completed interviews; weight; Country ISO 3166 Code; Country/ Sample ISO 3166 Code; Country/ Sample Prefix ISO 3166 Code - alphanumeric.

#### 2.3 Geographic coverage

Austria (AT); Australia (AU); Switzerland (CH); China (CN); Germany (DE); Denmark (DK); Spain (ES); Finland (FI); France (FR); Croatia (HR); Hungary (HU); India (IN); Iceland (IS); Italy (IT); Japan (JP); Korea, Republic of (KR); Lithuania (LT); Norway (NO); New Zealand (NZ); Philippines (PH); Russian Federation (RU); Sweden (SE); Slovenia (SI); Slovakia (SK); Thailand (TH); Taiwan (TW); United States (US); South Africa (ZA)

#### 2.4 Universe

Persons aged 18 years and older

Exception: Denmark (18-79), Finland (15-74), Norway (18-79), South Africa (from 16) and Sweden (18-85)

#### 2.5 Selection Method

Probability Sample: Simple Random Probability Sample: Multistage Sample

## 2.7 Mode of data collection

Face-to-face interview: Paper-and-pencil (PAPI)

Face-to-face interview: Computer-assisted (CAPI/ CAMI)

Self-administered questionnaire: Paper

Self-administered questionnaire: Web-based (CAWI)

Telephone interview

XII ISSP 2020 – Environment IV

## 3 Corresponding survey material

When dealing with international comparative data, data sets and documentation must be seen as two sides of the same coin. Even though ISSP members make huge efforts to produce comparable data in each country, there still remains a remarkable amount of country-specific peculiarities in the contributions to the final, international data set. These country-specific deviations from the standard either have to be harmonized if possible and definitely be documented, as they provide vital information for secondary analysts. Therefore, a set of procedures has been developed to take care for orderly technical preparation of national data sets and to allow for the systematic collection of required context information.

All corresponding survey materials are provided in English, only the national questionnaires are available in the national language(s) of each country.

#### 3.1 Basic Questionnaire

The ISSP General Assembly concludes the design phase of an ISSP module after intensive discussions on the single items of the Basic Questionnaire roughly a year before the module is fielded. Two thirds of the module questions have to be replications from previous ISSP modules of the same subject. According to this, one third of the questions in each module are new. Subsequent to the mandatory module questions, some preselected optional questions can be added. Finally, ISSP member countries translate the British English Basic Questionnaire to their national language(s) as equivalently as possible.

#### Drafting group for the Basic Questionnaire on the Environment Module 2020:

- Austria (Convener): Markus Hadler, Markus Schweighart
- Chile
- Spain
- Sweden
- Taiwan
- And two experts: Malcom Fairbrother, Axel Franzen

### 3.2 Background Variables Standards and Documentation

Apart from the Basic Questionnaire, covering the substantial module variables, countries also have to collect responses on a defined set of ISSP Standard Background Variables, which predominantly contain demographic information. Since the ISSP often runs with larger national surveys, the background variables are mainly taken from these surveys. Thus, demographic issues cannot always be asked in a fixed form by all member countries, since they have to meet the demands of the national studies as well. As a result, the demographic variables for the ISSP need to be post-harmonized according to a developed set of common standards.

Over the past 30 years, the Background Variable Standard has constantly been improved: The first set of background variables was established in 1985 with the first ISSP survey. Here countries agreed on collecting the same demographic information. This list of variables underwent a revision in 2001, now providing a coding frame for each background variable. It was valid until 2009.

In 2010 a new revision process of the ISSP Background Variables started. Beginning with the ISSP module 2010, this first revised version of the ISSP Background Variable Standard, concentrating mainly on variables containing work, occupational and partnership status information, came into effect. The second round of revisions, coming into effect in 2011, had its focus on the education variables, while the last change affected the variables measuring ethnicity, effective with the module 2013. Over the following years, several minor improvements came into effect. The current standard, and a basic history of changes are documented in Background Variable Guidelines which provide detailed information and instructions on the variables' measurement goals, coding frames, filters and possible question texts. Additionally, the recommended

question texts are summarized in a background variable Master Questionnaire.

Since 2004 countries have documented the post-harmonisation processes for each variable in a special documentation template provided by the Archive. This template, always adjusted to the current standard, offers detailed country-specific information on administration, derivation, and coding of the ISSP Background Variables.

All relevant background variable documents are available from the ISSP webpages at GESIS.

## 3.3 National Study Description/ Technical Report

The National Study Descriptions are provided by the countries and include information on sample sizes, field dates, modes of data collection, sampling procedures, response rates and weighting processes. Starting with ISSP 2018, the National Study Descriptions are replaced by the National Technical Reports which contain additional methodological information, cross-nationally compiled in the Study Monitoring Report.

### 3.4 Characteristics of National Population

These documents provide statistical data on the composition of national populations in terms of gender, age, education, and employment rates and, thereby, allow assessing the representativity of the national samples.

# 3.5 Where to find the survey materials and the data set of the ISSP Module of 2020 – Environment IV?

Via the GESIS Search function on the GESIS webpages:

https://search.gesis.org/research\_data/ZA7650?lang=en

The following study-related survey materials are available for download:

Datasets (SPSS or STATA):

- the integrated data file ZA7650\_v2.0.0

#### Questionnaires:

- the Basic Questionnaire of this module together with
- all country questionnaires in the respective local languages

#### Other documents:

- this Codebook/ Variable Report,
- the National Technical Reports,
- the Characteristics of National Populations,
- detailed national documentation on phrasing and coding of the Background Variables
- the Study Monitoring Report and
- the Report on Questionnaire Development

The GESIS Search provides the documentation of this integrated data file on variable-level along with search facilities.

Information on fixed errors and resolved problems for this and former data set versions can be found at the above link at GESIS Search under 'Version history' and 'Version changes'.

XIV ISSP 2020 – Environment IV

#### 4 Data set structure and standards

ISSP data sets are processed and documented by GESIS SDC.

To uniquely identify a data set, each data set version has a unique Study No., a Version No., and a Digital Object Identifier (doi). The doi is linked to the Study Description, which is research- and retrievable via GESIS Search (<a href="https://search.gesis.org?lang=en">https://search.gesis.org?lang=en</a>). Metadata filled in the Study Description of ISSP 2020 data and associated with a doi are provided to the registration agency for social science data (da|ra).

The doi: 10.4232/1.14153 is assigned to the ISSP 2020 (v2.0.0).

#### 4.1 Data set structure

Usually, the ISSP data sets are structured as follows:

#### 1. Archive and Identification Variables

Administrative variables are used for identifying data sets, respondents, and countries (GESIS Study Number, GESIS Archive Version, Digital Object Identifier, Country Codes, ID Number of Respondent). The GESIS Archive Version variable includes the version and release date of the data set, composed as a string variable with three numbers (e.g. v1.0.0):

- The major number is incremented when there are changes in the composition of the data set (e.g. additional variables or cases).
- The minor or second number is incremented when significant errors have been fixed (e.g. coding errors, misleading value labels).
- The third or revision number is incremented when minor bugs are fixed (e.g. spelling errors in variable or value labels).

Country codes identify each case as belonging to one country. The country code variable, which was used according to a scheme leaning on international automobile identification codes at the beginning of the ISSP, was replaced by two country code variables based on the ISO Code 3166. One variable identifies countries as a whole, the other identifies possible subsamples, such as East and West Germany. The cross-tabulations shown in this Variable Report are based on a third, alphanumerical country code variable.

#### 2. Substantial Variables

The substantial variables contain the mandatory module questions, often supplemented by optional questions.

Variable labels provide keywords based on the question text; these keywords are applied consistently if questions or question items are repeated over time. All substantial variables include the original question number of the Basic Questionnaire in the variable labels. Generally, all variable names consist of the standard prefix "V" and the consecutive variable number.

ISSP 2015 is the first module in which numbering starts with the first substantial variable (v1= Q1). Before that time, numbering started with the archive variables followed by the substantial variables (V4, V5 or V6 = Q1).

#### 3. ISSP Background Variables

In earlier ISSP modules, all variables are numbered consecutively, beginning with the archive variables and followed by substantial and background variables. The last variable of each data set usually is the variable on weighting. Later, the background variables started with V200 et seq. Currently, these variable numbers are expressed by mnemonics with max. 8 characters (SEX, AGE, ...).

#### 4. Country-Specific Variables

Variables, which cannot be harmonized for various reasons, are usually presented as country-specific variables. As a rule, variable names of country-specific variables have country abbreviations as prefixes.

In some of the older ISSP studies, the principle of country-specific variables was not used. Instead, all country-specific information was integrated into one variable.

#### 5. Protocol Variables

There are seven protocol variables in the latest ISSP modules. The variable "MODE" indicates the mode of data collection, while "SUBSCASE" indicates whether a respondent in the sample is an original case or a replacement for an originally selected respondent who was not available. The variables "DATEYR", "DATEMO" and "DATEDY" provide information on the dates and periods of fielding.

ISSP surveys prior to 2010 do not include the three DATE variables for indicating the fielding date and ISSP surveys before 2007 do not contain the SUBSCASE variable.

Starting with ISSP 2019, two additional protocol variables have been added: "INTLANG" indicates the language in which an interview or questionnaire was conducted and the variable "PARTIALS" indicate partially completed interviews (see chapter 4.2).

#### 6. Weight

The weight variable, if provided by the country, may include design and post-stratification weights. Please, consult the Technical Report for detailed information. The ISSP does not provide a population weight variable.

#### 4.1.1 Deviating data set structure in ZA7650

Within the block of module variables, there are two notable deviations that result in two extra variables. The first one concerns China (Q4, CN\_v10), the answer scale and the direction of the scale used from China differ from the ISSP standard. The second deviation concerns Slovenia (Q17b, Sl\_v49). In the Slovenian questionnaire, Q17b was collected as the number of hours spent in the car/ other motor vehicle in a typical DAY and not in a typical WEEK. As weekend days can differ considerably from weekdays, one cannot simply multiply the answers given for a day by seven to get the weekly figure. Data from these two countries are not comparable with data from the other countries that collected the data according to the ISSP standard.

#### 4.2 Data preparation

On the basis of the Basic Questionnaire, covering the substantial variables, GESIS SDC provides a Standard Setup for each individual ISSP module, which defines the variable and value labels for module and background variables of the integrated data file. All country data sets should be processed and prepared to match the structure of the Standard Setup before the material is deposited to the ISSP Archive for integration and archiving.

XVI ISSP 2020 – Environment IV

After conducting the national surveys, all collaborators are supposed to deposit their data at GESIS SDC, where all the deposited data sets are prepared, integrated, and merged into one single international data set, which is finally published.

During the data preparation process, all national data sets are controlled for completeness, wild codes, for consistency of response patterns and question routing. Besides, all national data are checked for data duplicates. Decisions to delete cases, which are identified as falsified, are always made by the principal investigators.

Three test routines have been proven useful in detecting identical or similar records:

#### a) Test on the uniqueness of ID numbers

All national data are checked for non-unique ID's (CASEID). Non-unique ID's most likely occur due to data input or data processing errors. They are recoded into unique ID numbers.

#### b) Test on identical responses

In statistical terms, true cases with identical responses across all survey items are almost impossible. If two or more records are fully identical to each other, usually, one record is kept, and the other duplicated record(s) are deleted.

#### c) Test on similar responses

A third test, based on the substantial module variables of the data set, detects records that are suspiciously similar to one another (=Near-Duplicates). Pairs or clusters of such records are examined closely. In case the suspicion is not confirmed, these cases are kept and documented in the National Study Description/ National Technical Report of the corresponding country.

However, if two or more records show a high similarity due to a high number of missing answers, no record is deleted. Such cases are identified by our test on partial cases.

The flag variable "PARTIALS" distinguishes three degrees of completeness for a returned questionnaire or interview. A questionnaire/ an interview with...

- 1) less than 50% of valid answers is defined as break-off (encoded to code -1)
- 2) between 50 and 80% of valid answers is defined as partial interview (encoded to code 0)
- 3) more than 80% of valid answers is defined as complete interview (encoded to code 1).

In accordance with AAPOR standards, the count is based on module questions that respondents were asked according to the routing. The answers "Can't choose/ Don' know" are considered as valid answers.

The ISSP decided that from module 2019 on break-off cases won't be included in the data any longer.

Moreover, national derivation processes from source to target codes in the background variables are controlled. Missing values, especially due to filter instructions are checked and recoded, if necessary. Errors, which are discovered during these procedures, are corrected or documented in cooperation with principal investigators.

However, not all inconsistencies are errors. Some inconsistencies might be owed to irrational response behavior or may be a consequence of different modes of data collection in or across the participating countries during the fieldwork phase. Such inconsistencies are not eliminated during the data preparation process.

Complete machine-readable DDI-XML (see chapter 4.5) compliant documentation is created for all ISSP data sets by GESIS.

### 4.3 Coding frames

The variables of the module questions adopt the coding frame as specified in the Basic Questionnaire, except for multiple response questions.

GESIS adds "Not applicable" (NAP) codes for questions that have filters. NAP indicates that only a subsample and not all the respondents were asked. Also, in the case of country-specific variables, all other countries are coded NAP.

GESIS adds "Not available" (NAV) for variables that in single countries may not have been conducted for whatever reason

#### 4.3.1 Country-specific answer categories

ISSP data include some questions (variables) which have country-specific answer categories such as DEGREE OF EDUCATION, RESPONDENT'S INCOME, FAMILY INCOME, PARTY AFFILIATION - later PARTY VOTED LAST ELECTION, REGION and SIZE OF COMMUNITY (the latter until ISSP 2009).

For country-specific income variables with response categories, the data is recoded to midpoints of the categories.

Recently additionally provided as country-specific variables: RELIGION (since ISSP 2010), ETHNIC GROUP (since ISSP 2013).

For occupation, official international occupation codes are used. While in the first years of the ISSP many countries used country-specific occupation codes, ISCO 1988 has been established as a standard over the years. Starting with ISSP 2014, ISCO 1988 has been replaced by ISCO 2008.

The educational degree variable is available for each country as a national variable with national-specific values. To facilitate international comparisons, additionally, there is one harmonized variable using the country-specific information of all countries encoded to international standard classifications of education (ISCED 1997 for ISSP 2011- 2019/ ISCED 2011 starting with ISSP 2020).

#### 4.3.2 Missing values

Missing value scheme (ISSP 1985-2018):

0: Not applicable (NAP), Not available (NAV)

7 (97, 997, 9997, ...): Refused

8 (98,998, 9998, ...): Don't know/ Can't choose

9 (99, 999,9999, ...): No answer

From ISSP 2019 on the coding is:

- -1 Not available (NAV)
- -4 Not applicable (NAP)
- -7 Refused
- -8 Don't know/ Can't choose
- -9 No answer

XVIII ISSP 2020 – Environment IV

## 4.4 Weighting

Please note, that there is **no total population weight to be used for international comparison**. While all ISSP data sets contain a weighting variable, the weights in this variable do not incorporate a common weighting scheme that can be applied to all countries of the same ISSP module.

In the Study Description/Technical Report and/ or in the Background Variables Documentation of each country you will find more detailed information on the kind of weights that are provided. You can see whether

- a design weight
- weights to adjust for non-response bias or
- a combination of these both weights above or
- different weighting procedures

are applied. Provision of a design weight is mandatory for countries using household-based sampling methods, as these require compensation for the lower selection probabilities of persons in larger households. If no weight is provided, the variable "Weight" is coded to 1.0. Otherwise, the weighting factor is unequal 1.0 (but greater than 0).

For ISSP data we strongly recommend consulting the National Study Descriptions/ National Technical Reports for information on the weighting factor compositions and maybe even the Characteristics of National Population for more national context information. An initial overview of the national weighting procedures is provided in this Variable Report in chapter 6.

#### 4.5 International documentation standard

The variable documentation is set up in accordance with the international metadata specifications for the social sciences, established by the Data Documentation Initiative <DDI>. The Variable Reports are based on the XML representation of DDI version 2. The documentation combines the exact wording and sequence of question components (question text, interviewer instruction, response categories, etc.) from the Basic Questionnaire with the variable description (variable name, values, and labels) of the data set. General remarks and comments referring to a certain variable are defined as variable notes. Notes mostly include additional information on country-specific deviations from the ISSP standard, information about data inconstancies any specific characteristics.

## 5 Guidance on variable documentation

The variable documentation part of this Variable Report describes each variable in the data file including all relevant information for this variable, such as the single question components or further notes and statistical distributions. The variable documentation is set up by means of the GESIS Dataset Documentation Manager (DSDM) and in accordance with international metadata standards (DDI-Codebook/XML). In general, the following abbreviations are used to indicate countries or (sub-national) areas. As far as applicable, the ISO 3166-1 alpha-2 country codes have been applied and coded accordingly in the alphanumeric sample identification variable "c\_alphan".

AT	Austria	JP	Japan
AU	Australia	KR	South Korea
СН	Switzerland	LT	Lithuania
CN	China	NO	Norway
DE	Germany	NZ	New Zealand
DK	Denmark	PH	Philippines
ES	Spain	RU	Russia
FI	Finland	SE	Sweden
FR	France	SI	Slovenia
HU	Hungary	SK	Slovakia
HR	Croatia	тн	Thailand
IN	India	TW	Taiwan
IS	Iceland	US	United States
IT	Italy	ZA	South Africa

The example below shows the information that appears in the variable documentation part of a Variable Report for a typical substantial variable. Results are usually broken down by country or presented as frequency counts in the case of country-specific variables. In the case of variables with long lists of coded "real" values (e.g. ISCO08/ SPISCO08) results are not shown or, if appropriate, reflected by descriptive indicators such as mean or median (e.g. AGE, country-specific variable RINC and INC). The descriptive parameters mean and/ or median are sometimes also presented, despite the fact, that an open answer scale was used (e.g. WRKHRS code 96 "96 hours or more") to give an idea of the distribution of this variable across countries.

The complete question and answer texts are taken from the final Basic Questionnaire as provided. All deviations are documented in this Variable Report.

Since there is neither an international weighting factor nor a national weighting factor which would be comparable for all participating countries, all frequencies and tables are calculated from **unweighted data**.

XX ISSP 2020 – Environment IV

Header with DIGITAL OBJECT IDENTIFIER (DOI) linked to the Study Description.

VARIABLE NAME (serial number assigned by the archive) + VARIABLE LABEL as defined in the data set.

QUESTION NUMBER and full QUESTION TEXT from the Basic Questionnaire, including interviewer instructions, if applicable. The numbers or letters that may appear together with the original question number reflect the item order or indicate if a question was asked only in a single country (country abbreviation).

CODE VALUES occurring in the data for this variable and complete ANSWER TEXT from the Basic Questionnaire. Abbreviations commonly used in the code definitions are DK (don't know), NA (no answer), NAP (not applicable) and NAV (not available).

DERIVATION information refers to the construction principle of derived variables.

NOTE delineates additional explanatory text or archive remarks on data processing and other issues relevant for the understanding or application of the variable.

CROSS-TABULATION: The absolute frequencies are based on unweighted data. The relative frequencies (row percent) refer to the valid cases (n valid sum), i.e. the total number of cases (n sum) reduced by the number of cases defined as missing data (M).

FREQUENCY COUNTS: For country-specific variables relative frequencies are calculated inand excluding missing data (M), i.e. percent on basis of all cases (sum) and valid percent on basis of the valid cases.

DESCRIPTIVE PARAMETERS: For some intervalscaled variables descriptive parameters such as minimum, maximum, and (if appropriate) median and mean are given on basis of the valid cases. ISSP 2008

Question Text (Original Language)

version - GESIS Archive version

VERSION AND RELEASE DATE OF THE DATA SET

This variable identifies the GESIS archive version number of this data set and the corresponding release date, recorded as a string.

The version number is composed of a sequence of three numbers. The major number is incremented when there are changes in the composition of the data set (e.g. additional variables or cases), the minor or second number is incremented when significant errors have been fixed (e.g. coding errors, misleading value labels), and the third or revision number is incremented when minor bugs are fixed (e.g. spelling errors in variable or value labels).

#### version

Question Text (Original Language)

#### doi - Digital Object Identifier

Digital Object Identifier (DOI)

This variable holds the Digital Object Identifier (DOI) for the data set at hand as registered via the DA|RA registration agency for economic and social science data. Each data set version (see the variable 'version') has a unique persistent DOI.

For direct access to the complete archive dissemination package for this study, including new data set versions, the DOI needs to be appended to the resolver service URL:

https://doi.org/10.4232/1.14153

In terms of good scientific practice, the DOI is an important element for the correct citation of a data set.

#### doi

Variable, Label

Question Text (Original Language)

c\_sample - Country/ Sample ISO 3166 Code (see country for codes for whole nation states)

Country/ Sample (see the variable 'country' for codes for whole nation states).

To indicate the subsamples within the ISSP countries a code on the basis of ISO 3166 was constructed. For all countries without subsamples the three digit ISO 3166 Code (as in the variable 'country') was used.

For those with subsamples a five digit numeric code is used. The first three-digits are based on the original ISO code and indicate the country. The following two-digit numeric appendices (01, 02) indicate the subsamples.

- 36 AU-Australia
- 40 AT-Austria
- 156 CN-China
- 158 TW-Taiwan
- 191 HR-Croatia
- 208 DK-Denmark
- 246 FI-Finland
- 250 FR-France
- 348 HU-Hungary
- 352 IS-Iceland
- 356 IN-India
- 380 IT-Italy
- 392 JP-Japan
- 410 KR-Korea (South)
- 440 LT-Lithuania
- 554 NZ-New Zealand
- 578 NO-Norway
- 608 PH-Philippines
- 643 RU-Russia
- 703 SK-Slovakia
- 705 SI-Slovenia

Question Text (Original Language)

c\_alphan - Country/ Sample Prefix ISO 3166 Code - alphanumeric

Sample Prefix ISO 3166 Code - Alphanumeric

ISO 3166 Country/ Sample Prefix

This alphanumerical country sample identification variable c\_alphan includes country codes that are based on ISO 3166.

All countries are coded in accordance with the ISO 3166-1-alpha-2 country code, if available.

For examining subsamples from Germany (East/ West) the variable 'c\_sample' can be used as a flag variable.

This alphanumerical sample identification variable c\_alphan is used for the tables shown in the Variable Report:

- AT = Austria
- AU = Australia
- CH = Switzerland
- CN = China
- DE = Germany
- DK = Denmark
- ES = Spain
- FI = Finland
- FR = France
- HR = Croatia
- HU = Hungary
- IN = India
- IS = Iceland
- IT = Italy
- JP = Japan
- KR = Korea (South)
- LT = Lithuania
- NO = Norway
- NZ = New Zealand
- PH = Philippines
- RU = Russia
- SE = Sweden
- SI = Slovenia
- SK = Slovakia
- TH = Thailand TW = Taiwan
- US = United Stated
- ZA = South Africa

Question Text (Original Language)

## v1 - Q1a Most important issue for [R's COUNTRY] today?

#### Q1a

Which of these issues is the most important for [COUNTRY] today? (Please tick one box only.)

- -9 No answer
- -8 Can't choose
- 1 Health care
- 2 Education
- 3 Crime
- 4 The environment
- 5 Immigration
- 6 The economy
- 7 Terrorism
- 8 Poverty
- 9 None of these

#### Note:

< Translation note by the Drafting Group: Answer option 6 'The economy' should capture all aspects of the economy rather than single issues such as unemployment or inflation.>

Question Text (Original Language)

### v2 - Q1b Next most important issue for [R's COUNTRY] today?

[Q1a

Which of these issues is the most important for [COUNTRY] today?]

Q1b

Which is the next most important?

(Please tick one box only.)

- -9 No answer
- -8 Can't choose
- -7 Wrong answer behaviour
- 1 Health care
- 2 Education
- 3 Crime
- 4 The environment
- 5 Immigration
- 6 The economy
- 7 Terrorism
- 8 Poverty
- 9 None of these

#### Note:

<Translation note by the Drafting Group: Answer option 6 'The economy' should capture all aspects of the economy rather than single issues such as unemployment or inflation.>

For some countries, double mentions for v1 and v2 were found during data preparation. Depending on the mode of data collection used, this was possible, even if not intended. However, if the number of such cases for a country was around one per cent of the national sample, these were recoded to -9 'No answer' in v2 during data preparation. If the number of such cases was higher, these cases were recoded to -7 'Wrong answer behaviour' in v2. The answers 'None of these' (code 9) and 'Can't choose' (code -8) were excluded from this procedure in the case of same answers for v1 and v2.

## Variable, Label

Question Text (Original Language)

## v3 - Q2a Solve economic problems: private enterprise

### Q2

How much do you agree or disagree with each of these statements?

(Please tick one box on each line.)

#### Q2a

Private enterprise is the best way to solve [COUNTRY'S] economic problems.

- -9 No answer
- -8 Can't choose
- 1 Agree strongly
- 2 Agree
- 3 Neither agree nor disagree
- 4 Disagree
- 5 Disagree strongly

#### Note:

/ CN: A reversed answer scale was used; answers have been recoded before the data deposit to meet the ISSP standard.

Question Text (Original Language)

### v9 - Q3b Next highest priority in [R's COUNTRY]?

#### [Q3a

Looking at the list below, please tick a box next to the one thing you think should be [COUNTRY'S] highest priority, the most important thing it should do.]

#### Q3b

And which one do you think should be [COUNTRY'S] next highest priority, the SECOND most important thing it should do? (Please tick one box only.)

[COUNTRY] should...

- -9 No answer
- -8 Can't choose
- -7 Wrong answer behaviour
- 1 Maintain order in the nation
- 2 Give people more say in government decisions
- 3 Fight rising prices
- 4 Protect freedom of speech

#### Note:

For some countries, double mentions for v8 and v9 were found during data preparation. Depending on the mode of data collection used, this was possible, even if not intended. However, if the number of such cases for a country was around one per cent of the national sample, these were recoded to -9 'No answer' in v9 during data preparation. If the number of such cases was higher, these cases were recoded to -7 'Wrong answer behaviour' in v9. The answer 'Can't choose' (code -8) was excluded from this procedure in the case of same answers for v8 and v9.

Question Text (Original Language)

## v10 - Q4 Amount of trust in most people

#### Q4

Generally speaking, would you say that most people can be trusted, or that you can't be too careful in dealing with people? Please tick one box to show what you think, where 1 means you can't be too careful and 5 means most people can be trusted. (Please tick one box only.)

- -9 No answer
- -8 Can't choose
- -1 Not available: CN (Answer scale and direction of scale differ from ISSP standard)
- 1 1 You can't be too careful
- 2 2
- 3 3
- 4 4
- 5 5 Most people can be trusted

#### Note:

/ CN: The data from China are not comparable with the data from the other countries, as China used a reversed answer scale in Q4 with only four response options. For China's data, see CN\_v10.

Question Text (Original Language)

### CN\_v10 - Q4 - China - Amount of trust in most people

#### Q4

Generally speaking, would you say that most people can be trusted, or that you can't be too careful in dealing with people? Please tick one box to show what you think, where 1 means you can't be too careful and 5 means most people can be trusted. (Please tick one box only.)

- -9 No answer
- -8 Can't choose
- -1 Not available: all other countries
- 1 People can almost always be trusted
- 2 People can often be trusted
- 3 You often have to treat people with caution
- 4 You almost always have to treat people with caution

#### Note:

/ CN: China used a reversed answer scale in Q4 with only four response options. Data from China were not merged into v10. An extra variable was created (CN\_v10).

Question Text (Original Language)

### v15 - Q6 How concerned in environmental issues?

#### Q6

Generally speaking, how concerned are you about environmental issues?

Please tick one box below to indicate what you think, where 1 means you are not at all concerned and 5 means you are very concerned. (Please tick one box only.)

- -9 No answer
- -8 Can't choose
- 1 1 Not at all concerned
- 2 2
- 3 3
- 4 4
- 5 5 Very concerned

#### Note:

< Translation note by the Drafting Group: By 'concerned about' we mean being worried about environmental issues. 'Concern' should not imply involvement with environmental pressure groups.>

Question Text (Original Language)

#### v16 - Q7 Most important environmental problem for [COUNTRY] as a whole?

#### Q7

Here is a list of some different environmental problems.

Which problem, if any, do you think is the most important for [COUNTRY] as a whole?

(Please tick one box only.)

- -9 No answer
- -8 Can't choose
- 1 Air pollution
- 2 Chemicals and pesticides
- 3 Water shortage
- 4 Water pollution
- 5 Nuclear waste
- 6 Domestic waste disposal
- 7 Climate change
- 8 Genetically modified foods
- 9 Using up our natural resources
- 10 None of these

#### Note:

- < Translation note by the Drafting Group: Answer option 6 Domestic waste disposal means disposal of household waste/ garbage: adjust wording to national language.>
- <Translation note by the Drafting Group: Answer option 9 'Natural resources' can include both non-renewable sources such as coal or oil as well as other natural resources such as wood or water.>

Question Text (Original Language)

#### v17 - Q8 Opinion on climate change and potential causes?

Q8

There has been a lot of discussion about the world's climate and the idea it has been changing in recent decades. Which of the following statements comes closest to your opinion?

(Please tick one box only.)

(IF CODE 1: GO TO Q10)

(IF CODE 2-4,-8: GO TO Q9a)

- -9 No answer
- -8 Can't choose
- 1 The world's climate has not been changing
- 2 The world's climate has been changing mostly due to natural processes
- 3 The world's climate has been changing about equally due to natural processes and human activity
- 4 The world's climate has been changing mostly due to human activity

Question Text (Original Language)

#### v18 - Q9a Assessment of impacts on climate change for world?

Q9a

IF NOT CODE 1 IN Q8 'THE WORLD'S CLIMATE HAS NOT BEEN CHANGING'

On a scale from 0 to 10, how bad or good do you think the impacts of climate change will be for the WORLD as a whole?

0 means extremely bad, 10 means extremely good.

(Please tick one box only.)

- -9 No answer
- -8 Can't choose
- -4 NAP (Code 1 in v17)
- 0 0 Extremely bad
- 1 1
- 2 2
- 3 3
- 4 4
- 5 5
- 6 6
- 7 7
- 8 8
- 9 9
- 10 10 Extremely good

Question Text (Original Language)

## v20 - Q10a Science will solve environmental problems

#### Q10

How much do you agree or disagree with each of these statements?

(Please tick one box on each line.)

#### Q10a

Modern science will solve our environmental problems with little change to our way of life.

- -9 No answer
- -8 Can't choose
- 1 Agree strongly
- 2 Agree
- 3 Neither agree nor disagree
- 4 Disagree
- 5 Disagree strongly

Question Text (Original Language)

v29 - Q11d Protect environment: accept reduction of protected nature areas for economic development

#### Q11d

How willing would you be to accept a reduction in the size of [COUNTRY's] protected nature areas, in order to open them up for economic development?

(Please tick one box only.)

- -9 No answer
- -8 Can't choose
- 1 Very willing
- 2 Fairly willing
- 3 Neither willing nor unwilling
- 4 Fairly unwilling
- 5 Very unwilling

#### Note:

<Translation note by the Drafting Group: Protected nature areas include parks and wildlife sanctuaries. Economic development refers to mining, farming, forestry, other sorts of resource extraction, house-building, road construction, or any other form of economic development that substantially transforms the land.>

Question Text (Original Language)

#### v32 - Q12c There are more important things than protect environment

#### Q12

How much do you agree or disagree with each of these statements? (Please tick one box on each line.)

#### Q12c

There are more important things to do in life than protect the environment.

- -9 No answer
- -8 Can't choose
- 1 Agree strongly
- 2 Agree
- 3 Neither agree nor disagree
- 4 Disagree
- 5 Disagree strongly

#### Note:

< Translation note by the Drafting Group: This is an idiom which means in British English that the person has higher priorities in life than environmentally friendly behaviour.>

## v35 - Q12f Hard to know whether the way I live is helpful or harmful to the environment

### Q12

How much do you agree or disagree with each of these statements?

(Please tick one box on each line.)

### Q12f

I find it hard to know whether the way I live is helpful or harmful to the environment.

- -9 No answer
- -8 Can't choose
- 1 Agree strongly
- 2 Agree
- 3 Neither agree nor disagree
- 4 Disagree
- 5 Disagree strongly

### Note:

/ CN: A reversed answer scale was used; answers have been recoded before the data deposit to meet the ISSP standard.

## v39 - Q13c Pesticides used in farming are (dangerous/ not dangerous) for environment

### Q13c

And do you think that pesticides and chemicals used in farming are  $\dots$ 

(Please tick one box only.)

- -9 No answer
- -8 Can't choose
- 1 Extremely dangerous for the environment
- 2 Very dangerous
- 3 Somewhat dangerous
- 4 Not very dangerous
- 5 Not dangerous at all for the environment

Question Text (Original Language)

### v41 - Q13e A rise in world's temperature is (dangerous/ not dangerous) for environment

### Q13e

In general, do you think that a rise in the world's temperature caused by climate change is  $\dots$  (Please tick one box only.)

- -9 No answer
- -8 Can't choose
- 1 Extremely dangerous for the environment
- 2 Very dangerous
- 3 Somewhat dangerous
- 4 Not very dangerous
- 5 Not dangerous at all for the environment

#### Note:

<Translation note by the Drafting Group: In a change from Environment I (ISSP 1993)/Environment II (ISSP 2000) this question now talks about 'climate change' rather than the greenhouse effect/ global warming. All countries should translate this question to refer to 'climate change' (or the nearest equivalent) even if they previously used a different term.>

### v44 - Q14a Best way: getting business and industry to protect environment

### Q14a

Which of these approaches do you think would be the best way of getting business and industry in [COUNTRY] to protect the environment? (Please tick one box only.)

- -9 No answer
- -8 Can't choose
- 1 Heavy fines for businesses that damage the environment
- 2 Use the tax system to reward businesses that protect the environment
- 3 More information and education for businesses about the advantages of protecting the environment

#### Note:

<Translation note by the Drafting Group: 'Business and industry' refers to large-scale business and industry, but avoid using the adjective in the translation.>

In the last twelve months, how many trips did you make by plane?

Variable, Label	
Question Text (Original Language)	
v48 - Q17a Last 12 months: number of trips by plane?	

Count outward and return journeys, including transfers, as one trip.
\_\_\_\_\_\_ trips

- -9 No answer
- -8 Don't know
- 0 No trips

Q17a

1000 1000 trips

### Note:

/ AU: Answer option 'Don't know' was not offered in the Australian questionnaire.

/ US: 'Don't know' was not made available to respondents on this item, only skipping the item, which conflates both 'Don't know' and 'No answer'.

Question Text (Original Language)

v49 - Q17b Typical week: number of hours spend in car/ another motor vehicle?

#### Q17b

In a typical week, about how many hours do you spend in a car or another motor vehicle, including motorcycles, trucks, and vans, but not counting public transport?

Do not include shared rides in buses, minibuses, and collective taxis.

\_\_\_\_\_ hours

- -9 No answer
- -8 Don't know
- -1 Not available (SI)
- 0 No hour
- 1 One hour a week incl. one hour or less (but more than 0)

168 168 hours a week

#### Note:

When preparing the data, any numbers with decimal places were rounded to even numbers. Numbers greater than 0 and up to under 1.5 were (re)coded to code 1 '1 hour a week incl. one hour or less (but more than 0 hours)'.

/ AU: Answer option 'Don't know' was not offered in the Australian questionnaire.

/ SI: The data from Slovenia are not comparable with the data from the other countries, as Q17b in Slovenia mistakenly asked for hours in a typical WEEKDAY instead of hours in a typical week. For Slovenia's data, see SI\_v49.

/ US: 'Don't know' was not made available to respondents on this item, only skipping the item, which conflates both 'Don't know' and 'No answer'.

Question Text (Original Language)

SI\_v49 - Q17b - Slovenia - Typical day: number of hours spend in car/ another motor vehicle?

### Q17b

In a typical WEEKDAY, about how many hours do you spend in a car or another motor vehicle, including motorcycles, trucks, and vans, but not counting public transport?

Do not include shared rides in buses, minibuses, and collective taxis.

- -9 No answer
- -8 Don't know
- -1 Not available: all other countries
- 0 No hour
- 1 One hour a day incl. one hour or less (but more than 0)
- 20 Twenty hours a day

### Note:

/ SI: In Slovenia, the question mistakenly asked for hours in a typical WEEKDAY instead of hours in a typical week. Data from Slovenia were not merged into v49. An extra variable was created (SI\_v49).

Question Text (Original Language)

v50 - Q17c Typical week: number of days that you eat beef/ lamb?

### Q17c

In a typical week, on how many days do you eat beef, lamb, or products that contain them?

- -9 No answer
- -8 Can't choose
- -4 IN: NAP (vegetarian)
- -1 Not available (DK)
- 0 0
- 1 1
- 2 2
- 3 3
- 4 4
- 5 5
- 6 6
- 7 7

### Note:

/ DK: No data are available for Denmark, as this question was overlooked in the translation phase.

/ IN: Code -4 'NAP' was added for India, as the proportion of vegetarians in India is estimated at about 40 %.

Question Text (Original Language)

### v51 - Q18 Number of rooms in your home?

### Q18

How many rooms are there in your home (apartment or house)?

Do not count any separate kitchens, bathrooms, garages, balconies, hallways or cupboards.

\_\_\_\_ rooms

- -9 No answer
- -8 Don't know
- 1 One room
- 30 Thirty rooms

#### Note:

/ AU: Answer option 'Don't know' was not offered in the Australian questionnaire.

/ CH: Several respondents answered with additional ½ rooms (as we usually denominate the apartment in adding this half room for the kitchen and because the respondents likely did not read the question until the end). The answers were rounded at the complete number of rooms.

/ FR: According to statistical information, the proportion of 1 to 2-rooms is 18%.

/ NO: 'Don't know' option was not inlcuded in the questionnaire. Compared to statistical information, it looks like the reported numbers of rooms per home are too high on average. One possible reason for this could be that some respondents overlooked the hint that bathrooms and kitchens should not be taken into account.

/ US: 'Don't know' was not made available to respondents on this item, only skipping the item, which conflates both 'Don't know' and 'No answer'.

Question Text (Original Language)

## v52 - Q19a How often effort to sort glass and so on for recycling?

### Q19a

How often do you make a special effort to sort glass or tins or plastic or newspapers and so on for recycling? (Please tick one box only.)

- -9 No answer; AT: Can't choose
- -4 Recycling not available where I live
- 1 Always
- 2 Often
- 3 Sometimes
- 4 Never

### Note:

/ AT: The answer option 'Recycling not available where I live' was not offered in the questionnaire.

/ SK: The answer option 'Recycling not available where I live' was not provided, since everybody can recycle at least some of the items mentioned in the question. Moreover, since 2022 (while still in the field with the survey) a mandatory 'pfand' system has been introduced for all plastic bottles.

Question Text (Original Language)

## v58 - Q22a Last 12 months, neighbourhood how much affected by: air pollution

Q22

Thinking about your neighbourhood, to what extent, if at all, was it affected by the following things over the last twelve months? (Please tick one box only.)

Q22a

Air Pollution

- -9 No answer
- -8 Can't choose
- 1 Not at all
- 2 To a small extent
- 3 To some extent
- 4 To a great extent
- 5 To a very great extent

### Note:

< Translation note by the Drafting Group: By 'neighbourhood' we mean the part of the town/city the respondent live in. If he/she lives in a village, this can be taken as his/her 'neighbourhood'. 'Affected' refers to the impact on the neighbourhood.'

Question Text (Original Language)

v60 - Q22c Last 12 months, neighbourhood how much affected by: extreme weather events

### Q22

Thinking about your neighbourhood, to what extent, if at all, was it affected by the following things over the last twelve months? (Please tick one box only.)

### Q22c

Extreme weather events (such as severe storms, droughts, floods, heat waves, cold snaps, etc.)

- -9 No answer
- -8 Can't choose
- 1 Not at all
- 2 To a small extent
- 3 To some extent
- 4 To a great extent
- 5 To a very great extent

### Note:

< Translation note by the Drafting Group: By 'neighbourhood' we mean the part of the town/city the respondent live in. If he/she lives in a village, this can be taken as his/her 'neighbourhood'. 'Affected' refers to the impact on the neighbourhood.'

Question Text (Original Language)
BIRTH - Year of birth
BVQ_02. BIRTH
When were you born?
(Please, write in the year of your birth, use four digits for the year.)
COMMENT ON BIRTH: BIRTH can be asked as an alternative to asking about AGE; the ISSP prefers BIRTH being asked. If BIRTH is not asked, it must be
computed by DATEYR 'year of interview' minus AGE 'age of respondent'.
AT: When were you born? Please tell me your year of birth:
AU: When were you born?
CH: In which year were you born? Please, write in the year of your birth (four digits, e.g. 1947). Year:
CN: When is your birthday?
DE: Please enter the month and the year of your birth: Month Year
DK: When were you born?
ES: What year were you born?
FI: What year were you born? Year
FR: Can you tell us your year of birth?
HR: Age of respondent (Please enter the year of respondent's birth).
HU: Year of birth:
IN: When were you born? (Please, write in the year of your birth (use four digits for the year).
IS: When were you born?
IT: Year of birth.
JP: Year of Birth/ Circle the appropriate figure and indicate your year of birth.
KR: Computed: BIRTH = DATEYR - AGE.
LT: Computed: BIRTH = DATEYR - AGE.
NO: When were you born? Write in year:
NZ: Please indicate the year in which you were born:
PH: When were you born?
RU: Year of birth.
SE: Info taken from national register, not asked in survey.
SI: When were you born? Please, tell us just year of birth.
SK: In which year were you born, please?
TH: Year of birth - B.E. (Please ask year of birth or ask about the age and then calculate year of birth).
TW: When were you born? R.O.C Year, Month.
US: What is your date of birth?
ZA: Computed: BIRTH = DATEYR - AGE.
-9 No answer
1918 1918
1932 1932; US: 1932 or earlier

### 2006 2006

#### Note:

/ DE: The German ISSP 2020 was fielded as mail survey. All instructions reported in this documentation are not directed to the interviewer but to the respondent.

/ DK: The drop-down list for years runs from 1940 and 2002 since the lower age cut-off was 18 and the upper age cut-off was 79 years of age.

/ FI: The lower age cut-off was 15 and the upper age cut-off was 74 years of age.

/ FR: No option of non-response. BIRTH resp. AGE is included in weighting procedure.

/ IS: Year of birth is one of the variables that come with the sample list from the National Registry of Iceland. The sample information was used for those who did not give an answer about their year of birth. Therefore, there are no missing answers in the dataset.

/ JP: Respondents were asked to indicate the era in which they were born and then the year within the era (F2G - Era: 1 Meiji, 2 Taisho, 3 Showa, 4 Heisei; F2N - Year: Meiji 1-45=1868-1912, Taisho 1-15=1912-1926, Showa 1-64=1926-1989, Heisei 1-31=1989-2019).

/ JP: Respondent's sex can be known also from the sampling frame.

/ TH: Data is computed from B.E. to A.D. by minus 543 (fieldwork year is 2564 B.E. which correspondes to 2021 A.D.).

/ TW: R.O.C. year = A.D. year-1911, example A.D. 2020-1911 = R.O.C. year 109.

Question Text (Original Language)

### AGE - Age of respondent

BVQ\_02a. AGE

What was your age at your last birthday, in full years?

COMMENT ON AGE: AGE can be asked as an alternative to asking about BIRTH; the ISSP prefers BIRTH being asekd. If AGE is not asked directly, it must be computed by DATEYR 'year of the interview' minus BIRTH 'year of birth'.

- AT: Computed: AGE = DATEYR BIRTH.
- AU: Computed: AGE = DATEYR BIRTH.
- CH: Computed: AGE = DATEYR BIRTH.
- CN: Computed: AGE = DATEYR BIRTH.
- DE: Computed: AGE = Date of interview (year and month) birthday (year and month).
- DK: Computed: AGE = DATEYR BIRTH.
- ES: Computed: AGE = DATEYR BIRTH.
- FI: Computed: AGE = DATEYR BIRTH.
- FR: Computed: AGE = DATEYR BIRTH.
- HR: Computed: AGE = DATEYR BIRTH.
- HU: Computed AGE=DATEYR BIRTH.
- IN: Computed: AGE = DATEYR BIRTH.
- IS: Computed: AGE = DATEYR BIRTH.
- IT: Computed: AGE = DATEYR BIRTH.
- JP: Computed: AGE = DATEYR BIRTH (based on Era and Year in Era).
- KR: How old is [person]?
- LT: What was your age at your last birthday, in full years?
- NO: Computed: AGE = DATEYR BIRTH.
- NZ: Computed: AGE = DATEYR BIRTH.
- PH: What was your age at your last birthday, in full years?
- RU: How old are you?
- SE: Computed: AGE = DATEYR BIRTH.
- SI: Computed: AGE = DATEYR BIRTH.
- SK: Computed: AGE = DATEYR BIRTH.
- TH: How old are you? Write age \_ \_ (Please ask about the age or calculate from year of birth B.E.).
- TW: Derived from date of birth (R.O.C. year).
- US: Computed: AGE = DATEYR BIRTH.
- ZA: Age of respondent in completed years (copy from contact sheet).
- -9 No answer
- 15 15 years old
- 89 89 years old; US: 89 years or more
- 103 103 years old

### Note:

/ DK: The lower age cut-off was 18 and the upper age cut-off was 79 years of age.

/ IS: The data collection lasted from the year 2020 to 2021 the variable AGE was recoded accordingly.

/ KR: Derived from household roster.

/ TH: Data for year of birth is computed from B.E. to A.D. by minus 543.

/ US: For respondents for whom DATEYR is unknown (code -9 in DATEYR), AGE is calculated as AGE=2021-BIRTH.

### AGE

Question Text (Original Language)

EDUCYRS - Years of full-time schooling

BVQ\_03. EDUCYRS

How many years (full-time equivalent) have you been in formal education?

Include all primary and secondary schooling, university and other post-secondary education, and full-time vocational training, but do not include repeated years.

If you are currently in education, count the number of years you have completed so far.

(Please enter number of years or tick a box as applicable.)

AT: Not asked; derived from AT ISCD.

AU: How many full years of schooling or education have you had? Please include primary and secondary schooling, university and full-time vocational training, but do not include repeated years. If you are currently in education count the number of years you have completed so far. CH: Derived from 'How many years of full-time education have you completed since the first year of primary school? Please do not include the years of apprenticeship or repeated years.' and 'And if so, how many years of apprenticeship have you completed, not counting any repeated years?'. CN: Not asked. Derived from 'What is your highest educational level currently?'.

DE: How many full years of schooling or education have you had in total, including primary and secondary schooling, university and full-time vocational training at school, but not including in-firm training. If you have ever repeated a year, please do NOT include these years. If you are currently at school or university, please count the number of years you have already completed at school or university. Please do NOT enter your age.

DK: How many years of full time schooling do you have? (This includes both elementary school, upper secondary educations including common gymnasium, HF, HHX, HTX, HH and HG as well as vocational education and higher education. This does not include traineeship, vocational training and the like. If you are in training, count the number of years that you have completed so far).

ES: What is the highest level of education you have completed, obtaining the corresponding official qualification? How many years were you in school or taking official courses? Please, write down the total number of years you have done primary, secondary, university or vocational studies, without counting any grade repetition. If you are currently studying, please write down the number of years you have studied so far (counting from the start of primary education).

FI: How many years have you gone to school or studied altogether? Include primary education, lower secondary education, general upper secondary education, all full-time education aiming at a vocational qualification and higher education. If you are still at school or studying, please provide the number of full years of schooling or education you have had so far.

FR: Derived from 'How old were you when you stopped your studies? Please enter the number 0 below if you have never been to school. If you are still in training, indicate your current age.'

HR: How many years of formal education do you have? Enter the numer of years (if education is completed): \_\_\_\_/ Still in (high) school or at college or university -> Number of years completed so far: \_\_\_\_/ Was never included in formal schooling

HU: Not asked; derived from 'What is your highest level of education completed?' and 'Are you currently working / retired?'.

IN: How many years (full-time equivalent) have you been in formal education? Include all primary and secondary schooling, university and other post-secondary education, and full-time vocational training, but do not include repeated years. If you are currently in education, count the number of years you have completed so far.

IS: How many years (full-time equivalent) have you been in formal education? Include all primary and secondary schooling, university and other post-secondary education, and full-time vocational training, but do not include repeated years. If you are currently in education, count the number of years you have completed so far.

IT: On the whole, how many years have you been in full-time formal education? Include education years from primary schooling up until university and other post-secondary education. (If you are currently in education, please count the number of years you have completed so far.)

JP: How many years of education did you receive from the time you entered elementary school to the time you graduated or left your final place of education? Do not include any time spent at 'cram schools', higher vocational schools or schools in the miscellaneous category.

KR: Derived from 'What is the highest level of school you have attended?' and '(If attended formal school) Did you graduate from this school, or are you currently attending?' and '(If dropped out) In what grade did you drop out?' and '(If currently attending school) What grade are you in?'.

LT: How many full years of schooling or education have you had? Please indicate how many years of schooling or education in primary, secondary, vocational or gymnasium school, college, university or institute you have completed. If you repeated a school year or course several times, count only the first year. If you are currently in education, count the number of years you have completed so far. If you had part-time education, please count how many years of full-time education it would be equivalent to.

NO: How many years (full-time equivalent) have you been in formal education? Please include all schooling and education, including compulsory school and apprenticeship. Please write number of years: \_\_\_\_\_

NZ: For how many years have you been in formal education in your life (including primary school)?

PH: How many years (full-time equivalent) have you been in formal education? Include all primary and secondary schooling, university and other post-secondary education, and full-time vocational training, but do not include repeated years. If you are currently in education, count the number of years you have completed so far.

RU: How many years (full-time equivalent) have you been in formal education? Include all primary and secondary schooling, university and other post-secondary education, and full-time vocational training, but do not include repeated years. If you are currently in education, count the number of years you have completed so far.

SE: How many years of full-time education have you had? Include primary school, and, if applicable, gymnasium and college/ university education. If you are currently in education, count the number of years you have completed so far.

SI: How long did your schooling last? Consider all types of schooling from primary school to university, including professional education, training period, but do not count class repetitions.

SK: How long have you been in education so far? Please count all years of full time schooling even if you did not finish the school. Don't forget to count elementary school. Don't count repeated years. Don't count evening or part-time study. Don't include time spent on professional training or requalification. If you still study, please state the years of study finished so far.

TH: Write the number of education years \_\_\_\_\_ years (how many years of full-time formal schooling - or equivalent - including primary school, secondary school, vocational school, university, and full-time training, but not include repeated years; if currently in education, count number of years completed so far).

TW: How many years of school education have you had since Grade 1 in elementary school?

US: Derived from 'What is the highest grade in elementary school or high school that you finished and got credit for?' and 'Did you ever complete one or more years of college for credit - not including schooling such as business college, technical or vocational school?' and (If Yes) 'How many years did you complete?'

ZA: Derived from 'What is the highest level of education you have ever completed?'

- -9 No answer
- -8 Don't know
- 0 No formal schooling, no years at school
- 1 1 year
- 20 20 years; US: 20 or more years
- 78 78 years

### Note:

/ CH: EDUCYRS is asked in two steps, because the fact that a majority of the Swiss population does an apprenticeship has to be considered. Apprenticeship can be done as dual education (in enterprise and school) as well as in fulltime schools. It is important to avoid its inclusion in the first question. It is asked separately in the second question. EDUCYRS is then computed by adding the numbers of years of the two questions. A significant number of respondents, however, gave no answer to the first question, but answered to the second. As the most frequent compulsory schooling are 9 years, a correction was made for reintroducing those cases on the variable EDUCYRS.

/ DK: Replies with more than 50 years were recoded to missing value -9 'No answer'.

/ ES: This seems to be a difficult question in self-completion mode, there is a higher percentage of no answer compared to face to face mode used in the past.

/ FR: EDUCYRS=Age at the end of education minus 6 (school starting age); if still in education (MAINSTAT=3): AGE minus 6 (school starting age).
/ IS: Please note that EDUCYRS might not include full years of education. According to the 1907 law farmer's children were supposed to be at least 2 months a year in school and children who lived in towns for 6 months a year. This difference between rural and 'urban' areas stayed for a long time and in fact stayed in some form all up until 1991. Respondents could be adding up the months they attended school and transform that into whole years since they went to school for such a short periods at a time. When adding up, they might have attended school for one or two months each semester (for the age 7/8/9 until 12/13/14). Originally, the values included decimal numbers to reflect the true situation. The values were retrospectively rounded to whole numbers following the required ISSP standard for this variable.

/ SE: Gymnasium = secondary school.

/ ZA: Although the question 'How many years of full time education have you completed?' was asked, the decision was made to rather derive the number of years for EDUCYRS from the question on the highest educational qualification (see ZA\_ISCD) due to extreme inaccuracies in this variable.

- 900 Not elsewhere classified

## Note:

/ CH: ISCED 2011 was coded on the basis of the original 23 categories of the Swiss educational attainment measurement instrument. This original measurement instrument is designed to obtain precise information about the highest level of education the respondent has successfully completed. It is suitable throughout Switzerland with its 26 cantonal educational systems, for people having completed their education outside Switzerland, and for a large span of time (the youngest respondents being 18 years old and possibly still in education, and the oldest respondents having completed their education over 80 years ago).

Question Text (Original Language)

HR\_ISCD - Country specific highest completed degree of education: Croatia

HR\_ISCD - Croatia: Country specific highest completed degree of education

Your highest level of education (schooling completed regularly or part-time).

(For respondents who are currently involved in education, mark the highest completed level.)

- -9 No answer
- -2 NAP, other countries
- 100 Primary school not completed Bez zavrsene osnovne skole
- 200 Primary school completed Zavrsena osnovna skola
- 344 General secondary school (gymnasium) completed Zavrsena gimnazija
- 353 Three years vocational school completed Zavrsena trogodisnja strukovna skola
- 354 Four years vocational school completed Zavrsena cetverogodisnja strukovna skola
- 550 Short-cycle professional study completed Zavrsena visa skola u trajanju od dvije godine, zavrsen dvogodisnji strucni studij
- 600 Undergraduate study competed Zavrsena prva razina visokog obrazovanja
- 740 Graduate study completed Zavrsena druga razina visokog obrazovanja, Zavrsen znanstveni magistarski studij
- 750 Postgraduate specialist study competed Zavrsen poslijediplomski specijalisticki studij
- 840 Postgraduate university (doctoral) study competed Zavrsen poslijediplomski doktorski studij

## Note:

/ HR: At first, respondents with 'Completed three years of vocational school' were coded with code 303 (part of adult education and not regular education). However, code 303 is not a valid code with regard to the ISCED 2011-Attainment categories. If it is to be treated as part of regular education and assigned a valid code, then code 353 is applicable, to which code they have been recoded at the end.

Question Text (Original Language)

US\_ISCD - Country specific highest completed degree of education: United States

US\_ISCD - United States: Country specific highest completed degree of education

What is the highest grade in elementary school or high school that you finished and got credit for?

(If finished 9th-12th grade or 'Don't know')

Did you ever get a high school diploma or a GED certificate?

Was that a diploma awarded by your high school at graduation at the end of 12th grade, a GED awarded after you took a test, or something else?

Did you ever complete one or more years of college for credit - not including school such as business college, technical or vocational school? (If yes)

How many years did you complete?

Do you have any college degrees?

(If yes)

What degree or degrees? If you have more than one, please select the highest degree that you have.

Variable, Label

Question Text (Original Language)

ISCED - ISCED 2011: highest completed degree of education [merged variable]

ISCED 2011 (three-digit): highest completed degree of education [merged variable]

This variable collates the information on highest completed educational qualification/ degree of respondents coded in the nat\_ISCD variables into a single variable for all countries.

Procedure: First, the highest completed educational qualification/ degree of respondents is asked country-specific (see variables AT\_ISCD-ZA\_ISCD). Then ISCED is formed from the nat\_ISCD variables, whereby the coding of the ISCED variable is identical to the coding of the nat\_ISCD variables (three-digit ISCED 2011 codes following the ISCED 2011 A classification (ISCED-A)).

For ISCED, the country-specific labels of the nat\_ISCD variables are transferred to the official ISCED 2011 standard labels of the three-digit A-codes.

In the ISSP project, ISCED 2011 codes including 'Orientation unspecified' (i.e. 560 660 760 860) are coded to the next level (500 600 700 800).

.....

AT: What is your highest completed school degree?

AU: Derived from 'What is the highest year of schooling you have completed?' and 'What is the highest educational qualification you have completed outside of school?'.

CH: What is the highest level of education that you have attained?

CN: What is your highest educational level currently?

DE: Please enter the HIGHEST general school leaving certificate which you have. Please indicate which vocational qualification or university degree you have. (IF POLYTECHNIC DEGREE OR UNIVERSITY DEGREE) What type of degree do you hold?

DK: What school education do you have? What vocational or higher education do you have beyond school education?

ES: What is the highest level of education you have completed, obtaining the corresponding official qualification?

FI: What is your education? Please choose the highest level of education attained, choose one alternative only.

FR: What is your highest level of education?

HR: Your highest level of education (schooling completed regularly or part-time). (For respondents who are currently involved in education, mark the highest completed level.)

HU: What is your highest level of education completed?

IN: What is the highest level of education that you have attained? We need to know the highest level of class/ degree that you have completed.

IS: What is the highest level of education that you have attained?

IT: What is the highest level of education that you have attained?

JP: Please indicate the last school you attended or the school you are currently attending.

KR: What is the highest level of school you have attended? (If attended formal school) Did you graduate from this school, or are you currently attending?

LT: What is the highest level of education that you successfully completed? (If vocational, please identify which kind of school it was and what the duration of the studies was.)

NO: Which general education or specialisation for studies have you completed? Please select all that apply. Which vocational education/ training have you completed? One tick only. (If you have completed education at college or university level) Which tertiary education have you achieved? One tick only.

NZ: Which one of these categories best describes your highest formal qualification?

PH: What is the highest level of education that you have attained?

RU: What is the highest level of education that you have attained?

SE: What is the highest level of education that you have attained?

SI: Name the last school that you finished, regularly or irregularly:

- SK: What is your highest achieved education level?
- TH: The highest level of education:
- TW: What is your education level? Please refer to the level of education that you are currently in or the highest level of education that you have attained, regardless of whether you have graduated or not. Have you completed your studies?
- US: What is the highest grade in elementary school or high school that you finished and got credit for? (If finished 9th-12th grade or 'Don't know')

  Did you ever get a high school diploma or a GED certificate? Was that a diploma awarded by your high school at graduation at the end of 12th
  grade, a GED awarded after you took a test, or something else? Did you ever complete one or more years of college for credit not including school
  such as business college, technical or vocational school? (If yes) How many years did you complete? Do you have any college degrees? (If yes) What
  degree or degrees? If you have more than one, please select the highest degree that you have.
- ZA: What is the highest level of education you have ever completed?

Variable, Label

Question Text (Original Language)

EDULEVEL - ISCED 2011 simplified: highest completed degree of education

ISCED 2011 simplified (one-digit): highest completed degree of education (derived from ISCED)

EDULEVEL is compiled from the variable ISCED by truncation.

Reducing ISCED to the first digit takes EDULEVEL closer to an ordinal concept of educational achievement.

- -9 No answer, not classifiable
- 0 No education, incomplete primary
- 1 Primary education
- 2 Lower secondary education
- 3 Upper secondary education
- 4 Post secondary, non-tertiary
- 5 Short-cycle tertiary
- 6 Lower tertiary, BA
- 7 Upper tertiary, MA
- 8 PhD, Post tertiary specialization

### Note:

/ NO: ISCED codes 700 and 800 were aggregated due to disclosure risks, respondents with a doctoral or equivalent degree are included in code 7 in EDULEVEL.

Question Text (Original Language)

WORK - Currently, formerly, or never in paid work

BVQ\_05. WORK

The next questions deal with your work situation.

By work we mean doing income-producing work, as an employee, self-employed or working for your own family's business, for at least one hour per week

If you temporarily are not working for pay because of temporary illness/ parental leave/ vacation/ strike, etc., please refer to your normal work situation

Are you currently working for pay, did you work for pay in the past, or have you never been in paid work?

(Please tick one box only.)

AT: Derived from 'How many hours do you usually work every week?' and (If not working) 'Have you ever been employed?'.

AU: Are you currently working for pay, did you work for pay in the past, or have you never been in paid work? (By work we mean doing income-producing work, as an employee, self-employed or working for your own family's business, for at least one hour per week. If you temporarily are not working for pay because of temporary illness/ parental leave/ strike, etc., please refer to your normal work situation.)

CH: Are you currently working for pay or did you work for pay in the past?

CN: What is your working experience or employment status?

DE: Are you currently working for pay, did you work for pay in the past, or have you never been in paid work?

DK: Are you currently employed? (Here we are thinking of main occupation: - If you are a student or a pupil with part-time or after-school job, please mark yourself as student or pupil; - Apprentices or students (with salary): Please note that there is a special response category for apprentices and students (with salary); - If you are a national pensioner or a recipient of a civil servant pension, please check these unless you work part-time or more; - Check the category housewife, home duties only if you do not belong to any of the other categories.) Have you ever been employed? ES: Are you currently in paid work or have you ever been in paid work in the past?

FI: Are you currently in paid work? Paid work is taken to include working as an employee, own-account worker, self-employed/ entrepreneur or working for your own family's business, for at least one hour a week. If you are temporarily away from paid work because of parental or other leave, unpaid leave or some similar reason, please answer according to your normal work situation.

FR: What is your current situation in relation to work? (If 'Student', 'Unemployed', Retired', Housewife or man', inactive due to disability' or in 'other situation of inactivity') Are you also employed? (If 'No') Have you ever worked, even a long time ago?

HR: Are you currently employed in paid work, have you ever been employed in paid work, or have you never been employed? (By paid work we mean work of at least one hour per week for which the respondent receives income either as an employee, self-employed or working in family business or family farm. If the respondent is currently not working in a paid job, because of sickness, maternity, vacation or strike, mark the status in relation to the normal situation.)

HU: Derived from 'Are you currently working/retired?' and 'What is/ was your (last) position or job?'

IN: Are you currently working for pay, did you work for pay in the past, or have you never been in paid work?

IS: Are you currently working for pay, did you work for pay in the past, or have you never been in paid work?

IT: The next questions concern your work situation. By work we mean doing income-producing work, as an employee, self-employed or working for your own family's business, for at least one hour per week. If you temporarily are not working for pay because of temporary illness/ parental leave/ vacation/ strike/ layoff, etc., please refer to your normal work situation. Which is your current work situation?

JP: Are you currently working for pay, for at least one hour per week?

KR: Do you have a job that provides income? (If 'No') Have you ever had a paid job?

LT: Are you currently working for pay, did you work for pay in the past, or have you never been in paid work? By work we mean doing income-producing work, as an employee, self-employed or working for your own family's business, for at least one hour per week. If you temporarily are not working for pay because of temporary illness/ parental leave/ vacation/ strike, etc., please refer to your normal work situation.

NO: Are you, or have you ever been, in paid work? (We are interested in all kinds of work, even of just a few hours a week. Work for own family's business without a fixed salary counts as paid work.)

NZ: Which one of these categories best describes your current employment status? (If Unemployed and looking for a job/ Permanently sick or disabled/ Student/ Doing housework, looking after the home, children or others/ Retired) Have you had paid work in the past?

PH: Are you currently working for pay, did you work for pay in the past, or have you never been in paid work?

RU: Do you have a paid work (including work as an employee for private persons or your own business and also maternity leave or child rearing leave)? And if no - have you ever had paid work in the past or have you never had paid work?

SE: Are you currently working for pay, did you work for pay in the past, or have you never been in paid work? By work we mean doing income-producing work, as an employee, self-employed or working for your own family's business. If you temporarily are not working for pay because of temporary illness/ parental leave/ vacation/ strike etc., please refer to your normal work situation.

SI: Are you currently in paid work, used to have paid work or never had paid work?

SK: Are you/ have you ever been working for pay? (If you are on sickness leave, on maternal leave or similar but you otherwise work or are employed - select code 1 'I am currently in paid work'. Paid work includes employed as well as self-employed (company owners, working for family company and similar) working for at least one hour a week!)

TH: The current working status: ('Work' means doing income-producing work as an employee, self-employed, or working for your own business, for at least 1 hour per week; if R temporarily not working for pay because of temporary illness/ parental leave/ vacation/ strike etc. refer to normal situation.)

TW: Including full-time and part-time work, or working for a family business, have you ever done an income-producing job?

US: Derived from 'Last week were you working full time, part time, going to school, keeping house, or what? If you were doing more than one of these last week, [CATI: give preference to smallest code number that applies/ WEB: select the one closest to the top of the list].' and (If 'Retired', 'Going to school', 'Keeping house' or 'Other') 'Did you ever work for as long as one year?'

ZA: Are you currently working for pay, did you work for pay in the past, or have you never been in paid work?

- -9 No answer
- 1 Currently in paid work,
- 2 Currently not in paid work, paid work in the past
- 3 Never had paid work

### Note:

/ DK: The first question corresponds to the one of MAINSTAT.

/ NZ: WORK is based on MAINSTAT mainly.

/ US: Respondents who answered 'Unemployed, laid off, looking for work' were not asked whether they had ever had a job. They were assigned to ISSP standard code 2 in WORK.

Question Text (Original Language)

WRKHRS - Hours worked weekly

BVQ\_06. WRKHRS

How many hours, on average, do you usually work for pay in a normal week, including overtime?

If you work for more than one employer, or if you are both employed and self-employed, please count the total number of working hours that you do

(Please write in.)

On average, I work \_\_\_\_\_ hours a week, overtime included.

AT: How many hours do you usually work every week? Additional business should be included as well. If you have more than one job, how many hours to you work altogether?

AU: How many hours, on average, do you usually work for pay in a normal week, including overtime? (If you work for more than one employer, or if you are both employed and self-employed, please count the total number of working hours that you do.)

CH: How many hours, on average, do/ did you usually work for pay in a normal week, including overtime?

CN: Did you work for more than one hour for income last week? When you were employed, how many hours did you work in a typical week, including overtime?

DE: How many hours per week do you normally work in your main job including overtime? If you are working for more than one employer or if you are both employed and self-employed, please count all working hours.

DK: How many hours do/did you normally work in a working week?

ES: Approximately how many hours do you work for pay, per week, on average, including overtime work? If you have more than one job, or if you are both employed and self-employed, count the total number of hours, including overtime.

FI: How many hours on average do you work in a week, including overtime? If you have more than one employer or if you are both employed and self-employed/entrepreneur, include all hours.

FR: How many hours do you work weekly?

HR: How many hours do you work in a normal week, including overtime?

HU: How many hours do you spend on average working a week? Please also include overtime and any part time jobs!

IN: How many hours, on average, do you usually work for pay in a normal week, including overtime? (If you work for more than one employer, or if you are both employed and self-employed, please count the total number of working hours that you do.) (Can be asked 'daily', and result multiplied by 7/6/5).

IS: How many hours, on average, do you usually work for pay in a normal week, including overtime? If you work for more than one employer, or if you are both employed and self-employed, please count the total number of working hours that you do.

IT: How many hours, on average, do you usually work for pay in a normal week, including overtime? If you work for more than one employer, or if you are both employed and self-employed, please count the total number of working hours that you do. On average, I work ... hours a week, overtime included.

JP: How many hours, on average, do you usually work for pay in a normal week, including overtime? If you have more than one job, count the total number of working hours that you do. If you temporarily are not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to your normal work situation.

KR: (If 'Currently employed') How many hours a week do you usually work?/ (If 'currently self-employed') How many hours a week do you usually work?

LT: How many hours, on average, do you usually work for pay in a normal week, including overtime? If you work for more than one employer, or if

you are both employed and self-employed, please count the total number of working hours that you do.

NO: How many hours do you normally work per week in total? (Include overtime and work at home.) Write hours per week: \_\_\_\_

NZ: How many hours do you usually work in a week?

PH: How many hours, on average, do you usually work for pay in a normal week, including overtime? If you work for more than one employer, or if you are both employed and self-employed, please count the total number of working hours that you do. If you temporarily are not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to your normal work situation.

RU: How many hours, on average, do you usually work for pay in a normal week, including overtime?

SE: How many hours, on average, do you usually work for pay in a normal week? (Please include, if any, overtime.) If you work for more than one employer, or if you are both employed and self-employed, please count the total number of working hours that you do.

SI: On an average week, how many hours do you work, including overtime?

SK: How many hours a week - including overtime - do you work on average in paid job(s)? If you have more employers, or if you work as self employed too, provide the total number of hours worked.

TH: How many hours on average do you usually work for a pay in a week? Write \_\_ hours per week (if R works for more than one employer, or is both employed and self-employed, refer to main job).

TW: Including overtime and having two or more jobs at the same time, how many hours in total do you work per week, on average?

US: (If working, full or part time) How many hours did you work last week, at all jobs?/ (If with a job, but not at work because of temporary illness, vacation, strike) How many hours a week do you usually work, at all jobs?

ZA: How many hours do/ did you normally work a week (in your main job)?

- -9 No answer
- -8 Don't know
- -4 NAP (Code 2 or 3 in WORK)
- 1 1 hour
- 89 89 hours; US: 89 hours or more
- 96 96 hours or more

#### Note:

/ DK: This question was asked also to people having worked in the past (code 2 in WORK). Their answers were removed for the ISSP variable WRKHRS.

/ IS: Originally, the values included decimal numbers. The values were retrospectively rounded to whole numbers following the required ISSP standard for this variable.

Question Text (Original Language)

EMPREL - Employment relationship

BVQ\_07. EMPREL

The next questions deal with some more details on your work situation.

If you work for more than one employer, or if you are both employed and self-employed, please refer to your MAIN job.

If you are retired or not currently working, please refer to your LAST main job.

Are/ were you an employee, self-employed, or working for your own family's business?

(Please tick or	ne box only.)		

AT: Derived from 'What is/ was your employment status?' and (If self-employed with employees) 'How many employees do/ did you have?'

AU: Are/ were you an employee, self-employed, or working for your own family's business? (If you work for more than one employer, or if you are both employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to your last main job.)

CH: Are/ were you an employee, self-employed, or working for your own family's business? (If not 'Self-employed without employees') How many people does/ did your organisation employ, yourself included?

CN: Which of the following situation is most suitable to your employment status (now/ of the last non agriculture job)? How many employees?

DE: Do/ did you work as an employee, are/ were you self-employed or do/ did you work for the own family's business? I am/ was...

DK: Are/ were you in public or private employment, self-employed or employed in your own family business?

ES: Do/ did you work as...? If you have/ had more than one job, please answer about the one for which you work/ worked the most hours. If you work/ worked the same number of hours for each job, please answer about the better paid of the two.

FI: Are/ were you...? If you have more than one employer or if you are both employed and entrepreneur/ self-employed, answer according to your main job. If you are currently not in paid work or if you are retired/ pensioner, please answer according to your last job. Own-account workers and tradespeople are counted as self-employed.

FR: EMPREL is computed from French variable WRKTYP (R: Working for private sector, public sector or self-employed) and 'If you are self-employed, how many employees are working for you?'

HR: Are (or were) you at work: an employee, self-employed without employees (liberal professions, business owners), self-employed with employees or do/ did you work in a family business/ farm? (If self-employed with employees) How many employees do you have, not including you?

HU: Derived from 'Are you currently working/ retired?' and 'What is/ was your (last) position or job?' and 'Are you employed by your own family business?' and 'How many employees/ subordinates do/ did you have?'.

IN: Are/ were you an employee, self-employed, or working for your own family's business? (If you work for more than one employer, or if you are both employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to you last main job.)

IS: Are/ were you an employee, self-employed, or working for your own family's business?

IT: Are/ were you an employee, self-employed, or working for your own family's business? If you work for more than one employer, or if you are both employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to your last main job. (By self-employed we mean also 'freelancers', 'independent professionals', and other respondents working on their own account. We consider as an employee anyone who receives a salary by someone else - even if the former is not formally an employee of the latter.)

JP: Are/ were you an employee, self-employed, or working for your own family business?

KR: (If 'Currently in paid work') Do you work for someone else? (If 'No') If not employed, are you working for the family, self-employed with no employees, or self-employed with employees? (If 'Self-employed with employees') How many employees do you employ? / (If 'Currently not in paid work, paid work in the past') What type of job did you have at that time? (If 'Self-employed with employees') How many employees did you employ? LT: Are/ were you an employee, self-employed, or working for your own family's business? If you are working in more than one job or you are both

employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to your last main job.

NO: The next questions deal with some more details about your work situation. If you work for more than one employer, or if you are both an employee and self-employed, please answer about your main job. If you are retired or not currently working, please answer about your most recent main job. Are/ were you in your main job...?

NZ: What is/ was the nature of your employment in that occupation?

PH: Are/ were you an employee, self-employed, or working for your own family's business? If you are both employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to your last main job.

RU: Derived from 'What type of enterprise, organization are you working for as the main job (or were you working for on the last main job)?' and (If own business, farm, private enterprise, business with employees) 'How many people work(ed) for you, not counting yourself, but taking into accout your family members?'.

SE: Are you an employee, self-employed, or working for your own family's business? If you are retired or not currently working, please refer to your last main job.

SI: Are/ were you employed (work for an employer), self-employed or do/ did you work for your own family's business?

SK: Are/ were you an employee or an entrepreneur, sole trader or do/ did you work for a family business?

TH: Are you an employee, self-employed or working for own family's business?

TW: Are you now/ Were you previously/ before retirement SELF-EMPLOYED or an EMPLOYEE? (If self-employed and hired others) How many employees do/ did you hire?

US: Derived from 'Are/ were you self-employed or do/ did you work for someone else?' and (If 'Self-employed') 'Do/ did you have any employees?' and (If 'Yes') 'How many employees do/ did you have?' and 'Do/ did you work in your own family business or farm?'

ZA: Are/ were you an employee, self-employed or working for your own family's business?

- -9 No answer
- -4 NAP (Code 3 in WORK)
- 1 Employee
- 2 Self-employed without employees
- 3 Self-employed with 1 to 9 employees
- 4 Self-employed with 10 employees or more
- 5 Working for own family's business
- 6 ZA: Self-employed with employees, no numbers available

#### Note:

/ CN: High number of missing values, as agricultural work is not counted as paid work and both, people who are currently working in agriculture but have never done non-agricultural work in the past just like respondents who are currently unemployed and have never done non-agricultural work in the past, were filtered out before the above question was asked. Their missing answers are included in code -9 'No answer'.

/ DK: The data generated with the question documented above was used to generate both EMPREL and TYPORG2.

/ NZ: The order of the questions in the questionnaire was MAINSTAT/ WORK, WRKHRS, ISCO08, WRKSUP, NSUP, TYPORG2, TYPORG1, EMPREL.

/ RU: EMPREL (without number of employees), TYPORG1 and TYPORG2 are derived from the same question.

/ TW: EMPREL, TYPORG1 and TYPORG2 were derived from the same question.

/ ZA: EMPREL was collected using the previous format for EMPREL that was mandatory until ISSP 2017. For self-employed respondents, the information on the number of employees can not be provided. Respondents working self-employed with employees are encoded to the extra code 6 'Self-employed with employees; no numbers available'.

Question Text (Original Language)

WRKSUP - Supervise other employees

BVQ\_08. WRKSUP

Do/ did you supervise other employees?

(Please tick one box only.)

AT: Is it or was it one of your responsibilities to guide other employees or to oversee their work?

AU: Do/ did you supervise other employees?

CH: Do/ did you supervise directly or indirectly other employees?

CN: In your (present/ last non agriculture) job, what is the situation of your administrative activity? The number of people under your management (is/ was):

DE: Do/ did you supervise other employees?

DK: (If employed/ self-employed without employees/ working, employed in own family business) Do/ did you have a managerial function?

ES: Do/ did you supervise or are/ were you responsible for the work of other people/ employees?

FI: Do you work in a supervisory position, i.e., do/ did you have subordinates?

FR: Is your current job to supervise the work of any other people?

HR: Do you supervise (or have you supervised) the work of other employees? That implies the role of leading, supervising and being responsible for the work of others.

HU: Derived from 'How many employees/ subordinates do/ did you have?'

IN: Do/did you supervise other employees?

IS: Do/ did you supervise other employees? Supervision is to be understood as a leadership function of monitoring and being responsible for the work of others.

IT: Do/ did you supervise other employees? (Supervision is to be understood as a leadership function of monitoring and being responsible for the work of others.)

JP: Do/ did you supervise other employees?

KR: (If 'Currently working') How many subordinates do you manage and supervise in your work? / (If 'Currently not in paid work, paid work in the past') Were there any subordinates you directly supervised and supervised during that job?

LT: Do/ did you supervise other employees?

NO: Does/ did your position involve supervising other employees, or deciding what tasks they are/ were to undertake?

NZ: In that occupation, do/ did you supervise, or are/ were you responsible for, the work of any other people?

PH: Do/ did you supervise other employees? If you work for more than one employer, or if you are both employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to your last main job.

RU: Do/ did you supervise other employees?

SE: Do you supervise other employees? 1) Yes - How many employees?/ 2) No. If you are retired or not currently working, please refer to your last main job.

SI: Do you supervise now or have you ever before supervised someone at work?

SK: In your main job, do/ did you have any subordinates or are/ were you responsible for the work of others?

TH: Do you supervise/ Have you ever supervised other employees? ('Supervision' is to be understood as a leadership function of monitoring and being responsible for the work of others.)

TW: Derived from 'How many employees do you manage now/ did you manage previously/ before retirement? (If no management employee, please fill in 0)'.

US: (If currently in paid work) In your job, do you supervise anyone who is directly responsible to you? (Or: In your (spouse's/ partner's) job, does (he/

she) supervise anyone who is directly responsible to (him/ her)?

ZA: Do/ did you supervise the work of any other people?

- -9 No answer
- -4 NAP (Code 3 in WORK; US: Code 2, 3 in WORK)
- 1 Yes
- 2 No

#### Note:

/ CH: As self-employed without employees (EMPREL code 2) were filtered, they are recoded on category 2 in WRKSUP (no supervision).

/ CN: High number of missing values, as agricultural work is not counted as paid work and both, people who are currently working in agriculture but have never done non-agricultural work in the past just like respondents who are currently unemployed and have never done non-agricultural work in the past, were filtered out before the above question was asked. Their missing answers are included in code -9 'No answer'.

/ DK: Respondents working self-employed with employees were not asked about having a managerial function. Instead they were encoded to code 1 'YES' in WRKSUP from the Danish ISSP team.

/ FR: Respondents working for their own family's business were not asked if they supervise anyone.

/ HU: The question was not addressed to all professional groups, this could be the reason why the number of respondents with a supervising function is lower in Hungary than in the other countries.

/ NZ: The order of the questions in the questionnaire was MAINSTAT/ WORK, WRKHRS, ISCO08, WRKSUP, NSUP, TYPORG1, EMPREL.

/ US: The quesiton on WRKSUP is only asked if the respondent is currently working. If that is not the case, the question on SPWRKSUP is asked instead (see SPWRKSUP), provided the spouse/ partner is currently working and the respondent is married and/ or living with the partner.

/ KR: NSUP was not asked of respondents with supervising function 'Currently not in paid work, but paid work in the past' (WORK=2, WRKSUP=1), their missing answers were added to the NAP code -4 in NSUP.

/ NZ: The order of the questions in the questionnaire was MAINSTAT/ WORK, WRKHRS, ISCO08, WRKSUP, NSUP, TYPORG2, TYPORG1, EMPREL.

/ SE: NSUP was part of the previous question about WRKSUP, in connection with the answer 'Yes'.

Variable, Label

Question Text (Original Language)

TYPORG1 - Type of organisation, for-profit/ non-profit

BVQ\_10. TYPORG1

Do/ did you work for a for-profit organisation or for a non-profit organisation?

(Please tick one box only.)

COMMENT ON TYPORG1: TYPORG1 deals with the main goal of the organisation the respondent is working for. 'For-profit' refers to material profit, understood as a gain for the benefit of the owners of the business. Organisations which generate revenue, but use this to subsidise a designated organisational purpose other than the owners' profit, are counted as non-profit organisations. Thus, economic activities of charitable, scientific, political, or environmental organisations, etc. should not be understood as for-profit economic activities. State-owned companies or collectively owned organisations such as cooperatives will in contrast often be for-profit organisations - if the main goal is material profit.

AT: Not asked.

AU: Do/ did you work for a for-profit organisation or for a non-profit organisation?

CH: Do/ did you work for a for-profit organisation or a non-profit organisation?

CN: What is the type of the work unit (or company) with which you are affiliated (now/ of your last non agriculture job)?

DE: Do/ did you work for a for-profit organisation or for a non-profit organisation?

DK: Is/ was the purpose of the business you work/ worked in to generate a financial profit, or is it a 'non-profit' business/ organization?

ES: In which type of organisation/ company do you work/ were you employed? If you have/ had more than one job, please answer about the one for which you work/ worked the most hours. If you work/ worked the same number of hours for each job, please answer about the better paid of the two.

FI: Do/ did you work for a for-profit enterprise or for a non-profit organisation?

FR: TYPORG1 is computed from French variable WRKTYP (R: Working for private sector, public sector or self-employed).

HR: Do you work (or have you worked) in an organization whose basic activity you would describe as: Profit (realization of financial profit and profit for the owners)/ Non-profit (Profit designation is NOT related to the current economic situation and business success of an organization. Examples of profit organizations are those working as a private company, but also those working as a public enterprise that generates income to the owners (HEP, the Croatian forest ...). An example of non-profit organization would be teachers and doctors in the state sector, while teachers and doctors in private schools, clinics and hospitals should define their work in for-profit companies.)

HU: Derived from 'What is/ was the form of your employer' and 'Are you/ were you a public official, public employee/ employed by a government-owned or local council owned company/ employed elsewhere?' and 'What is/ was your (last) position or job?'.

IN: Do/ did you work for a for-profit organisation or for a non-profit organisation?

IS: Do/ did you work for a for-profit organisation or for a non-profit organisation? Most private companies are run as for-profit companies. Charities and public institutions such as educational and health services are examples of non-profit organisations.

IT: Do/ did you work for a for-profit organisation or for a non-profit organisation? (If necessary, clarify for-profit or non-profit organisation by giving examples. Please keep in mind that there can be partially public owned companies which are for-profit. In contrast, public universities are non-profit pulic organisations.)

JP: Do/ did you work for a for-profit organisation or for a non-profit organisation?

KR: Do you work for someone else? (If 'Yes') Are you employed by the government, a publicly owned firm, a private firm, or a non-profit organization? (If 'NO') If not employed, are you working for the family, self-employed with no employees, or self-employed with employees? / (If 'Currently not in paid work, paid work in the past') What type of job did you have at that time?

LT: Do/ did you work for a for-profit organization or for a non-profit organization? (Non-profit organizations are public agencies, associations, charity and support funds, homeowners' communities, political parties, trade unions, organizations of artists and other organizations.)

NO: Do/ did you work for an organisation that have/ had profit for its owners as an objective, or in an organisation without such objective (government, civil service, trust etc.)?

NZ: And is/ was that job in a for-profit or a non-profit organisation?

PH: Do/ did you work for a profit or for a non-profit organization? If you work for more than one employer, or if you are both employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to your last main job.

RU: What type of enterprise, organization are you working for as the main job (or were you working for on the last main job)?

SE: Do you work for a for-profit organisation (e.g., for a company) or for a non-profit organisation (e.g., an org. in the public's interest or non-profit organisation)? If you are retired or not currently working, please refer to your last main job.

SI: Do/ did you work for a for-profit or for a non-profit organization?

SK: Would you say that the organization you work/ have worked for is profit-oriented, or is it not?

TH: Do you work for a for-profit organization or non-profit organization?

TW: Are you now/ Were you previously/ before retirement SELF-EMPLOYED or an EMPLOYEE?

LIS: Not asked

ZA: Do/ did you work for a for-profit organization or for a non-profit organization?

- -9 No answer
- -8 Don't know
- -4 NAP (Code 3 in WORK)
- -1 Not available (AT, US)
- 1 For-profit organisation
- 2 Non-profit organisation

#### Note:

profit'.

/ CN: High number of missing values, as agricultural work is not counted as paid work and both, people who are currently working in agriculture but have never done non-agricultural work in the past just like respondents who are currently unemployed and have never done non-agricultural work in the past, were filtered out before the above question was asked. Their missing answers are included in code -9 'No answer'.

/ DK: All respondents who answered that they are employed in the public sector were not asked about the purpose of the business they work in. This has been compensated for by the Danish ISSP team by imputing the value '2' for these respondents for the variable 'TYPORG1'.

/ ES: TYPORG1 and TYPORG2 are asked about in one question, containing five answer options: Public Administration, Public company, Private company, Non profit organization, House-keeping. For TYPORG1, Public company, Private company and House-keeping were assigned to code 1 'Forprofit organisation', and Public Administration and Non profit organization to code 2 'Non-profit organisation'.

/ FR: 'Works for publicly owned firm', 'Works for a private firm', 'Self-employed' and 'Works for family's business' are encoded to code 1 'For-profit'. 'Works for government or local communities' and 'Works for an association, a mutual company or a cooperative' are encoded to code 2 'Non-

/ NZ: The order of the questions in the questionnaire was MAINSTAT/ WORK, WRKHRS, ISCOO8, WRKSUP, NSUP, TYPORG2, TYPORG1, EMPREL.

/ RU: EMPREL (without number of employees), TYPORG1 and TYPORG2 are derived from the same question.

/ TW: EMPREL, TYPORG1 and TYPORG2 were derived from the same question.

Question Text (Original Language)

TYPORG2 - Type of organisation, public/ private

BVQ\_11. TYPORG2

Do/ did you work for a public or a private employer?

(Please tick one box only.)

COMMENT ON TYPORG2: TYPORG2 deals with the main ownership status of the organisation or firm the respondent is working for. Identifying the main ownership status of an organisation or firm will be easiest for a respondent by being asked about his/ her actual employer. A 'public employer' includes any of state, government, public administration, local government, army, police, juridical/ legal system, civil service, municipality or federation of municipalities, and local communities, as well as other types of organisations where the main owner is the state: publicly owned forprofit organisations (e.g., a state owned oil-company) or publicly owned non-profit organisations (e.g. a publicly owned hospital). Note that the public category should be read to mean only state-ownership in a strict sense. Charities, foundations, cooperatives, etc. are therefore usually private owners. For mixed ownership, a 50% rule can suffice to determine public vs. private ownership, e.g., a company with 60% private ownership should be assigned to 'private employer'.

AT: Where are you currently employed resp. where were you employed the last time?

AU: Do/ did you work for a public or a private employer?

CH: Do/ did you work for a public or a private employer?

CN: Derived from 'What is the ownership type of the work unit (or company) with which you are affiliated (now/ of your last non agriculture job)?' and 'What is the type of the work unit (or company) with which you are affiliated (now/ of your last non agriculture job)?'

DE: Do/ did you work in the public service resp. in an enterprise mostly in public ownership or do/ did you work for a private employer?

DK: Are/ were you in public or private employment, self-employed or employed in your own family business?

ES: In which type of organisation/ company do you work/ were you employed? If you have/ had more than one job, please answer about the one for which you work/ worked the most hours. If you work/ worked the same number of hours for each job, please answer about the better paid of the two.

FI: Do/ did you work in the public or in the private sector?

FR: TYPORG2 is computed from French variable WRKTYP (R: Working for private sector, public sector or self-employed).

HR: Do you work (or have you worked) in the public or private sector? (The public sector includes all government and public services as well as public enterprises that are at least 50% owned by the state.)

HU: Are/ were you a public official, public employee/ employed by a government-owned or local council owned company/ employed elsewhere?

IN: Do/ did you work for a public or a private employer?

IS: Do/ did you work for a public or a private employer?

IT: Do/ did you work for a public or a private employer? (Please keep in mind that there can be partially public owned companies which are for-profit. In contrast, public universities are non-profit public organisations.)

JP: Do/ did you work for a public or a private employer?

KR: Do you work for someone else? (If 'Yes') Are you employed by the government, a publicly owned firm, a private firm, or a non-profit organization? (If 'NO') If not employed, are you working for the family, self-employed with no employees, or self-employed with employees? / (If 'Currently not in paid work, paid work in the past') What type of job did you have at that time?

LT: Do/ did you work for a public or a private employer? (The private sector includes private companies, firms, corporations, sole traders while the public sector includes public/ municipal bodies/ companies and non-governmental organisations.)

NO: And is/ was the organisation you work/ worked for: a) Private firm; b) Organisation, foundation; c) Local government; d) Central government; e) Other public or semi-public; f) Other.

- NZ: Which one category best describes for whom you work/ worked?
- PH: Do/ did you work for a public or a private employer? If you work for more than one employer, or if you are both employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to your last main job.
- RU: What type of enterprise, organization are you working for as the main job (or were you working for on the last main job)?
- SE: Do you work for a public or private employer? If you are retired or not currently working, please refer to your last main job.
- SI: Do/ did you work in the public or private sector?
- SK: Do/ did you work for an employer from the public (state) or from the private sector?
- TH: Do you work for a public or a private organization?
- TW: Are you now/ Were you previously/ before retirement SELF-EMPLOYED or an EMPLOYEE?
- US: Are/ Were you employed by the government? (Please consider federal, state, or local government.) Are/ Were you employed by a private employer (including non-profit organizations)?
- ZA: Do/ did you work for a public or private employer?
- -9 No answer
- -8 Don't know: NO: Other
- -4 NAP (Code 3 in WORK)
- 1 Public employer
- 2 Private employer

#### Note:

/ CN: High number of missing values, as agricultural work is not counted as paid work and both, people who are currently working in agriculture but have never done non-agricultural work in the past just like respondents who are currently unemployed and have never done non-agricultural work in the past, were filtered out before the above question was asked. Their missing answers are included in code -9 'No answer'.

/ DK: The data generated with the question documented above was used to generate both TYPORG2 and EMPREL. Self-employed and respondents working for own family's business were encoded to 'Private employer' in TYPORG2.

/ ES: TYPORG1 and TYPORG2 are asked about in one question, containing five answer options: Public Administration, Public company, Private company, Non profit organization, House-keeping. For TYPORG2, Public Administration and Public company were assigned to code 1 'Public employer', and Private company, Non profit organization and House-keeping to code 2 'Private employer'.

/ FR: 'Works for government or local communities' and 'Works for publicly owned firm' are encoded to code 1 'Public'. 'Works for an association, a mutual company or a cooperative', 'Works for a private firm', 'Self-employed' and 'Works for family's business' are encoded to code 2 'Private'.

HR: Do you work (or have you worked) in the public or private sector? (The public sector includes all government and public services as well as public enterprises that are at least 50% owned by the state.)

/ NO: Norwegian response options c-e have been assigned to ISSP standard code 1 'Public employer', while Norwegian response options a+b have been coded with ISSP standard code 2 'Private employer'. Answer option f 'Other' was coded as -8 'Don't know'.

/ NZ: Code 1 includes 'Public sector organisation, e.g. government department, local authority, state-owned enterprise'. Code 2 includes 'Overseas-owned private sector company or firm' and 'NZ-owned private sector company or firm'.

 $/\ NZ: The\ order\ of\ the\ questions\ in\ the\ questionnaire\ was\ MAINSTAT/\ WORK,\ WRKHRS,\ ISCO08,\ WRKSUP,\ NSUP,\ TYPORG2,\ TYPORG1,\ EMPREL.$ 

/ RU: EMPREL (without number of employees), TYPORG1 and TYPORG2 are derived from the same question.

/ TW: EMPREL, TYPORG1 and TYPORG2 were derived from the same question.

Question Text (Original Language)

ISCO08 - Occupation ISCO/ ILO 2008

BVQ\_12. ISCO08

What does/ did the firm/ organisation you work/ worked for mainly make or do - i.e., what kind of production/ function is/ was performed at your workplace?

(Please write in and describe as clearly as possible.)

AT: What kind of occupation do/ did you do? (If you have more than one job please consider your main job).

AU: What is/ was your occupation - i.e., what is/ was the name or title of your main job? In your main job, what kind of activities do/ did you do most of the time? What does/ did the firm/ organisation you work/ worked for mainly make or do – i.e., what kind of production/ function is/ was performed at your workplace?

CH: What is/ was your current/ last occupation? (OPEN on paper/ Web questionnaire: Please enter the first letters of your main job name or title. An automatic list will be displayed allowing you to specify your occupation. If there is no proposal that matches your occupation, write the full name or title of your main job). In your main job, what kind of activities do/ did you do most of the time?

CN: What is your specific job (now/ of your last non agriculture job)? Name of the job:

DE: What work do you do in your main job? If you are currently not working for pay, but had paid work in the past, please refer to your last main job. Does this job, this work have a special name?

DK: State your current or last job (your job title), and describe what your main tasks are/ were on your workplace:

ES: What is/ was the name or title of your main job? In your main job, what kind of work do/ did you do most of the time? If you can only provide basic information, this would still be helpful.

FI: What is your current or latest occupation? What are or were your main activities at work? What does/ did the company or organisation for which you work/ worked mainly do/ make?

FR: If you are working, what is your current occupation? If you don't have a job, what was your last occupation?

HR: What is (was) your occupation? Please state the exact name of your job title and occupation. Describe what you do, what your main tasks are. What are requirements for your job with regard to the type and level of education and specialization?

HU: What is/ was your (last) position or job?

IN: What is/ was your occupation - i.e., what is/ was the name or title of your main job? In your main job, what kind of activities do/ did you do most of the time? What does/ did the firm/ organisation you work/ worked for mainly make or do - i.e., what kind of production/ function is/ was performed at your workplace?

IS: What is/ was your occupation (job title)? In your main job, what kind of activities do/ did you do most of the time? What does/ did the firm/ organisation you work/ worked for mainly make or do – i.e., what kind of production/ function is/ was performed at your workplace?

IT: What is/ was your occupation – i.e., what is/ was the name or title of your main job? Please describe it as clearly as possible. In your main job, what kind of activities do/ did you do most of the time? Please describe them as clearly as possible.

JP: Please give details about the main type of work you are engaged in (e.g. bus driver, delivery worker, working at a construction site, car mechanic, working at a general affairs section in a municipal office, a Japanese teacher at junior high school, a salesperson of printing equipment, working at a cashier desk of a supermarket, counter operations for a bank, computer programmer).

KR: What kind of work do you normally do? What do you actually do in that job? If currently not working, tell me about your last job.

LT: What is/ was your occupation - i.e., what is/ was your function in your main job? In your main job, what kind of activities do/ did you do most of the time? What does/ did the firm/ organization you work/ worked for mainly make or do - i.e., what kind of production/ function/ service is/ was performed at your workplace?

NO: What is/ was your work title (main job)? Please make a short description of your work tasks. What does/ did the organisation you work/ worked for mainly make or do?

NZ: What is/ was your main occupation? If you are retired, or not working for pay now, please describe your last regular paid job.

PH: What is/ was your occupation – i.e. what is/ was the name or title of your main job? In your main job, what kind of activities do/ did you do most of the time? What does/ did the firm/ organization you work/ worked for mainly make or do – i.e. what kind of production/ function is/ was performed at your workplace? If you work for more than one employer, or if you are both employed and self-employed, please refer to your main job. If you are retired or not currently working, please refer to your last main job.

RU: What is/ was your occupation and in what position do/ did you work at your main job? In your main job, what kind of activities do/ did you do most of the time? What does/ did the firm/ organisation you work/ worked for mainly make or do – i.e., what kind of production/ function is/ was performed at your workplace?

SE: What is your occupation? If you are retired or not currently working, please refer to your last main job. In your main job, what kind of activities do you do most of the time? What kind of production/ function is performed at your current or previous workplace?

SI: What profession or work do you do now? If not employed: What was your last profession before retirement or losing your job? If you have more than one job, tell us about your main job. (a) Tell detailed name of your position at work and exact profession; b) Describe what do you do, what are your main duties; c) What is the main activity of your work organization?)

SK: Please, fill-in the name of your main occupation. Provide a detailed description of your working activity: what is your principal activity, responsibility etc. Use two or more words, exclude abbreviations. If you are/ were self-employed or entrepreneur, please, specify the area of your business.

TH: What is your occupation? (Write in and describe R's occupation, main activities, and main function of R's workplace? Then, code 4-digit of the control of R's workplace? Then, code 4-digit of the control of R's workplace?	codes
according to ISCO 2008.)	

TW: What is your main	n occupation (at present, or prior to retirement)? a) Full name of the company $\_$	, main product or service	b) Division
, Position I	Detailed job description		

US: What kind of work do/ did you normally do? What do/ did you actually do in that job? What are/ were some of your main duties?

ZA: What is your current occupation (the name and title of your main job; if currently not employed, most recent job)?

- 9622 Odd job persons
- 9623 Meter readers and vending-machine collectors
- 9624 Water and firewood collectors
- 9629 Elementary workers not elsewhere classified

#### Note:

/ CN: High number of missing values, as agricultural work is not counted as paid work and both, people who are currently working in agriculture but have never done non-agricultural work in the past just like respondents who are currently unemployed and have never done non-agricultural work in the past, were filtered out before the above question was asked. Their missing answers are included in code -9 'No answer'.

/ DE: In order to protect individual respondents from data disclosure it was necessary to combine original 4 digit-categories before data publication based on the grouped ISCO08 categories in the German 2018 Micro Census Dataset.

/ FI: Responses from respondents from the Åland region were recoded to code -9 'No answer' for privacy issues.

/ FR: French classification of the occupations and the socio-professional categories (PCS 2003) used, then transferred into ISCO 2008

/ HR: Answers to open-ended questions were coded into ISCO08 codes by the research team.

/ NO: As source code, the Norwegian standard classification of occupations 2008 (STYRK-08) - based on the International Standard Classification of Occupations 2008 (ISCO-08) - has been used.

/ NZ: Asked as free text and coded manually to ISCO08.

/ NZ: The order of the questions in the questionnaire was MAINSTAT/ WORK, WRKHRS, ISCO08, WRKSUP, NSUP, TYPORG2, TYPORG1, EMPREL.

/ US: US Census 2010 codes recoded to ISCO08.

Question Text (Original Language)

MAINSTAT - Main status

BVQ\_13. MAINSTAT

Which of the following BEST describes your current situation?

If you temporarily are not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to your normal work situation.

(Please tick one box only.)

AT: Predominantly, are you currently...?

AU: Which of the following best describes your current situation? (If you temporarily are not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to your normal work situation.)

CH: Which one of the following best describes your current situation?

CN: Derived from 'What is your working experience or employment status?' and 'What was the reason that you did not work last week?' and 'Which of the following manner did you adopt for finding a job in the last three months?' and 'What is the type of the work unit (or company) with which you are affiliated now?'

DE: Which of the following best describes your current situation? I am... If you temporarily are not working for pay because of temporary illness/parental leave/vacation/strike etc., please refer to your normal work situation.

DK: Are you currently employed? (Here we are thinking of main occupation: - If you are a student or a pupil with part-time or after-school job, please mark yourself as student or pupil; - Apprentices or students (with salary): Please note that there is a special response category for apprentices and students (with salary); - If you are a national pensioner or a recipient of a civil servant pension, please check these unless you work part-time or more; - Check the category housewife, home duties only if you do not belong to any of the other categories.)

ES: Which of these descriptions applies to what you have been doing for the last 7 days? Please select all that apply. (To respondents who have marked more than one answer category) Which of these describes best to what you have been doing for the last 7 days? Please select only ONE answer.

FI: Which of the following best describes your current situation? If you are temporarily away from paid work because of parental or other leave, unpaid leave or some other similar reason, please answer according to your normal work situation.

FR: What is your current situation in relation to work? (If year of birth > 1990) Are you currently on a Civic Service mission?

HR: What is your employment status (which best describes your current situation)?

HU: Derived from 'Are you currently working/ retired?' and 'Are you looking for a job?' and (If student) 'Are you working as an apprentice or as a trainee?' and (If pensioner) 'Are you an old-age or widowed pensioner, or a disabled pensioner?' and (If employee) 'Are you a public worker currently?'.

IN: Which of the following best describes your current situation? (If you temporarily are not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to your normal work situation.)

IS: Which of the following best describes your current situation? If you temporarily are not working because of temporary illness/parental leave/vacation/strike etc., please refer to your normal work situation.

IT:Which of the following best describes your current situation? If you temporarily are not working because of temporary illness/ parental leave/vacation/strike/layoff etc., please refer to your normal work situation.

JP: Which of the following best describes your current situation? If you temporarily are not working because of temporary illness/ parental leave/vacation/strike etc., please refer to your normal work situation.

KR: Are you currently working for pay? (If not working) What is the primary reason for not working?

LT: Which of the following best describes your current situation? If you temporarily are not working for pay because of temporary illness/ parental leave/ vacation/ strike etc., please refer to your normal work situation.

NO: What do you consider as your current main activity? (If you are temporarily absent due to illness, leave or the like, answer based on your normal situation.)

NZ: Which one of these categories best describes your current employment status?

PH: Which of the following best describes your current situation? If you temporarily are not working for pay because of temporary illness/ parental leave/vacation/strike, etc., please refer to your normal work situation.

RU: Derived from 'Do you have a paid work (including work as an employee for private persons or own business and also if currently on maternity leave or child rearing leave)? And if no - have you ever had paid work in the past or have you never had paid work?' and (If R is currently not in paid work/ never had paid work) 'What is your main status?'

SE: Which of the following best describes your current situation? If you temporarily are not working because of temporary illness/ parental leave/vacation/strike etc., please refer to your normal work situation.

SI: What from the list best describes your current position?

SK: Which of the following answers best describes your current situation? If you are currently not in paid work due to maternal/ parental leave, illness, holidays or similar, please refer your answer to your normal work situation.

TH: Which of the following best describes your current situation?

TW: Do you currently have a job?

US: Last week were you working full time, part time, going to school, keeping house, or what? If you were doing more than one of these last week, [CATI: give preference to smallest code number that applies/ WEB: select the one closest to the top of the list].

ZA: What is your current employment status?

- -9 No answer
- -8 IS: Don't know
- 1 In paid work
- 2 Unemployed and looking for a job
- 3 In education
- 4 Apprentice or trainee
- 5 Permanently sick or disabled
- 6 Retired
- 7 Domestic work
- 8 In compulsory military service or community service
- 9 Other

#### Note:

/ AU: Category 8 'In compulsory military service or community service' not used.

 $/ \ HR: The \ category \ 'In \ compulsory \ military \ service \ or \ community \ service' \ was \ omitted \ in \ the \ questionnaire \ because \ Croatia \ doesn't \ have \ compulsory \ military \ service \ or \ community \ service \ obliges.$ 

/ DE: Code 8 'In compulsory military service or community service' not asked (no compulsory military service).

/ ES: Code 2 includes answers to the two answer options 'Unemployed and actively looking for a job' and 'Unemployed, wanting a job but not actively looking for a job'. Category 8 'In compulsory military service or community service' and category 9 'Other' not used.

/ FR: Category 8 includes 'In Civic Service'. Civic Service is a 6 to 12 months commitment to a mission for the community.

/ HR: Category 8 'In compulsory military service or community service' was omitted in the questionnaire because Croatia doesn't have compulsory military service or community service obliges.

/ HU: Category 8 'In compulsory military service or community service' not used.

/ IN: Category 8 'In compulsory military service or community service' not used.

/ IS: Category 8 'In compulsory military service or community service' not used.

/ IT: Category 8 ('In compulsory military service or community service') was omitted because there is no such thing as compulsory military or community service in Italy.

/ JP: Category 8 'In compulsory military service or community service' not used.

/ KR: Category 4 'Apprentice or trainee' not used. Category 9 'Other' includes responses to the original answer options 'Old age'/ 'Temporarily not working'/ 'No plans for getting employed'/ 'Religious reasons'/ 'Has no ability to get employed'/ 'Other'.

/ NZ: Code 8 'In compulsory military service or community service' and code 9 'Others' not used.

/ NZ: The order of the questions in the questionnaire was MAINSTAT/ WORK, WRKHRS, ISCO08, WRKSUP, NSUP, TYPORG1, EMPREL.

/ SI: Category 8 was not used, since there is no compulsory military or community service in Slovenia.

/ SK: Code 8 'In compulsory military service or community service' not asked.

/ US: Code 4 'Apprentice or trainee' and code 8 'In compulsory military service or community service' were not used in the US data.

/ ZA: Code 1 includes 'Employed full time/ ~ part time/ ~ less than part time (casual work/ piecework)'. Code 7 includes 'Unemployed, not looking for work' and 'Doing housework, looking after the home, children or other persons'. Code 8 'In compulsory military service or community service' not used.

Question Text (Original Language)

#### PARTLIV - Living in steady partnership

Q\_14. PARTLIV

Do you have a spouse or a steady partner and, if yes, do you share the same household?

(Please tick one box only.)

COMMENT ON PARTLIV: Note that PARTLIV must not be filtered by responses to MARITAL.

.....

- AT: Do you currently live together with your husband/wife or your spouse? Or do you have a partner but don't live in the same household?
- AU: Do you have a spouse or a partner and, if yes, do you share the same household?
- CH: Do you have a spouse or a steady partner and, if yes, are you currently living with him or her?
- CN: Derived from MARITAL 'What's your marital status now?'
- DE: Do you have a spouse or a steady partner and, if yes, do you share the same household?
- DK: Do you have a spouse or partner, and if so, are you living in the same household?
- ES: Which of the following applies best to your current situation?
- FI: Do you have a spouse or a steady partner and do you live together?
- FR: Do you have a spouse or steady partner?
- HR: Do you have a spouse (married) or steady partner (unmarried) and if so, do you live in the same household?
- HU: Derived from 'What is your marital status? and '(If not 'married and living together') Are you living with a partner?'.
- IN: Do you have a spouse or a steady partner and, if yes, do you share the same household?
- IS: Do you have a spouse or a steady partner and, if yes, do you share the same household?
- IT: Do you share the same household with your spouse or steady partner? (If the respondent is widowed, ask her/ him if she/ he has a new spouse/partner and if she/ he lives with her/ him.)
- JP: Do you have a spouse or a steady partner and, if yes, do you share the same household?
- KR: Derived from 'Relation to respondent' and 'Is [person] living in your house, or is [person] temporarily living elsewhere?'
- LT: Do you have a spouse or a steady partner and, if yes, do you share the same household?
- NO: Do you have a spouse or a steady partner, and do you share the same household?
- NZ: Now we would like to ask some questions about your living situation. Do you have a spouse or steady partner and, if yes, do you share the same household?
- PH: Do you have a spouse or a steady partner and, if yes, do you share the same household?
- RU: Derived from 'What is your marital status?'
- SE: Do you have a steady partner and, if yes, do you share the same household?
- SI: Are you married or do you have a steady partner? Do you share a common household?
- SK: Do you have a steady partner, a husband/spouse?
- TH: Do you have a spouse or a steady partner? If yes, do you share the same household?
- TW: Derived from MARITAL 'What is your current marital status?'
- US: Which of these statements applies to you?
- ZA: Do you have a spouse/ partner and if yes, do you live in the same household?
- -9 No answer
- -7 Refused

- -4 NAP (CN: Code 4-6 in MARITAL; TW: Code 3-6 (6 if not cohabitating) in MARITAL)
- 1 Yes, have partner; live in same household
- 2 Yes, have partner; don't live in same household
- 3 No partner

#### Note:

/ CN: PARTLIV has been derived from the question on MARITAL. One answer option in MARITAL was 'Cohabitation'. 66 respondents selected this answer option. They are encoded to code 1 'Yes, have partner; live in same household'. However, none of the married, living separately, divorced, widowed or never married respondents were actually asked if they live with their partner (if married) or whether they have a (new) partner they are living with (if divorced, widowed, never married). While the assumption that married respondents live together with their partner and respondents living separately might not have a new partner currently they are living with, married respondents are encoded to code 1 'Yes, have partner; live in same household' in PARTLIV and respondents living separately to code 2 'Yes, have partner; don't live in same

code 1 'Yes, have partner; live in same household' in PARTLIV and respondents living separately to code 2 'Yes, have partner; don't live in same household'. Respondents who are divorced, widowed or never married are encoded to code -4 NAP in PARTLIV.

/ IT: In the Italian questionnaire, the question on PARTLIV is following the question on MARITAL.

/ KR: Derived from household roster.

/ RU: PARTLIV and MARITAL are derived from the same question. In fact, divorced and widowed respondents were not asked about having a partner and if they are living together with a steady partner or not. The PI encoded divorced and widowed respondents to code 3 'No partner' in PARTLIV in hindsight.

/ TW: One answer option in MARITAL was 'Cohabitation'. 25 respondents selected this answer option. Since MARITAL shall capture the legal marital status, those cases were record to code 6 'Never married/ Never in a civil partnerhsip' in MARITAL during the data preparation. For PARTLIV, code 1 'Yes, have partner; live in same household' were assigned to those 25 cases.

/ US: PARTLIV was recoded from POSSLQ and POSSLQY, each of which was asked to half of the ISSP sample. Both variables differ only in their second answer option: 'I am living as married and my partner and I together live in the same household' (POSSLQ)/ 'I have a steady partner, and we live in the same household' (POSSLQY). The US data does not request further partner information for respondents whose partners (as opposed to spouses) do not cohabitate.

Question Text (Original Language)

SPWORK - Spouse, partner: currently, formerly or never in paid work

BVQ\_15. SPWORK

(If you have a spouse/ partner)

The next questions deal with the work situation of your spouse/ partner.

By work we mean doing income-producing work, as an employee, self-employed or working for his/ her own family's business, for at least one hour per week. If he/ she temporarily is not working for pay because of temporary illness/ parental leave/ vacation/ strike, etc., please refer to his/ her normal work situation.

Is your spouse/ partner currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work?

(Please tick one box only.)	

AT: Derived from 'How many hours does your partner usually work every week including overtime?' and (If not working) 'Has your partner ever been employed?'.

AU: Is your partner/ spouse currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work? (By work we mean doing income-producing work as an employee, self-employed or working for his/ her own family's business, for at least one hour per week. If he/ she temporarily is not working for pay because of temporary illness/ parental leave/ vacation/ strike, etc., please refer to his/ her normal work situation.)

CH: Is your spouse/ partner currently working for pay or did he/ she work for pay in the past?

CN: What is the working experience or employment status of your spouse or partner?

DE: Is your spouse/ partner currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work?

DK: Is your spouse/ partner currently employed? (Here we are thinking of main occupation: - If your spouse/ partner is a student or a pupil with part-time or after-school job, please mark your spouse/ partner as student or pupil; - Apprentices or students (with salary): Please note that there is a special response category for apprentices and students (with salary); - If your spouse/ partner is retired or receive a retirement pension, please check these unless he/ she works part-time or more; - Check the category housewife/ home duties only if your spouse/ partner does not belong to any of the other categories.) Has your spouse/ partner ever been employed?

ES: Is your spouse/ partner currently working for pay or has he/ she ever had paid work in the past?

FI: Is your spouse/ partner in paid work? Paid work is taken to include working as an employee, own-account worker, self-employed/ entrepreneur or working for your own family's business, for at least one hour a week. If your spouse/ partner is temporarily away from paid work because of parental or other leave, unpaid leave or some similar reason, please answer according to his/ her normal work situation.

FR: What is the situation of your spouse or your steady partner in relation to work? (If 'Student' or 'Unemployed', 'Retired', 'Housewife or househusband', 'Inactive due to disability' or 'Other inactive status') Does your spouse also hold a job? (If 'No') Has your spouse ever worked, even a long time ago?

HR: Is your spouse/ steady partner currently employed in paid work, has he/ she ever been employed in paid work, or did he/ she never do paid work? (Paid work means work of at least one hour per week on the basis of which he/ she receives income either as an employee, self-employed or working in the family business or on the family farm. If he/ she is not currently working in a paid job, due to illness, maternity leave, annual leave, strike... - mark his/ her status in relation to the normal situation.)

HU: Derived from 'Is your partner currently working/ retired?' and 'What is/ was your partner's (last) position or job?'

IN: Is your partner/ spouse currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work?

IS: Is your spouse/ partner currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work?

IT: The next questions concern your spouse/ partner's work situation. By work we mean doing income-producing work, as an employee, self-employed or working for her/ his own family's business, for at least one hour per week. If your spouse/ partner temporarily is not working for pay because of temporary illness/ parental leave/ vacation/ strike, etc., please refer to her/ his normal work situation. Is your spouse/ partner currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work? My spouse/ partner...

JP: Is your spouse/ partner currently working for pay, for at least one hour per week?

KR: Does your spouse have a job that provides income? (If 'No') Has your spouse ever worked for pay?

LT: Is your partner/ spouse currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work? By work we mean doing income-producing work, as an employee, self-employed or working for his/ her own family's business, for at least one hour per week. If he/ she temporarily is not working for pay because of temporary illness/ parental leave/ vacation/ strike, etc., please refer to his/ her normal work situation.

NO: The next questions are about the work situation of your spouse/ partner. Is your spouse/ partner, or has she/ he ever been, in paid work? (We are interested in all kinds of work, even of just a few hours a week. Work for own family's business without a fixed salary counts as paid work.)

NZ: Which one of these categories best describes your spouse's/ partner's current employment status? (If Unemployed and looking for a job/
Permanently sick or disabled/ Student/ Doing housework, looking after the home, children or others/ Retired) Has your spouse/ partner had paid

PH: Is your spouse/ partner currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work?

RU: (If married/ living together with partner (unmarried)/ living separately from partner (unmarried)/ living separated from spouse (but not divorced)) Is your spouse/ partner currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work?

SE: Is your spouse/ partner currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work? By work we mean doing income-producing work, as an employee, self-employed or working for the own family's business. If he/ she temporarily is not working for pay because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.

SI: Does/ did your partner have a paid job, or was he/ she never employed?

SK: Is/ was your spouse/ partner currently/ has ever been working for pay? (If partner/ spouse is on sickness leave, on maternal leave or similar but otherwise is employed (works) - use code 1 'He/ She is currently in paid work'.)

TH: The current working status of your spouse? ('Work' means doing income-producing work as an employee, self-employed, or working for own business, for at least 1 hour per week; if R's spouse temporarily not working for pay because of temporary illness/ parental leave/ vacation/ strike etc. refer to normal situation.)

TW: Does your spouse (or cohabiting partner) have any paid employment? This includes full-time, part-time, part-time employment or working for a family business.

US: Derived from 'Last week was your spouse/ [cohabitating] partner working full time, part time, going to school, keeping house, or what? If your spouse/ [cohabitating] partner was doing more than one of these last week, [CATI: give preference to smallest code number that applies/ WEB: select the one closest to the top of the list].' and (If spouse/ [cohabitating] partner 'Retired', 'Going to school', 'Keeping house' or 'Other') 'Did your spouse/ [cohabitating] partner ever work for as long as one year?'

ZA: If you are married or have a partner, is he or she currently working for pay, did he/ she work for pay in the past, or has he/ she never been in paid work?

-9 No answer

work in the past?

- -8 AT: Don't know
- -4 NAP (Code 3, -7 in PARTLIV); CN: NAP (Code -4), TW: NAP (Code -4, -7) in PARTLIV; US: (Code 2, 3 in PARTLIV (2 if R is neither married nor cohabitating with their partner))
- 1 Currently in paid work
- 2 Currently not in paid work, paid work in the past
- 3 Never had paid work

Note:

/ DK: The first question corresponds to the one of SPMAINST.

/ NZ: SPWORK is based on SPMAINST mainly.

/ US: The US data capture all spouse variables regardless of habitation status. In contrary, the US data only capture cohabitating partner variables, not information from non-cohabitating partners.

/ US: Respondents with spouses/ [cohabitating] partners 'Unemployed, laid off, looking for work' were were not asked whether their spouses/ [cohabitatin] partners had ever had a job. These cases were assigned to ISSP standard code 2 in SPWORK.

Question Text (Original Language)

SPWRKHRS - Spouse, partner: hours worked weekly

BVQ\_16. SPWRKHRS

How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime?

If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does.

(Please write in.)	
On average, he/ she works	nours a week, overtime included.

AT: How many hours does your partner usually work every week including overtime? Occupational secondary activities should be considered as well. If he or she has more than one job, please report total working hours.

AU: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime? (If he/ she works for more than one employer or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does.)

CH: How many hours, on average, does/ did your spouse/ partner usually work for pay in a normal week, including overtime?

CN: What is the employment status of your spouse or partner last week? In a typical week when your spouse or common-law partner is employed, how many hours does your spouse or common-law partner work, including overtime hours?

DE: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime? If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does.

DK: How many hours does/ did your spouse/ partner normally work in a working week?

ES: Approximately how many hours does your partner/ spouse work for pay, per week, on average, including overtime work? If your partner has more than one job, please answer about the one for which he/ she works the most hours. If she/ he works the same number of hours for each job, please answer about the better paid of the two.

FI: How many hours on average does your spouse/ partner work in a week, including overtime? If he/ she has more than one employer or if he/ she is both employed and self-employed/ entrepreneur, include all hours.

FR: How many hours does he/ she usually work each week?

HR: How many hours does your partner usually work in a normal week, including overtime?

HU: Approximately how many hours does your spouse/ partner spend on average working a week? Please also include overtime and any part time jobs!

IN: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime? (If he/ she works for more than one employer or if he/ she is both employed and self-employed, please count the number of working hours that he/ she does.) (Can be asked 'daily', and result multiplied by 7/ 6/5.)

IS: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime? If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does.

IT: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime? If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does. On average, he/ she works ... hours a week, overtime included.

JP: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime? If he/ she has more than one job, count the total number of working hours that he/ she does. If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.

KR: (If 'Spouse currently employed') How many hours a week does your spouse usually work? / (If 'Spouse currently self-employed') How many hours

a week does your spouse usually work?

LT: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime? If he/ she works for more than one employer or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does.

NO: How many hours does your spouse/ partner normally work per week? (Include overtime and work at home.) Write hours per week: \_\_\_\_

NZ: How many hours does your spouse/ partner usually work in a week?

PH: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime? If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does. If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.

RU: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime?

SE: How many hours, on average, does your spouse/ partner usually work for pay in a normal week? (Please include, if any, overtime.) If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does.

SI: On an average week, how many hours does your partner work, including overtime?

SK: How many hours weekly does your spouse/ partner usually work for pay in a week, including overtime? (If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please count the total number of working hours that he/ she does.)

TH: How many hours on average does your spouse usually work for pay in a week? Write \_\_ hours per week (if R's spouse works for more than one employer, or is both employed and self-employed, refer to main job).

TW: Including overtime and having two or more jobs at the same time, how many hours in total does your spouse (or cohabiting partner) work per week, on average?

US: (If working, full or part time) How many hours did your spouse/ [cohabitating] partner work last week, at all jobs?/ (If with a job, but not at work because of temporary illness, vacation, strike) How many hours a week does your spouse/ [cohabitating] partner usually work, at all jobs?

ZA: How many hours, on average, does your spouse/ partner usually work for pay in a normal week, including overtime?

- -9 No answer
- -8 Don't know
- -4 NAP (Code -4, 2 or 3 in SPWORK)
- 1 1 hour
- 89 89 hours; US: 89 hours or more
- 96 96 hours or more

#### Note:

/ DK: This question was also asked if respondent's partner/ spouse worked in the past (code 2 in SPWORK). These answers were removed for the ISSP variable SPWRKHRS.

/ IS: Originally, the values included decimal numbers. The values were retrospectively rounded to whole numbers following the required ISSP standard for this variable.

/ US: The US data capture all spouse variables regardless of habitation status. In contrary, the US data only capture cohabitating partner variables, not information from non-cohabitating partners.

Question Text (Original Language)

SPEMPREL - Spouse, partner: employment relationship

BVQ\_17. SPEMPREL

The next questions deal with some more details on your spouses's/ partner's work situation.

If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please refer to his/ her MAIN job.

If he/ she is retired or not currently working, please refer to his/her LAST MAIN job.

Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business?

(Please tick one box only.)

AT: Is your partner or was your partner...?

AU: Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business? (If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please refer to his/ her main job. If he/ she is retired or not currently working, please refer to his/ her last main job.)

CH: Is/ was your partner an employee, self-employed, or working for his/ her own family's business?

CN: Which of the following situation is most suitable to the employment status of your spouse or partner now? The number of employees employed by your spouse or common-law partner is:

DE: Does/ did your spouse/ partner work as an employee, is/ was he/ she self-employed or does/ did he/ she work for the own family's business? He/ she is/ was...

DK: Is/ was your spouse/ partner in public or private employment, self-employed or employed in his/ her own family business?

ES: Does/ did you your partner/ spouse work as...?

FI: Is/ was your partner..? If your spouse/ partner has more than one employer or if he/ she is both employed and entrepreneur/ self-employed, answer according to his/ her main job. If he/ she is currently not in paid work or is retired/ pensioner, please answer according to his/ her last job. Own-account workers and tradespeople are counted as self-employed.

FR: Is or was he/ she in his/ her (last) job? - Computed from several EA variables.

HR: Is (or previously was) your spouse or steady partner: an employee, self-employed without employees (liberal professions, business owners), self-employed with employees, working for own family's business/ farm?

HU: Derived from 'Is your spouse/ partner currently working/ retired?' and 'What is/ was your partner's (last) position or job?' and 'How many employees/ subordinates does/ did your partner have?' and 'Is your spouse/ partner an employee of your own family business?'.

IN: Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business? (If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please refer to his/ her main job. If he/ she is retired or not currently working, please refer to his/ her last main job.)

IS: Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business?

IT: The next questions deal with some more details on your spouse's/ partner's work situation. If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please refer to his/ her main job. If he/ she is retired or not currently working, please refer to his/ her last main job. Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business? (By self-employed we mean also 'freelancers', 'independent professionals', and other respondents working on their own account. We consider as an employee anyone who receives a salary by someone else - even if the former is not formally an employee of the latter.)

JP: Is/ was your spouse/ partner an employee, self-employed, or working for your own family business?

KR: (If 'Spouse currently in paid work') Does your spouse work for someone else? (If 'No') If not employed, is your spouse working for the family, self-employed with no employees, or self-employed with employees? (If 'Spouse self-employed with employees') How many employees does your spouse employ? / (If 'Currently not in paid work, paid work in the past') What type of job did your spouse have at that time? (If 'Spouse self-employed with

employees') How many employees did your spouse employ?

LT: Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business? If he/ she is working in more than one job or he/ she is both employed and self-employed, please refer to his/ her main job. If he/ she is retired or not currently working, please refer to his/ her last main job.

NO: Is/ was your spouse/ partner...?

NZ: What is/ was the nature of your spouse's/ partner's employment in that occupation?

PH: Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business? If he/ she is both employed and self-employed, please refer to his/ her main job. If he/ she is retired or not currently working, please refer to his/ her last main job.

RU: Derived from 'What type of enterprise, organization does she/ he work for in her/ his main job (or were he/ she working for on the last main job)?' and (If own business, farm, private enterprise, business with employees) 'How many people work(ed) for her/ him, not counting herself/ himself, but taking into account the family members?'.

SE: Is your spouse/ partner an employee, self-employed, or working for his/ her own family's business? If he/ she is retired or not currently working, please refer to his/ her last main job.

SI: Is/ was your partner employed (working for others), self-employed or does/ did he/ she work in his/ her own family business?

SK: Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business?

TH: Is your spouse an employee, self-employed or working for his/ her own family's business?

TW: Is your spouse (or cohabiting partner) now/ was your spouse (or cohabiting partner) previously/ before retirement SELF-EMPLOYED or an EMPLOYEE? (If self-employed and hired others) How many employees does/ did your spouse (or cohabiting partner) hire?

US: Derived from 'At this job, is/ was your spouse/ [cohabitating] partner self-employed or does/ did your spouse/ [cohabitating] partner work for someone else?' and (If 'Self-employed') 'Does/ Did your spouse/ [cohabitating] partner work without employees or does/ did he/ she have employees?' and 'Does/ Did your spouse/ [cohabitating] partner work in his/ her own family business or farm?'

ZA: Is/ was your spouse/ partner an employee, self-employed, or working for his/ her own family's business?

- -9 No answer
- -8 IS: Don't know
- -4 NAP (Code -4, 3 in SPWORK); CN: NAP (Code -4, 2, 3 SPWORK)
- 1 Employee
- 2 Self-employed without employees
- 3 Self-employed with 1 to 9 employees
- 4 Self-employed with 10 employees or more
- 5 Working for own family's business
- $6\;$  AT, HR, SK, US, ZA: Self-employed with employees; no numbers available

#### Note:

/ AT: SPEMPREL has been provided according to the former format for SPEMPREL following the ISSP Guidelines in effect until ISSP 2018, including the four categories 1 'Employee', 2 'Self-employed without employees', 3 'Self-employed with employees' and 4 'Working for own family's business'. Hence, no information is available for the self-employed respondents about their number of employees. They were encoded to code 6 'Self-employed with employees; no numbers available'.

/ CN: High number of missing values, as SPEMPREL was only asked of respondents whose spouse or partner is currently in paid work, i.e. only in the case where their partner or spouse is engaged in non agriculture work.

/ HR: For Croatia, there are no cases for codes 3 and 4 since the questionnaire missed the question about the number of employees if a respondent's spouse/ partner is/ was self-employed with employees were coded as code 6 'Self-employed with employees, no numbers available'.

/ NZ: The order of the questions in the questionnaire was SPMAINST/ SPWORK, SPWRKHRS, SPISCO08, SPWRKSUP, SPEMPREL.

/ SK: SPEMPREL has been provided according to the former format for SPEMPREL including the four categories 1 'Employee', 2 'Self-employed without employees', 3 'Self-employed with employees' and 4 'Working for own family's business', following the ISSP Guidelines in effect until ISSP 2018. Hence, for the self-employed respondents no information is available about their number of employees. They were encoded to code 6 'Self-

employed with employees; no numbers available'.

/ US: The US data capture all spouse variables regardless of habitation status. In contrary, the US data only capture cohabitating partner variables, not information from non-cohabitating partners.

/ US: SPEMPREL was collected using the previous format for SPEMPREL that was mandatory until ISSP 2018. As a consequence, no information is available on the exact number of employees for the self-employed spouses/ partners. Spouses/ Partners working self-employed with employees are encoded to the extra code 6 'Self-employed with employees; no numbers available'.

/ ZA: SPEMPREL was collected using the previous format for SPEMPREL that was mandatory until ISSP 2018. As a consequence, no information is available on the exact number of employees for the self-employed spouses/ partners. Spouses/ Partners working self-employed with employees are encoded to the extra code 6 'Self-employed with employees; no numbers available'.

Question Text (Original Language)

SPWRKSUP - Spouse, partner: supervise other employees

BVQ\_18. SPWRKSUP

Does/ did your spouse/ partner supervise other employees?

(Please tick one box only.)

AT: Is it or was it one of the responsibilities of your partner to guide other employees or to oversee their work?

- AU: Does/ did your spouse/ partner supervise other employees?
- CH: (If spouse/ partner not 'Self-employed without employees') Does/ did he/ she supervise other employees, either directly or indirectly?
- CN: In your spouse's or common law partner's current work, what are his/ her management activities? How many people are managed?
- DE: Does/ did your spouse/ partner supervise other employees?
- DK: Does/ did your spouse/ partner supervise or is/ was he/ she responsible for the work of others?
- ES: Your partner/ spouse, does/ did he/ she supervise or is/ was he/ she responsible for the work of other people/ employees? If your partner has more than one job, please answer about the one for which he/ she works the most hours. If she/ he works the same number of hours for each job, please answer about the better paid of the two.
- FI: Does/ did your spouse/ partner work in a supervisory position, i.e., does/ did he/ she have subordinates at work?
- FR: Does or did he/ she supervise other persons?
- HR: Does your spouse or partner supervise (or has he/ she supervised) other people's work?
- HU: Derived from 'How many employees/ subordinates does/ did your partner have?'
- IN: Does/ did your spouse/ partner supervise other employees?
- IS: Does/ did your spouse/ partner supervise other employees? Supervision is to be understood as a leadership function of monitoring and being responsible for the work of others.
- IT: Does/ did your spouse/ partner supervise other employees? (Supervision is to be understood as a leadership function of monitoring and being responsible for the work of others.)
- JP: Does/ did your spouse/ partner supervise other employees?
- KR: (If 'Spouse currently working') How many subordinates does your spouse have in the workplace whom she/ he manages and supervises? / (If 'Spouse currently not in paid work, paid work in the past') Did your spouse have any subordinates in the workplace whom she/ he directly managed and supervised?
- LT: Does/ did your spouse/ partner supervise other employees?
- NO: Does/ did your spouse's/ partner's work imply supervising other employees, or deciding their work tasks?
- NZ: In that occupation, does/ did your spouse/ partner supervise, or are/ were they responsible for, the work of any other people?
- PH: Does/ did your spouse/ partner supervise other employees? If he/ she is both employed and self-employed, please refer to his/ her main job. If he/ she is retired or not currently working, please refer to his/ her last main job.
- RU: Does/ did your spouse/ partner supervise other employees? If so, how many employees does/ did she/ he supervise?
- SE: Does your spouse/ partner supervise other employees? 1) Yes How many employees?/ 2) No. If he/ she is retired or not currently working, please refer to his/ her last main job.
- SI: Does/ did your partner supervise anyone at work?
- SK: Does/ did your spouse/ partner in his main job have subordinates or is/ was he/ she responsible for the work of others?
- TH: Does/ Did your spouse supervise other employees? ('Supervision' is to be understood as a leadership function of monitoring and being responsible for the work of others. If the spouse's respondents work for more than one employer, or if he/she is both employed and self-employed, please refer to the main job. If he/she is retired or not currently working, please refer to the last main job.)
- TW: Does your spouse (or cohabiting partner) currently/ did your spouse (or cohabiting partner) previously/ before retirement manage other

#### employees?'

US: (If R NOT in paid work currently & spouse/ [cohabitating] currently in paid work) In your (spouse's/ [cohabitating] partner's) job, does (he/ she) supervise anyone who is directly responsible to (him/ her)?

ZA: Does/ did your spouse/ partner supervise other employees?

- -9 No answer
- -8 Don't know
- -4 NAP (Code -4, 3 in SPWORK); CN, US: NAP (Code -4, 2, 3 in SPWORK)
- 1 Vas
- 2 No

#### Note:

/ CH: As self-employed spouses/ partners without employees (SPEMPREL code 2) were filtered, they are recoded on code 2 in SPWRKSUP (no supervision).

/ CN: High number of missing values, as SPEMPREL was only asked of respondents whose spouse or partner is currently in paid work, i.e. only in the case where their partner or spouse is engaged in non agriculture work.

/ DK: Spouses/ partners working self-employed with employees were not asked about their supervising function resp. about being responsible for the work of others. Instead, they were encoded to code 1 'YES' in SPWRKSUP from the Danish ISSP team.

/ FR: Spouses/ Partners working for their own family's business were not asked if they supervise anyone.

/ NZ: The order of the questions in the questionnaire was SPMAINST/ SPWORK, SPWRKHRS, SPISCO08, SPWRKSUP, SPEMPREL.

/ US: This question is only asked if R is not currently working. US data capture all spouse variables regardless of habitation status. In contrary, the US data only capture cohabitating partner variables, not information from non-cohabitating partners.

Question Text (Original Language)

SPISCO08 - Spouse, partner: occupation ISCO 2008

BVQ\_19. SPISCO08

What is/ was your spouse's/ partner's occupation - i.e., what is/ was the name or title of his/ her main job? His/ her occupation is/ was:

In his/ her main job, what kind of activities does/ did he/ she do most of the time?

What does/ did the firm/ organisation he/ she works/ worked for mainly make or do - i.e., what kind of production/ function is/ was performed at his/ her workplace?

(Please write in and describe as clearly as possible).

AT: What kind of occupation does your partner have? (If he or she has more than one job, please consider the main job).

AU: What is/ was your spouse's/ partner's occupation – i.e., what is/ was the name or title of his/ her main job? In his/ her main job, what kind of activities does/ did he/ she do most of the time? What does/ did the firm/ organisation he/ she work/ worked for mainly make or do - i.e., what kind of production/ function is/ was performed at his/ her workplace?

CH: What is/ was your partner's occupation? (OPEN on paper/ Web questionnaire: Please enter the first letters of his/ her main job name or title. An automatic list will be displayed allowing you to specify his/ her occupation. If there is no proposal that matches his/ her occupation, write the full name or title of his/ her main job). In his/ her main job, what kind of activities does/ did he/ she do most of the time?

CN: What is the specific job of your spouse or partner now? Name of the job:

DE: What work does your spouse/ partner do in his/ her main job? If he/ she is currently not working for pay, but had paid work in the past, please refer to his/ her last main job. Does this job, this work have a special name?

DK: State your spouse's/ partner's current or last job (the job title), and describe what his/ her main tasks are/ were in the workplace:

ES: What is/ was the name or title of your partner's main job? In his/ her main job, what kind of work does/ did he/ she do most of the time? If you can only provide basic information, this would still be helpful.

FI: What is your spouse's/ partner's current or latest occupation? What are/ were your spouse's/ partner's main activities at work? What does/ did the company or organisation for which your spouse/ partner works/ worked mainly do/ make?

FR: What is the occupation or last occupation of your spouse or partner?

HR: What is (was) the occupation of your spouse/ partner? Please state the exact name of the job title and occupation of your spouse/ partner. Describe what he/ she does, what his/ her main tasks are. What are the requirements for his/ her job with regard to the type and level of education and specialization?

HU: What is/ was your spouse's/ partner's (last) position or job?

IN: What is/ was your spouse's/ partner's occupation - i.e., what is/ was the name or title of his/ her main job? In his/ her main job, what kind of activities does/ did he/ she do most of the time? What does/ did the firm/ organisation he/ she work/ worked for mainly make or do - i.e., what kind of production/ function is/ was performed at his/ her workplace?

IS: What is/ was your spouse's/ partner's occupation (job title)? In his/ her main job, what kind of activities does/ did he/ she do most of the time? What does/ did the firm/ organisation he/ she works/ worked for mainly make or do – i.e., what kind of production/ function is/ was performed at his/ her workplace?

IT: What is/ was your spouse's/ partner's occupation – i.e., what is/ was the name or title of his/ her main job? Please describe it as clearly as possible. In his/ her main job, what kind of activities does/ did he/ she do most of the time? Please describe them as clearly as possible.

JP: Please give details about the main type of work your spouse/ partner is engaged in (e.g. bus driver, delivery worker, working at a construction site, car mechanic, working at a general affairs section in a municipal office, a Japanese teacher at junior high school, a salesperson of printing equipment, works at a cashier desk of a supermarket, counter operations for a bank, computer programmer).

KR: What kind of work does your spouse normally do? What does he/ she actually do in that job? If currently not working, tell me about his/ her last

job.

LT: What is/ was your spouse's/ partner's occupation - i.e., what is/ was your spouse's/ partner's function in his/ her main job? In your spouse's/ partner's main job, what kind of activities does/ did he/ she do most of the time? What does/ did the firm/ organization your spouse/ partner works/ worked for mainly make or do? I.e. what kind of production/ function/ service is/ was performed at your spouse's/ partner's workplace?

NO: What is/ was your spouse's/ partner's work title (main job)? Please make a short description of her/ his work tasks. What does/ did the organisation he/ she work/ worked for mainly make or do?

NZ: What is/ was your spouse's/ partner's main occupation?

PH: What is/ was your spouse's/partner's occupation – i.e., what is/ was the name or title of his/ her main job? In his/ her main job, what kind of activities does/ did he/ she do most of the time? What does/ did the firm/ organisation he/ she work/ worked for mainly make or do – i.e., what kind of production/ function is/ was performed at his/ her workplace? If he/ she works for more than one employer, or if he/ she is both employed and self-employed, please refer to his/ her main job. If he/ she is retired or not currently working, please refer to his/ her last main job.

RU: What is/ was your spouse's or partner's occupation and in what position does/ did she/ he work at her/ his main job? What kind of activities does/ did she/ he do most of the time? What kind of activities is/ was her/ his department specialized in? Which goods are/ were mainly produced or sold, what services are/ were provided? That is - what functions does/ did she/ he perform in the workplace?

SE: What is your spouse's/ partner's occupation? If he/ she is retired or not currently working, please refer to his/ her last main job. In his/ her main job, what kind of activities does he/ she do most of the time? What kind of production/ function is performed at his/ her current or previous workplace?

SI: What kind of work or occupation does your partner do? If not working at the moment: What was his/ her last (main) occupation? (a) Tell detailed name of his/ her position at work and exact profession; b) Describe what does he/ she do, what are (were) his/ her main duties; c) What is the main activity of his/ her work organization?)

SK: Please, write the name of the main occupation of your spouse/ partner. Include detailed description of his/ her working activity: what is/ was his/ her principal activity, responsibility etc. Use two or more words, exclude abbreviations. If he/ she is/ was self-employed or entrepreneur, please, specify the area of his/ her business.

TH: What is your spouse's occupation? (Write in and describe spouse's occupation, main activities, and main function of spouse's workplace? Then, code 4-digit codes according to ISCO 2008.)

TW: What is yo	ur spouse's (or co	habiting partne	er's) occupation (at present, or prior to retirement)? a) Full name of the company	, main product
or service	. b) Division	, Position	. Detailed job description	

US: What kind of work does/ did your spouse/ [cohabitating] partner normally do? What does/ did your spouse/ [cohabitating] partner actually do in that job? What are/ were some of their main duties?

ZA: What is/ was your spouse's/ partner's occupation (The name or title of his/ her main job)?

- 9624 Water and firewood collectors
- 9629 Elementary workers not elsewhere classified

#### Note:

/ CN: High number of missing values, as SPEMPREL was only asked of respondents whose spouse or partner is currently in paid work, i.e. only in the

case where their partner or spouse is engaged in non agriculture work.

/ DE: In order to protect individual respondents from data disclosure it was necessary to combine original 4 digit-categories before data publication based on the grouped ISCO08 categories in the German 2018 Micro Census Dataset.

/ FI: Responses from respondents from the Åland region were recoded to code -9 'No answer' for privacy issues, unless there was no substantive answer anyway due to the filter routing in the questionnaire.

/ FR: French classification of the occupations and the socio-professional categories (PCS 2003) used, then transferred into ISCO 2008.

/ HR: Answers to open-ended questions were coded into ISCO08 codes by the research team.

/ NO: As source code, the Norwegian standard classification of occupations 2008 (STYRK-08) - based on the International Standard Classification of Occupations 2008 (ISCO-08) - has been used.

/ NZ: Asked as free text and coded manually to ISCO08.

/ NZ: The order of the questions in the questionnaire was SPMAINST/ SPWORK, SPWRKHRS, SPISCO08, SPWRKSUP, SPEMPREL.

/ US: US Census 2010 codes recoded to ISCO08. The US data capture all spouse variables regardless of habitation status. In contrary, the US data only capture cohabitating partner variables, not information from non-cohabitating partners.

Variable, Label

Question Text (Original Language)

SPMAINST - Spouse, partner: main status

BVQ\_20. SPMAINST

Which of the following BEST describes your spouse's/ partner's current situation?

If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.

(Please tick one box only.)		

AT: Predominantly, is your partner currently...?

AU: Which of the following best describes your spouse's/ partner's current situation? (If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.)

CH: Which one of the following best describes your partner's current situation?

CN: Derived from 'What is the working experience or employment status of your spouse or partner?' and 'What was the reason that your spouse or partner did not work last week?' and 'Which of the following manner did your spouse or partner adopt for finding a job in the last three month?' and 'What is the type of the work unit (or company) with which your spouse or partner is affiliated now?'

DE: Which of the following best describes your spouse's/ partner's current situation? He/ She is... If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.

DK: Is your spouse/ partner currently employed? (Here we are thinking of main occupation: - If your spouse/ partner is a student or a pupil with part-time or after-school job, please mark your spouse/ partner as student or pupil; - Apprentices or students (with salary): Please note that there is a special response category for apprentices and students (with salary); - If your spouse/ partner is retired or receive a retirement pension, please check these unless he/ she works part-time or more; - Check the category housewife/ home duties only if your spouse/ partner does not belong to any of the other categories.)

ES: Which of these descriptions applies to what your partner has been doing for the last 7 days? Please select all that apply. (To respondents who have marked more than one answer category for their spouse/ partner) And which of these best describes the situation of your partner/ spouse in the last 7 days? Please select only ONE answer.

FI: Which of the following best describes your spouse's/ partner's current situation? If he/ she is temporarily away from paid work on account of parental or other leave, unpaid leave or some other similar reason, please answer according to his/ her normal work situation.

FR: What is the situation of your spouse or your steady partner in relation to work? Is your spouse currently on a Civic Service mission?

HR: What is the employment status of your spouse/ partner (which best describes his/ her current situation)?

HU: Derived from 'Is your partner currently working/ retired?' and 'Is your partner currently looking for a job?' and (If student) 'Is your partner working as an apprentice or as a trainee?' and (If pensioner) 'Is your partner an old-age or widowed pensioner, or a disabled pensioner?' and (If employee) 'Is your spouse/ partner a public worker currently?'.

IN: Which of the following best describes your spouse's/ partner's current situation? (If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.)

IS: Which of the following best describes your spouse's/ partner's current situation? If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.

IT: Which of the following best describes your spouse's/ partner's current situation? If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike/ layoff etc., please refer to his/ her normal work situation.

JP: Which of the following best describes your spouse's/ partner's current situation? If your spouse/ partner temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.

KR: Does your spouse have a job that provides income? Is your spouse currently working for pay? (If not working) What is the primary reason for not

#### working?

- LT: Which of the following best describes your spouse's/ partner's current situation? If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.
- NO: What is your spouse's/ partner's current main activity? (If she/ he is on sick leave, parental leave etc., refer to her/ his normal situation.)
- NZ: Which one of these categories best describes your spouse's/ partner's current employment status?
- PH: Which of the following best describes your spouse's/ partner's current situation? If he/ she is temporarily not working for pay because of temporary illness/ parental leave/ vacation/ strike, etc., please refer to his/ her normal work situation.
- RU: Derived from 'Is your spouse/ partner currently working for pay? If no, did he/ she ever work?' and (If spouse/ partner is currently not in paid work/ never had paid work) 'What is your spouse's/ partner's main status?'
- SE: Which of the following best describes your spouse's/ partner's current situation? If he/ she temporarily is not working because of temporary illness/ parental leave/ vacation/ strike etc., please refer to his/ her normal work situation.
- SI: What best describes your partner's current employment status? If he/ she is not working at the moment, because of illness, maternity leave, strike ect., think of her/ his usual employment status.
- SK: Which of these answers best describes your spouse's/ partner's current situation? If your partner is currently not working for pay because of maternal/ parental leave, illness, vacation or similar, please refer to his/ her normal work situation.
- TH: Which of the following best describes your spouse's current situation?
- TW: Is your spouse (or cohabiting partner) currently working?
- US: Last week was your spouse/ partner working full time, part time, going to school, keeping house, or what?
- ZA: Which of the following best describes your spouse's/ partner's current situation?
- -9 No answer
- -8 IS: Don't know
- -4 (Code 3, -7 in PARTLIV); CN: NAP (Code -4), TW: NAP (Code -4, -7) in PARTLIV; US: (Code 2, 3 in PARTLIV (2 if R is neither married nor cohabitating with their partner))
- 1 In paid work
- 2 Unemployed and looking for a job
- 3 In education
- 4 Apprentice or trainee
- 5 Permanently sick or disabled
- 6 Retired
- 7 Domestic work
- 8 In compulsory military service or community service
- 9 Other

#### Note:

- / AU: Category 8 'In compulsory military service or community service' not used.
- / DE: Code 8 'In compulsory military service or community service' not asked (no compulsory military service).
- / ES: Code 2 includes answers to the two answer options 'Unemployed and actively looking for a job' and 'Unemployed, wanting a job but not actively looking for a job'. Category 8 'In compulsory military service or community service' and category 9 'Other' not used.
- / FR: Category 8 includes 'In Civic Service'. Civic Service is a 6 to 12 months commitment to a mission for the community.
- / HR: Category 8 'In compulsory military service or community service' was omitted in the questionnaire because Croatia doesn't have compulsory military service or community service obliges.
- / HU: Category 8 'In compulsory military service or community service' not used.
- / IS: Category 8 'In compulsory military service or community service' not used.
- / IT: Category 8 ('In compulsory military service or community service') was omitted because there is no such thing as compulsory military or community service in Italy.
- / JP: Category 8 'In compulsory military service or community service' not used.

/ KR: Category 4 'Apprentice or trainee' not used. Category 9 'Other' includes responses to the original answer options 'Old age'/ 'Temporarily not working'/ 'No plans for getting employed'/ 'Religious reasons'/ 'Has no ability to get employed'/ 'Other'.

/ NZ: The order of the questions in the questionnaire was SPMAINST/ SPWORK, SPWRKHRS, SPISCO08, SPWRKSUP, SPEMPREL. Code 8 'In compulsory military service or community service' and code 9 'Others' not used.

/ SI: Category 8 was not used, since there is no compulsory military or community service in Slovenia.

/ SK: Code 8 'In compulsory military service or community service' not asked.

/ US: Code 4 'Apprentice or trainee' and code 8 'In compulsory military service or community service' were not used in the US data. The US data capture all spouse variables regardless of habitation status. In contrary, the US data only capture cohabitating partner variables, not information from non-cohabitating partners.

/ ZA: Code 8 includes 'In community service'.

Question Text (Original Language)

UNION - Trade union membership

BVQ\_21. UNION

Are you or have you ever been a member of a trade union or similar organisation?

If yes: is that currently or only previously?

(Please tick one box only.)

- AT: Are you or have you been a member of the Austrian Trade Union?
- AU: Are you or have you ever been a member of a trade union or similar organisation? If yes: is that currently or only previously?
- CH: Are you or have you ever been member of a trade union or similar organisation?
- CN: Are you a member of the workers union?
- DE: Are you or have you been a member of a trade union?
- DK: Are/ have you been a member of a trade union?
- ES: Are you currently a member of a trade union or have you been one in the past?
- FI: Are you or have you ever been a member of a trade union?
- FR: Are you or have you ever been member of a trade union?
- HR: Are you a member of a trade union or similar association (or were you in the past)? (Similar associations include professional associations whose goal is to promote the economic and social interests of their members, especially with regard to wages, working hours and working conditions.)
- HU: Are you currently a member of trade union? (If 'No') Were you once a member of a trade union?
- IN: Are you or have you ever been a member of a trade union or similar organisation? If yes: is that currently or only previously?
- IS: Are your or have you ever been a member of a trade union or similar organisation? If yes: is that currently or only previously?
- IT: Are you or have you ever been a member of a trade union or similar organisation?
- JP: (If currently in paid work or paid work in the past) Are you a member of a trade union or similar organisation?
- KR: (If 'Currently in paid work') Do you work for someone else? (If 'Yes') Are you a union member? (If 'NO') Were you a member of trade union before?
- LT: Are you or have you ever been a member of a trade union or similar organization? If yes: Is that currently or only previously?
- NO: Are you or have you ever been member of a trade union or a similar organisation?
- NZ: (If currently in paid work or paid work in the past) Are you or have you ever been a member of a Trade Union?
- PH: Are you or have you ever been a member of a trade union or similar organisation? If yes: is that currently or only previously?
- RU: Are you or have you ever been a member of a trade union?
- SE: Are you or have you ever been a member of a trade union?
- SI: Are you a member of trade union?
- SK: Are you currently or were you in the past member of a union?
- TH: Are you or have you been a member of a trade union or similar organization?
- TW: Have you joined a trade/ labour union now or before?
- US: Do you (or your spouse/ [cohabitating] partner) belong to a labor union? 1) Yes, R belongs 2) Yes, spouse/ partner belongs 3) Both belong 4) No
- ZA: Are you or have you ever been a paid-up member of a Trade Union?
- -9 No answer
- -8 IS: Don't know

- -7 Refused
- -4 JP, NZ: NAP (Code 3 in WORK); KR: NAP (C. 2,3 WORK or C. 2-5 EMPREL)
- 1 Yes, currently; US: Yes
- 2 Yes, previously but not currently
- 3 No, never; US: No

#### Note:

/ KR: This question was only asked of respondents currently working for someone else and paid.

/ US: UNION was only asked on 4/6 ballots in the GSS. Each of the 2019 and 2020 ISSP questionnaires was asked on 3/6 ballots. The result of this pattern is that all respondents who got the 2019 ISSP questionnaire also got UNION, but only 1/3 of those who got the 2020 ISSP questionnaire got UNION. For the US data, responses to 'Yes, R belongs' were encoded to ISSP code 1 'Yes, currently'. Responses 'No' were coded as ISSP code 3 'No, never'. ISSP code 2 'Yes, previously but not currently' cannot be generated.

Question Text (Original Language)

ATTEND - Attendance of religious services

BVQ\_23. ATTEND

Apart from such special occasions as weddings, funerals, etc., how often do you attend religious services?

(Please tick one box only.)

AT: How often do you attend to religious services in general?

AU: Apart from such special occasions as weddings, funerals, etc., how often do you attend religious services?

CH: Apart from special occasions as weddings, funerals, etc., how often do you attend religious services?

CN: How often do you participate in religious activities?

DE: In general, how often do you attend religious services? Please do not count special occasions as weddings or funerals.

DK: How often do you attend religious services apart from special occasions such as weddings, funerals etc.?

ES: How often do you go to mass or other religious services, excluding the occasions related to social ceremonies, such as weddings, first communions or, funerals?

FI: Apart from weddings, funerals etc., how often do you attend worship services, church ceremonies or religious services?

FR: Except the marriages, the funerals and the baptisms, how often do you attend a religious cult?

HR: Apart from special occasions like weddings, funerals and so on, how often do you attend religious services?

HU: How often do you go to religious services?

IN: Apart from such special occasions as weddings, funerals, etc., how often do you attend religious services?

IS: Apart from such special occasions as weddings, funerals, etc., how often do you attend religious services?

IT: Now think about your present situation. Apart from such special occasions as weddings, funerals, etc., how often do you attend religious services? ('Religious services' refer to situations where an organized group of people pray, e.g. the mass for the Catholic, the Friday worship at the Mosque for the Muslim, the Saturday worship at the synagogue for the Jewish, etc. 'Mass and religious services' do not include private prayers, made at home or elsewhere.)

JP: How often do you attend a place of worship or prayer? Exclude ceremonial occasions, such as wedding or funerals.

KR: How often do you attend religious services?

LT: Apart from such special occasions (such as weddings or funerals), how often do you attend religious services?

NO: How often do you attend religious services or other religious meetings? (Do not include weddings, funerals, or baptisms or similar.)

NZ: Apart from for weddings, funerals or tangi, and baptisms, how often do you attend religious services now?

PH: Apart from such special occasions as weddings, funerals, etc., how often do you attend religious services?

RU: Do you attend religious services, and if yes, how often?

SE: Apart from such special occasions as weddings, funerals, etc., how often do you attend religious services?

SI: If not counting special occasions such as weddings, funerals, etc., how often do you attend religious services?

SK: How often do you participate in religious services (such as masses and church services)?

TH: Apart from such special occasion as wedding, funerals, how often do you attend religious services?

TW: How often do you participate in any religious group at present? (e.g., pilgrim group, practicing Zen, Sunday service, spirit-cultivation meeting, volunteer work, etc.)? Please answer this question regardless of whether you have a religious belief or not.

US: How often do you attend religious services?

ZA: Apart from special occasions such as weddings, funerals and baptisms, how often do you attend services or meetings connected with your religion?

- -9 No answer
- -8 Don't know
- -7 Refused
- 1 Several times a week or more often (incl. every day, several times a day)
- 2 Once a week
- 3 2 or 3 times a month
- 4 Once a month
- 5 Several times a year
- 6 Once a year; CH, NO, US: Once or twice a year
- 7 Less frequently than once a year
- 8 Never

#### Note:

/ CN: The original answer scale was a reversed 9-point-scale with the answer options 1) Never 2) No more than once a year 3) Once or twice a year 4) Several times a year 5) Once a month 6) Twice or triple a month 7) Almost every week 8) Every week and 9) Several times a week. The scale as been recoded to match the ISSP standard. Observations for the original answer coategories 7 and 8 were merged into the harmonized category 2 'Once a week'.

/ HU: The answer scale indicated in the questionnaire started with code 8 'Never' and ran to code 1 'Several times a week or more often'. Code 6 read 'Once or twice a year'.

/ NO: The original answer scale was a reversed 9-point-scale with the answer options a) Never, b) Less requently than once a year, c) About once or twice a year, d) Several times a year, e) About once a month, f) Two-three times a month, g) Almost every week, h) Every week and i) Several times a week. The scale has been recoded to match the ISSP standard. Cases of the original answer categories f and g were merged into the harmonized category 3 'Two-three times a month'.

/ US: The original answer scale was a reversed 9-point-scale with the answer options 0) Never, 1) Less than once a year, 2) About once or twice a year, 3) Several times a year, 4) About once a month, 5) 2-3 times a month, 6) Nearly every week, 7) Every week and 8) Several times a week. Responses to the original answer options have been recoded to match the ISSP standard. Observations for the original answer category 6) Nearly every week were encoded to ISSP code 3 '2 or 3 times a month'.

Question Text (Original Language)

TOPBOT - Top-Bottom self-placement

BVQ\_24. TOPBOT (10 pt scale)

In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom.

Where would you put yourself on this scale?

(Please tick one box only.)

AT: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Here you see a scale that runs from the top to the bottom. Where would you put yourself on this scale? 1 means 'bottom' and 10 means 'top'.

AU: In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale which runs from top to bottom. Where would you put yourself on this scale?

CH: In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from top to bottom. Where would you put yourself on this scale?

CN: In our society, some people are at the top and some people are at the bottom. The ladder of this card should be viewed from the top down. The highest score of '10' represents the top, and the lowest score of '1' represents the bottom. Taken together, in the current society, where are you in the society?

DE: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom. When you think about yourself: Where would you place yourself on this scale?

DK: In our society, we sometimes say that there are certain groups that are perceived as being at a higher level in society while other groups are perceived as being at a lower level. Below there is a scale which runs from top to bottom. If you should place yourself on this scale where 1 is bottom of society and 10 is top of society, where would it be?

ES: In our society, there are groups that tend to occupy a high or very high position, while others occupy middle or low positions. In a scale where number 1 represents the lowest position and 10 the highest, where would you place yourself?

FI: In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale which runs from top to bottom. Where would you put yourself now on this scale?

FR: In our society, there are groups which are rather at the top of the society and the others which are rather below. Here is a scale which runs from top to bottom. Where do you think you stand on this scale?

HR: In our society there are groups of people that hold a higher or lower social position. Where would you locate yourself on this scale, that ranges from 10 (top) to 1 (bottom)?

HU: In Hungary there are people with higher and lower social status. On the answer sheet you see a ladder, the highest is for the people of the highest social status and the lowest for the lowest. Where would you place yourself on this ladder now?

IN: In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom. Where would you put yourself on this scale?

IS: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom. Where would you put yourself on this scale?

IT: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Where would you put yourself on the scale below?

JP: If current Japanese society were divided into 10 strata (1 being the lowest, and 10 being the highest), to which stratum do you think you belong?

KR: In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs

from top (10) to bottom (1). Where would you put yourself now on this scale?

LT: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Where would you put yourself on this scale? (1 - lowest, bottom and 10 - highest, top).

NO: In Norway, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom. Where would you put yourself on this scale?

NZ: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom. Where would you put yourself on this scale?

PH: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Where would you put yourself on this scale?

RU: In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom. Where would you put yourself on this scale if '10' means the highest social position and '1' the lowest social position? SE: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from the top to the bottom. Where would you put yourself on this scale?

SI: In our society, there are groups of people, which are close to the top and groups that are close to the bottom. Here is a scale, that runs from top to bottom. Where on this scale would you put yourself?

SK: In our society there are people who have a higher position but there are also people who are closer to lower positions. The enclosed scale is arranged from top (code 10) to bottom (code 1). Where would you put yourself on this scale?

TH: In our society, there are groups which tend to be towards the top and groups which tend to the bottom. Where would you place yourself on this scale?

TW: In our society, there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale that runs from top to bottom. Where would you put yourself on this scale?

US: In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. [CATI: On the handcard is .../ WEB: Below is ...] a scale that runs from top to bottom. Where would you put yourself now on this scale?

ZA: In our society there are groups which tend to be towards the top and groups which tend to be towards the bottom. Below is a scale which runs from top to bottom. Where would you put yourself now on this scale?

- -9 No answer

Question Text (Original Language)

#### VOTE\_LE - Did respondent vote in last general election?

BVQ\_25 VOTE\_LE

Some people don't vote nowadays for one reason or another. Did you vote in the last [country] national election in [month/ year]?

(Please tick one box only.)

- AT: Have you participated in the previous Austrian national elections?
- AU: Did you vote in Australia's federal election in May 2019?
- CH: Some people don't vote nowadays for one reason or another. Did you vote in the last national election in October 2019?
- CN: Did you vote in the last neighborhood committee/ village committee election?
- DE: Do you hold the German citizenship? (If yes) The last federal election took place in September 2017. Did you vote in that election?
- DK: Did you vote in the last general election on the 5th of June 2019, or were there some reason that did that you didn't have the opportunity to or the desire to vote?
- ES: There are people today who, for whatever reason, do not vote. Did you vote in the last general election in November 2019?
- FI: Some people don't vote nowadays for one reason or another. Did you vote in the last parliamentary election in April 2019?
- FR: Did you vote in the first round of the 2017's French Presidential Election?
- HR: Some people do not vote in elections for various reasons. Did you vote in the last parliamentary elections held in July 2020?
- HU: Did you attend the last general election in April 2018?
- IN: Some people don't vote nowadays for one reason or another. Did you vote in the 2019 Lok Sabha election held in April-May?
- IS: Some people don't vote nowadays for one reason or another. Did you vote in the last Icelandic national election in October 2017?
- IT: Did you vote in the last national election (25 September 2022)?
- JP: Did you vote in the last Japanese House of Councillors election in July 2019?
- KR: Did you vote in the 21st National Assembly election on April 15, 2020?
- LT: Did you vote in the last Seimas election in October 11th 2020?
- NO: Did you vote in the last parliamentary election in 2017?
- NZ: Derived from 'For which party did you cast your party vote at the 2020 General Election?'
- PH: Some people don't vote nowadays for one reason or another. Did you vote in the last Philippine national election in May 2016?
- RU: Derived from 'Did you vote in the Russian state Duma elections on September 18, 2016? If yes, what party did you vote for or did you spoil the ballot?'
- SE: Some people don't vote nowadays for one reason or another. Did you vote in the last national election?
- SI: Some people don't vote for different reasons. Did you or did you not vote in the last national elections for parliament (June 2018)?
- SK: Did you vote in the last parliamentary elections in February 2020?
- TH: Some people don't vote for one reason or another. Did you vote in the last national election on March 24, 2562 [March 24, 2019 A.D.]?
- TW: Derived from 'Which political party candidate did you vote for in the January 109 [January 11th 2020] presidential election?'.
- US: In 2016, Hillary Clinton ran for President on the Democratic ticket against Donald Trump for the Republicans. Do you remember for sure whether or not you voted in that election?
- ZA: Not aksed. Derived from 'For which party did you vote in the last national election, which was held in 2019?' and 'Age of respondent in completed years'.
- -9 No answer; ZA: No answer/ Refused
- -8 Don't know

- -7 Refused
- -4 NAP, not eligible to vote in last election
- 1 Yes
- 2 No

Note:

Note:

/ AT: The last Austrian national elections were held on September 29, 2019.

/ ES: Separate codes for each not voting ('were not able to' and 'preferred not to vote') and not being eligible ('too young' and 'didn't have the right'), encoded to code 2 'No' and code -4 'NAP, not eligible'.

/ IT: In the interviews conducted before 25 September 2022, the asked question read: 'Do you think you will vote in the next national elections of 25 September 2022?'. In the final data from Italy, there was just one respondent who was asked this question (original answer to VOTE\_LE=1 'Yes'). During the data preparation, this case was recoded to code -9 'No answer' in VOTE\_LE.

/ NZ: Answer option 'I was not eligible to vote' was encoded to -4 'NAP, not eligible to vote in last election' in VOTE\_LE and answer option 'I chose not to vote' to VOTE\_LE code 2 'No'.

/ SE: General election: in 2018.

- 94 Mixed vote (Candidates of several lists)
- 95 Other party
- 96 Invalid ballot

#### Note:

/ CH: Information about the parties in Switzerland in ISSP 2020

The last national elections were in 2019 and the categories were adjusted accordingly. Compared to ISSP 2019, three parties were removed from the list: 'Christian Social Party', 'Swiss Democrats', and 'Movement of the citizens of French-speaking Switzerland'. For Swiss standards, there are massive shifts in the 2019 parliamentary elections. Carried along by the new 'Green wave' in Europe, the left and right ecological parties ('Green Party' and 'Green Liberal Party') are the resounding winners of the 2019 parliamentary elections. The 'Swiss People's Party' instead loses many votes and a big number of seats in the National Council.

#### Swiss People's Party (Right, conservative)

Founded in 1936 from an association of farmers and artisans, this party became more and more populist, especially its right wing. Since the 1990's, they adopted certain anti-foreigner positions from the far-right. In terms of share of total votes, they form the biggest Swiss party, while they are outreached by the Christian Democrats and the 'FDP.The Liberals' in terms of membership. Since 2016, they are represented with two members in the Federal Council (national government). After achieving their best result ever in the 2015 national elections with a share of total votes of 29.4 %, the party is the big loser in the 2019 national elections and has to give up 13 seats in the National Council. They form their own faction in an alliance with the 'Lega' (1 Seat) and the 'Federal Democratic Union' in a resulting total of 55 seats in the National Council (total: 200 seats). In the Council of States they've gained 6 out of 46 seats.

Social Democratic Party (Centre-left)

As a merge of several cantonal workers' parties, the Socialist/ Socialdemocratic Party has been founded in 1888. It is currently the most pro-European party in Switzerland. It ranks fourth in terms of membership, but is the second biggest party in terms of votes and seats (39) in the National Council. There, they form their own faction. In the Council of States they are represented with 9 seats.

#### FDP. The Liberals (Right, conservative)

After some years of political alliance between the Radicals and the much smaller Liberal Party, in January 2009, they merged to form the new party 'FDP.The Liberals'. The former FDP was founded in 1894, growing out of the liberal, radical and democratic movements that dominated the first decades of the federal state. The Liberal Party as well has roots going back as far as in the 19th century and was developed mainly in French-speaking Switzerland. Very much like its precursors, 'FDP. The Liberals' relies on classical liberalism. It has two members in the Federal Council and 29 seats in the National Council. With a number of 120.000, it has by far the most members of all Swiss parties. 'FDP.The Liberals' too, they form their own faction in the National Council and are assigned 12 seats in the Council of States.

#### Christian-Democratic People's Party (Centre-right, conservative)

This party has been founded by conservative Catholics, who lost the short civil war of 1847. Nevertheless, they are currently also present in Protestant cantons, with more eccentric positions. They claim for a social market economy. It is the second largest party in terms of membership, but the smallest of the four-party coalition governement. Together with the 'Evangelical People's Party' and the 'Conservative Democratic Party' they form the third largest faction (44 seats), in which they hold 38 seats. In the Council of States they are assigned 13 seats.

#### Conservative Democratic Party of Switzerland (Centre right)

The 'Conservative Democratic Party' was created in November 2008 as a split of the 'Swiss People's Party'. The 'Swiss People's Party' (UDC, SVP) becoming more and more populist, a fraction of this party split from it, creating the more moderate 'Conservative Democratic Party of Switzerland'. They put forward conservative values and economic liberalism. In the 2019 parliamentary elections, the party loses 6 of its nine seats in the National Council and also its only seat in the Council of States. In the National Council, the party forms a faction together with the 'Christian-Democratic People's Party' and the 'Evangelical People's Party', in which they hold 3 seats.

#### Green Party (Left, centre left)

Born from the environmental movement, this party was founded in 1983 and gained strength throughout the 1980s. It is the strongest party not represented in the national executive government. In the 2019 parliamentary elections, the 'Green Party' gains a historic number of 17 seats, outpasses the 'Christian-Democratic People's Party' and is now the fourth strongest party. Never since 1919 has a party gained so many seats in a single election. They currently hold 28 seats in the national parliament and form a faction together with the 'Swiss Labour Party' (1 seat) and 'Solidarity' (1 seat). In the Council of States they are represented with 5 seats.

#### Green liberal party (Centre, liberal)

Founded in 2007, they immediately won a seat in the Council of the states and three in the National Council. Since then, they successfully expanded in the cantonal elections. Sharing the idea of environmentalism with the 'Green Party', its party program differs strongly with respect to regulation of the economy. It aims to combine moderate economic liberalism, liberalism on civil liberties and environmental sustainability. Just like the 'Green Party', the 'Green-Liberals' also gain many seats in the 2019 elections. They are now represented with 16 seats in the National Council and form their own faction.

#### Evangelical People's Party (Centre)

Founded in 1919, this small protestant party stands rather centre-left on some issues (redistribution, education, immigration, environment), but is conservative on others (abortion, family, euthanasia). The economic position is centrist. Alliance with the 'Christian Democrats', being in the same faction at the national level

#### Federal Democratic Union (Far right)

The Christian, national-conservative Federal Democratic Union lost their only seat in parliament in the 2011 elections, while they won two seats in the 2003-election and one in 2007. They stand for value-oriented, biblical positions and strongly refuse European integration of Switzerland.

### Lega dei Ticinesi (Far right)

Founded in 1991, this populist party refers to the model of the Italian 'Lega Lombarda'. It defends national conservative and isolationist positions and is one of the major parties in the Canton Ticino. With one seat in the National Council they belong to the 'Swiss People's Party' faction.

### Swiss labour party (Far left)

This party was founded in 1944 by the illegal 'Communist Party of Switzerland'. They have one seat in the National parliament and belong to the faction of the 'Green Party'.

#### Solidarity (Far left)

'Solidarity' is an anticapitalist, ecologist and feminist party, present in French-speaking Switzerland, in the cantons of Geneva, Vaud, Neuchatel and Fribourg, as well as in the German Swiss canton of Basel. Solidarity refers to the anticapitalist, ecologist and feminist left. The organization advocates a revolutionary transformation of the society based on socialist bases and democratic values. The party invests a lot into social movements; its members militate actively in labor unions, in diverse associations of the labor movement, in anti-globalization movement and are active in many other activities in relation with the class struggle. In Switzerland, 'Solidarity' is a party associated with the 'Labour Party' (POP-PST) and the electoral coalition 'Ensemble a gauche' (EaG).

Question Text (Original Language)

PH\_PRTY - Country specific party voted for in last general election: Philippines

PH\_PRTY - Philippines: Party voted for in last election

Thinking back to the last general election in May 2016, which party did you vote for?

- -9 No answer
- -8 Don't know
- -7 Refused
- -4 NAP (Code 2, -4, -7 in VOTE\_LE)
- -2 NAP, other countries
- 1 National Unity Party (Philippines)
- 2 Tingog Sinirangan Partylist
- 3 Lakas-Christian Muslim Democrats (Lakas-CMD)
- 4 Liberal Party (LP)
- 5 Nacionalista Party (NP)
- 6 United Nationalist Alliance (UNA)
- 7 Nationalist People's Coalition
- 8 People's Reform Party
- 9 Centrist Democratic Party of the Philippines
- 10 Gabriela Women's Party
- 11 Anakbayan
- 12 Bayan Muna
- 14 Kilusang Bagong Lipunan
- 23 Partido Demokratiko Pilipino-Lakas ng Bayan (PDP-Laban)
- 24 Ako Bicol
- 29 Hugpong ng Pagbabago
- 95 Other Party

#### Note:

/ PH: Philippine politics generally has a weak party system, it is personality driven. The leaders are directly elected and not due to their party affiliations. A particular party is only elected if it's for the party list representation in the Lower House of Congress (but even this normally gets low turnouts among voters). This is the reason why normally voters don't even recall the party affiliation of the leader they just elected.

Question Text (Original Language)

#### PARTY\_LR - Party R voted for in last general election: left-right scale (derived from nat\_PRTY)

Party voted for in last general election: left/ right scale

Based on 'party voted for in last general election' and derived by expert judgement from the country-specific parties (nat\_PRTY) into the left-right scheme:

[Question text see nat\_PRTY: AT\_PRTY-ZA\_PRTY]

- -9 No answer
- -8 Insufficient information to code into scheme
- -7 Refused
- -4 NAP (Code 2, -4, -7 in VOTE\_LE)
- -1 Not available (CN, TW)
- 1 Far left (communist, etc.)
- 2 Left / center left
- 3 Center / liberal
- 4 Right / conservative
- 5 Far right (fascist, etc.)
- 6 Other
- 96 Invalid ballot

#### Note:

/ LT: Code 6 'Other' includes parties of ethnic minorities, agrarian, nationalist, green and populist parties.

/ SE: In ISSP 2019 and ISSP 2020 Christian Demokrats (Kd) are coded as 4 (right/conservative) in Party\_LR. Previously Kd was coded as 3 (centre /liberal).

/ TW: This kind of party affiliation (left-right) does not fit for Taiwan's political situation.

Question Text (Original Language)

#### AT\_ETHN1 - Country specific ethnic group 1: Austria

BVQ\_27. nat\_ETHN1+2

Please indicate which of the following group or groups you consider yourself to belong to.

(Please select one or two groups only.)

[Closed list of country-specific ethnic groups plus open 'other' option, use multiple-response format for up to two responses.]

COMMENT ON nat\_ETHN1+2: The aim of these variables is to capture the respondent's self-assessed affiliation with one or two particular ethnic groups. In case the respondent uses the opportunity to name two ethnic groups he/ she feels affiliated with, there is no ranking implied between the two responses.

#### AT\_ETHN1 - Austria: Country specific ethnic group 1

Derived from 'Will you tell me where your father was born?' and 'And where was your mother born?'

- -9 No answer
- -8 Don't know
- -2 NAP, other countries
- 1 Both parents born in Austria
- 2 One parent born abroad
- 3 Both parents born abroad

#### Note

/ AT: The questionnaire offered eight countries as answer options for each question (Austria, Germany, Turkey, Slovenia, Serbia, Croatia, Bosnia Herzegowina, Macedonia) plus an additional category 'In a different country' which was manually assigned to the right country code in retrospect (see also F\_BORN and M\_BORN). The last step was to assign the countries to the categories of the present variable.

Question Text (Original Language)

DK\_ETHN1 - Country specific ethnic group 1: Denmark

DK\_ETHN1 - Denmark: Country specific ethnic group 1

Which one(s) of the following group(s) do you identify with? Please put only one or two crosses:

Danes/ Turks/ Romanians/ Iraqis/ Iranians/ Palestinians/ Bosnians/ Russians/ Afghans/ Somalis/ Muslims/ Christians/ Jews/ Other group, write which \_\_\_\_\_\_/ Does not belong to any group

- -9 No answer
- -8 Don't know
- -7 Refused
- -2 NAP, other countries
- 1 Danish group
- 2 Migrants group
- 3 Religious group
- 4 None or other group

#### Note:

/ DK: Respondents were able to choose up to two answers from the group designations documented with the question text. Danes make up the Danish group. The migrants' group includes Turks, Romanians, Iraqis, Iranians, Palestinians, Bosnians, Russians, Afghans, Somalis. As religios group count Muslims, Christians and Jews. The forth group includes 'Does not belong to any group' and 'Other group'. During processing, the answers of respondents who selected a single answer were then grouped into the four valid categories of this variable. The data from respondents who selected two groups was coded to missing value -9 in this variable. Compare DK\_ETHN2 for data from respondents who selected two answers.

- 1 Black African
- 2 Coloured
- 3 Indian/Asian
- 4 White
- 5 Other

#### Note:

/ ZA: Given the apartheid history in South Africa, the race categorization of white, black (African), Indian and coloured is very commonly understood in South Africa. This is the most common variable used to categorise various the races. Among the African people there are various tribes, and the most common way - although this is seldom used - to ethnisize the African group would be to use the African language that they speak, i.e. Sesotho, Setswana, Sepedi, Siswati, IsiNdebele, IsiXhosa, IsiZulu, Xitsonga, Tshivenda. In terms of the White groups (Europeans) it is fairly uncommon to ask origin country and the only further distinction is again based on language that is the Afrikaans speakers and the English speakers. Coloured people and the Indian population are generally treated as a homogenous group with no further distinction.

Question Text (Original Language)
HOMPOP - How many persons in household
BVQ_28. HOMPOP
Including yourself, how many people - including children - usually live in your household?
Adults of 18 years and older
Children between [school entry age] to 17 years of age
Children below [school entry age]
This makes a total of how many people? -> HOMPOP
COMMENT ON HOMPOP: Depending on interview mode, different options for presenting the questions BVQ_28BVQ_31. would be preferable. One
option is a household grid that can easily be presented in self-administered modes. In a face to face interview, the interviewer has the chance to ask
for the different groups of household members separately and discuss possible inconsistencies, so the above mentioned grid can be broken up into
individual questions.
AT: How many persons live in your household (including yourself)?
AU: Including yourself, how many people - including children - usually live in your household? d) This makes a total of how many people:
CH: Including yourself, how many people – including children – usually live in your household? Total number of people in the household:
CN: Derived from 'Please tell us the title (relationship to the interviewee) of each person in your family.' and 'Is he/ she living with you at present?'
DE: How many people are living in your household, including yourself? Please also count toddlers and persons who regularly live here but are
currently absent, e.g. in hospital or on holiday. Please tick or enter the number of persons: Only myself / In total persons
DK: How many people live in your household (including yourself)? Please write how many there are in the different age groups. d) This gives in total
how many people? (The answer to the last question must not exceed the sum of the previous three.) Number:
ES: How many people (adults and children) usually live in your house, including you?
FI: Including yourself, how many people usually live in your household? a) Altogether persons
FR: How many persons live in your household, including yourself? This makes a total of:
HR: Including yourself, how many persons (including children) live in your household? Total:
HU: Altogether how many persons, including you, live in your family (household)?
IN: Including yourself, how many people - including children - usually live in your household?
IS: Including yourself, how many people – including children – usually live in your household? d) This makes a total of how many people:
IT: Including yourself, how many people usually live in your household?
JP: Including yourself, how many people usually live in your household? Total:
KR: Derived from 'Now I would like to ask about your family members. Please include all family members who are living in your house and who are
temporarily living somewhere else' and 'How old is [person]?' And 'Is [person] living in your house, or is [person] temporarily living elsewhere?'
LT: Including yourself, how many people - including children - usually live in your home? This makes a total of how many people: (number of
people)
NO: Including yourself, how many people live normally in your household, and how are the household members distributed on age groups? d) In
total, including yourself:
NZ: Derived from 'We would like to know about who is currently living with you in your household. We don't need to know names, just their ages,
genders, and relationships to you. Please list all people living in the household at the moment in the grid below.': Total.
PH: Including yourself, how many people – including children – usually live in your household? Total persons in HH:
RU: How many people usually live in your household including yourself, spouse/ partner, children and temporarily absent members? a) Total

02515 Stady No. 7000 (V2.0.0); https://doi.org/10.4252/11.14155
number of people, including yourself:
SE: How many persons - children and adults - in total are in your household? (Count yourself also)
SI: Name the number of people that live together with you in your household – including yourself. Total of all people in the household:
SK: How many people live altogether in your household? Include yourself.
TH: How many persons are there in your home, including you and the children: (If there is only the respondent in the household, code 01; If it
isn't a private household, code 96; Include also: who is only temporarily staying within the household, and who is temporarily away but expected to
come back).
TW: Including yourself, how many people live in your household?
US: Information on household composition derived from questions asked of all persons in the household (max. of 14 household members) on
'Person's relationship to head of household', 'Gender of person', 'Age of person', 'Marital status of person' and 'If person is staying somewhere else
right now - and if yes, where'.
ZA: Derived from household roster (from the question 'Please list all persons in the household who eat from the same cooking pot and who were
resident 15 out of the past 30 days').

- -9 No answer
- -4 NAP (Not a private household)
- 1 One person (only respondent)
- 2 Two persons
- 3 Three persons
- 4 Four persons
- 5 Five persons
- 6 Six persons
- 7 Seven persons
- 8 Eight persons
- 9 Nine persons
- 10 Ten persons
- 11 Eleven persons
- 12 Twelve persons
- 13 Thirteen persons
- 14 Fourteen persons
- 15 Fifteen persons
- 16 Sixteen persons
- 17 Seventeen persons
- 18 Eighteen persons
- 19 Nineteen persons
- 21 Twenty-one persons
- 22 Twenty-two persons
- 25 Twenty-five persons
- 26 Twenty-six persons

#### Note:

/ CH: The household composition was checked and inconsistencies corrected based on information from the national register. However, if respondents did not answer the question about the household composition at all, as a rule, their answers were left in the dataset as 'No answer' and these were not supplemented with the information from the national register for ethical reasons in the context of sample data.

/ KR: These questions were asked for a maximum of 10 persons. In the ISSP household variables, family members temporarily living elsewhere were excluded and persons living in the household but not part of the family were included.

/ SE: This question version was introduced in 2016, trying to get correct information regarding the household composition. This is the best solution

so far, much less errors compared to previous attempts in former surveys. However, still some respondents do not seem to be able to fill in the right figures. Therefore, the household variables HOMPOP, HHADULT, HHCHILDR, HHTODD may contain some measurement errors.

Question Text (Original Language)
HHADULT - How many adults in household
BVQ_29. HHADULT
Again including yourself, how many adults of 18 years and older live in your household?
Adults of 18 years and older -> HHADULT
Children between [school entry age] to 17 years of age
Children below [school entry age]
This makes a total of how many people?
COMMENT ON HHADULT: Depending on interview mode, different options for presenting the questions BVQ_28BVQ_31. would be preferable. One
option is a household grid that can easily be presented in self-administered modes. In a face to face interview, the interviewer has the chance to ask
for the different groups of household members separately and discuss possible inconsistencies, so the above mentioned grid can be broken up into
ndividual questions.
AT: (If the answer to HOMPOP is neither 1 nor 'No answer') And how many of them are - adults of 18 years or older?
AU: Including yourself, how many people - including children - usually live in your household? a) Adults of 18 years and older:
CH: Number of adults (18 years and older):
CN: Not asked.
DE: Number of persons aged 18 + derived from '(If HOMPOP>1) How old are the people you live with? Please enter the age for each of these persons i
the household! Person 1 AGE:, Person 2 AGE:, Person 3 AGE:, Person 10 AGE:'
DK: How many people live in your household (including yourself)? Please write how many there are in the different age groups. a) Adults 18 years or
older? Number:
ES: Could you tell me the gender, age of birth and kinship relation that you have with each of these people? - Household members aged 18 and
above:
FI: Including yourself, how many people usually live in your household? b) Aged 18 years or older persons
FR: How many persons live in your household, including yourself? Adults of 18 years and more:
HR: Including yourself, how many persons (including children) live in your household? No. of adults (18 years and older):
HU: I would like to ask some questions about the members of your family. Let's start with you! What is your date of birth? (birth year, birth
month)
N: How many adults in household (18 years or above)?
S: Including yourself, how many people – including children – usually live in your household? a) Adults of 18 years and older:
T: Again including yourself, how many adults of 18 years and older usually live in your household?
JP: Including yourself, how many people usually live in your household? Adults of 18 years and older:
KR: Derived from 'Now I would like to ask about your family members. Please include all family members who are living in your house and who are
temporarily living somewhere else' and 'How old is [person]?' And 'Is [person] living in your house, or is [person] temporarily living elsewhere?'
T: Including yourself, how many people - including children - usually live in your home? Adults of 18 years and older: (number of people)
NO: Including yourself, how many people live normally in your household, and how are the household members distributed on age groups? a)
Number of people 18 years or more, including yourself:
NZ: Derived from 'We would like to know about who is currently living with you in your household. We don't need to know names, just their ages,
genders, and relationships to you. Please list all people living in the household at the moment in the grid below.': HHADULT (18+).
PH: Including yourself, how many adults of 18 years old and older live in your household? Total adults 18 and above in HH:

RU: How many people usually live in your household including yourself, spouse/ partner, children and temporarily absent members? b) Number of
adults (18 and older), including yourself:
SE: How many persons in your household a) are 18 years or older? (Count yourself also)
SI: Name the number of people that live together with you in your household – including yourself. Adults aged 18 years and over:
SK: (If no single household) How many adults aged 18 and more live in your household? Include yourself.
TH: The number of adults of 18 years and older:
TW: c) Among those who live in your household, how many of them are aged 18 years or older?
US: Calculated from information on household composition - Number of members over 17 years old (18+ years).
ZA: Derived from household roster (from the question 'Please list all persons in the household who eat from the same cooking pot and who were
resident 15 out of the past 30 days').

Note:
/ CH: The household composition was checked and inconsistencies corrected based on information from the national register. However, if

respondents did not answer the question about the household composition at all, as a rule, their answers were left in the dataset as 'No answer' and these were not supplemented with the information from the national register for ethical reasons in the context of sample data.

/ KR: These questions were asked for a maximum of 10 persons. In the ISSP household variables, family members temporarily living elsewhere were excluded and persons living in the household but not part of the family were included.

/ SE: This question version was introduced in 2016, trying to get correct information regarding the household composition. This is the best solution so far, much less errors compared to previous attempts in former surveys. However, still some respondents do not seem to be able to fill in the right figures. Therefore, the household variables HOMPOP, HHADULT, HHCHILDR, HHTODD may contain some measurement errors.

/ ZA: The survey is conducted on 16+. In some households there are no persons aged 18+.

HHCHILDR - How many children above school entry age in household
BVQ_30. HHCHILDR
And how many children between [school entry age] and 17 usually live in your household?
Adults of 18 years and older
Children between [school entry age] to 17 years of age -> HHCHILDR
Children below [school entry age]
This makes a total of how many people?
COMMENT ON HILCHI DD. Depending an interview mode different entings for presenting the guestions DVO 20 DVO 21 would be preferable. One
COMMENT ON HHCHILDR: Depending on interview mode, different options for presenting the questions BVQ_28BVQ_31. would be preferable. One option is a household grid that can easily be presented in self-administered modes. In a face to face interview, the interviewer has the chance to ask
for the different groups of household members separately and discuss possible inconsistencies, so the above mentioned grid can be broken up into
individual questions.
individual questions.
AT: (If the answer to HOMPOP is neither 1 nor 'No answer') How many of them are - Children from 14-17 years? + Children from 6-13 years
?
AU: Including yourself, how many people - including children - usually live in your household? b) Children between 5-17 years of age:
CH: Number of children between 6 to 17 years of age:
CN: Not asked.
DE: Number of persons aged 6 to 17 derived from '(If HOMPOP>1) How old are the people you live with? Please enter the age for each of these persons
in the household! Person 1 AGE:, Person 2 AGE:, Person 3 AGE:, Person 10 AGE:'
DK: How many people live in your household (including yourself)? Please write how many there are in the different age groups. b) Children between 6
and 17 years? Number:
ES: Could you tell me the gender, age of birth and kinship relation that you have with each of these people? - Household members aged 6-17:
FI: Including yourself, how many people usually live in your household? c) Aged 7 - 17 years persons
FR: How many persons live in your household, including yourself? Children between 6 and 17 years of age:
HR: Including yourself, how many persons (including children) live in your household? No. of children from 7 to 17 years:
HU: I would like to ask some questions about the members of your family. Let's start with you! What is your date of birth? (birth year, birth
month)
IN: How many children between 5 to 17 years of age live in your household?
IS: Including yourself, how many people – including children – usually live in your household? b) Children between 6-17 years of age:
IT: And how many children between 6 and 17 usually live in your household?
JP: Including yourself, how many people usually live in your household? 6 years to 17 years of age:
KR: Derived from 'Now I would like to ask about your family members. Please include all family members who are living in your house and who are
temporarily living somewhere else' and 'How old is [person]?' And 'Is [person] living in your house, or is [person] temporarily living elsewhere?'
LT: Including yourself, how many people - including children - usually live in your home? Children between 7 and 17 years of age (inclusive):
(number of people)
NO: Including yourself, how many people live normally in your household, and how are the household members distributed on age groups? b)
Number of children 6-17 years old:
NZ: Derived from 'We would like to know about who is currently living with you in your household. We don't need to know names, just their ages,
genders, and relationships to you. Please list all people living in the household at the moment in the grid below.': HHCHILDR (5-17).

PH: How many children between 7-17 years old usually live in your household? Please include step-children and adopted children. Total children 7-17
n HH:
RU: How many people usually live in your household including yourself, spouse/ partner, children and temporarily absent members? c) Number of
school-age children (between 7 and 17 years):
SE: How many persons in your household b) are between 7 and 17 years?
SI: Name the number of people that live together with you in your household – including yourself. Children and teens from 6 to 17 years:
SK: (If no single household) How many children between 6 and 17 years live in your household?
TH: The number of children between 6 -17 years of age:
TW: b) Among those who live in your household, how many of them are aged 7-17?
JS: Calculated from information on household composition - Number of members 6 to 12 years + Number of members 13 to 17 years old.
ZA: Derived from household roster (from the question 'Please list all persons in the household who eat from the same cooking pot and who were
resident 15 out of the past 30 days').

- -9 No answer; AU: No answer and no children between 5 to 17
- -4 NAP (Not a private household)
- -1 Not available (CN)
- 0 No children [school entry age] to 17
- 1 One child [school entry age] to 17
- 2 Two children [school entry age] to 17
- 3 Three children [school entry age] to 17
- 4 Four children [school entry age] to 17
- 5 Five children [school entry age] to 17; SE: Five or more
- 6 Six children [school entry age] to 17
- 7 Seven children [school entry age] to 17
- 8 Eight children [school entry age] to 17
- 11 Eleven children [school entry age] to 17

#### Note:

/ AU: Many of the respondents did not answer this question. Although it can be assumed for a large part that these respondents do not have children of this age, one cannot be sure. For this reason, the rather few cases originally encoded to 0 were added to code -9 'No answer' with a country-specific answer for Australia 'No answer also including no children of that age'.

/ CH: The household composition was checked and inconsistencies corrected based on information from the national register. However, if respondents did not answer the question about the household composition at all, as a rule, their answers were left in the dataset as 'No answer' and these were not supplemented with the information from the national register for ethical reasons in the context of sample data.

/ IN: Enrolment in school takes place at the age of five.

/ KR: These questions were asked for a maximum of 10 persons. In the ISSP household variables, family members temporarily living elsewhere were excluded and persons living in the household but not part of the family were included.

/ SE: This question version was introduced in 2016, trying to get correct information regarding the household composition. This is the best solution so far, much less errors compared to previous attempts in former surveys. However, still some respondents do not seem to be able to fill in the right figures. Therefore, the household variables HOMPOP, HHADULT, HHCHILDR, HHTODD may contain some measurement errors.

/ TH: Primary school starts at the age of 6 years.

Question Text (Original Language)
HHTODD - How many children below school age in household
BVQ_31. HHTODD
How many children below [school entry age] live in your household?
Adults of 18 years and older
Children between [school age] - 17 years of age
Children up to the age of [school age - 1] years -> HHTODD
This makes a total of how many people?
COMMENT ON HHTODD: Depending on interview mode, different options for presenting the questions BVQ_28BVQ_31. would be preferable. One option is a household grid that can easily be presented in self-administered modes. In a face to face interview, the interviewer has the chance to ask for the different groups of household members separately and discuss possible inconsistencies, so the above mentioned grid can be broken up into individual questions.
AT: (If the answer to HOMPOP is neither 1 nor 'No answer') How many of them are - Children from 3-5 years? + Children from 0-2 years?  AU: Including yourself, how many people - including children - usually live in your household? c) Children up to and including the age of 4:  CH: Number of toddlers (below 6 years of age):  CN: Not asked.
DE: Number of persons aged 5 or below derived from '(If HOMPOP>1) How old are the people you live with? Please enter the age for each of these
persons in the household! Person 1 AGE:, Person 2 AGE:, Person 3 AGE:, Person 10 AGE:'
DK: How many people live in your household (including yourself)? Please write how many there are in the different age groups. c) Children between C
and 5 years? Number:
ES: Could you tell me the gender, age of birth and kinship relation that you have with each of these people? - Household members aged 0-5:
FI: Including yourself, how many people usually live in your household? d) Aged 6 years or under persons
R: How many persons live in your household, including yourself? Children up to the age of 5 years:
HR: Including yourself, how many persons (including children) live in your household? No. of children up to 6 years:
HU: I would like to ask some questions about the members of your family. Let's start with you! What is your date of birth? (birth year, birth month)
N: How many toddlers up to the age of 4 years live in your household?
S: Including yourself, how many people – including children – usually live in your household? c) Children up to the age of 5 years:
T: And how many children below 6 usually live in your household?
JP: Including yourself, how many people usually live in your household? Up to the age of 5 years:
KR: Derived from 'Now I would like to ask about your family members. Please include all family members who are living in your house and who are
temporarily living somewhere else' and 'How old is [person]?' And 'Is [person] living in your house, or is [person] temporarily living elsewhere?'
T: Including yourself, how many people - including children - usually live in your home? Children up to the age of 6 (inclusive): (number of people)
NO: Including yourself, how many people live normally in your household, and how are the household members distributed on age groups? c) Number of children less than 6 years old:
NZ: Derived from 'We would like to know about who is currently living with you in your household. We don't need to know names, just their ages,
genders, and relationships to you. Please list all people living in the household at the moment in the grid below.': HHTODD (0-4).
PH: How many children aged from zero years to six years old live in your household? Please include step-children and adopted children. Total

children 0-6 in HH:
RU: How many people usually live in your household including yourself, spouse/ partner, children and temporarily absent members? d) Number of
pre-school children (between 0 and 6 years):
SE: How many persons in your household c) are younger than 7 years?
SI: Name the number of people that live together with you in your household – including yourself. Children younger than 6 years:
SK: (If no single household) How many children younger than 6 years live in your household?
TH: The number of children at 5 years of age and below:
TW: a) Among those who live in your household, how many of them are aged 0-6?
US: Calculated from information on household composition - Number of members under 6 years.
ZA: Derived from household roster (from the question 'Please list all persons in the household who eat from the same cooking pot and who were
resident 15 out of the past 30 days').

- -9 No answer; AU: No answer and no children below 5
- -4 NAP (Not a private household)

- 0 No children below [age of school entry]
- 1 One child below [age of school entry]
- 2 Two children below [age of school entry]
- 3 Three children below [age of school entry]
- 4 Four children below [age of school entry]
- 5 Five children below [age of school entry]; SE: Five or more
- 6 Six children below [age of school entry]
- 7 Seven children below [age of school entry]
- 8 Eight children below [age of school entry]

### Note:

/ AU: Many of the respondents did not answer this question. Although it can be assumed for a large part that these respondents do not have children of this age, one cannot be sure. For this reason, the rather few cases originally encoded to 0 were added to code -9 'No answer' with a country-specific answer for Australia 'No answer also including no children of that age'.

/ CH: The household composition was checked and inconsistencies corrected based on information from the national register. However, if respondents did not answer the question about the household composition at all, as a rule, their answers were left in the dataset as 'No answer' and these were not supplemented with the information from the national register for ethical reasons in the context of sample data.

/ KR: These questions were asked for a maximum of 10 persons. In the ISSP household variables, family members temporarily living elsewhere were excluded and persons living in the household but not part of the family were included.

/ SE: This question version was introduced in 2016, trying to get correct information regarding the household composition. This is the best solution so far, much less errors compared to previous attempts in former surveys. However, still some respondents do not seem to be able to fill in the right figures. Therefore, the household variables HOMPOP, HHADULT, HHCHILDR, HHTODD may contain some measurement errors.

/ TH: Primary school starts at the age of 6 years.

IS\_INC - Country specific household income: Iceland

IS\_INC - Iceland: Country specific household income

(If not living alone)

Before taxes and other deductions, what on average is the total monthly income of your household?

By total income we mean all wages, including from extra jobs and overtime, student loans, disability payments, retirement payments, housing benefits etc.

If you do not know the exact amount, please give an estimate of the amount.

The total monthly income (in ISK) of my household is on average: \_\_\_\_\_

- -9 No answer
- -2 NAP, other countries
- 0 No income

50000 50 000 ISK per month, before taxes

16000000 16 000 000 ISK per month, before taxes

#### Note:

/ IS: Monthly average income before taxes in Islandic Krona (ISK); unclassified exact amount of income is coded.

 $/ \ IS: \ Question \ on \ houshold \ income \ only \ asked \ if \ HOMPOP \ is \ greater \ than \ or \ equal \ to \ 2. \ Personal \ income \ retrospectively \ imputed.$

13500000 12 000 000 - 14 999 999 JPY

20000000 15 000 000 JPY and more per year, gross

#### Note:

/ JP: Last year's gross income in Japanese Yen (JPY); midpoints of the income classes are coded.

/ JP: The questions about the household composition and on the personal und household income were asked in the following order: first the question about the number of household members for the different age categories (HOMPOP/ HHADULT-HHCHILDR), then the question on household income (JP\_INC), which respondents who live alone skipped, and then the question on personal income (JP\_RINC), which all respondents had to answer. Therefore: If HOMPOP=1, JP\_INC was taken from JP\_RINC (JP\_RINC=JP\_INC).

Question Text (Original Language)

KR\_INC - Country specific household income: Korea (South)

KR\_INC - Korea (South): Country specific household income

Before taxes and other deductions, what is the total average monthly income in your household? This includes all sources of income (e.g. work income, interest or dividends, property income, rent, pensions, welfare support, or the money personally provided by somebody) from all household members including yourself. APPROXIMATELY: \_\_\_\_\_\_\_ MAN (10,000) WON.

(If the respondent does not have a regular monthly income (e.g. farmer), divide the estimated annual income by 12.) (Make sure to include the income of each family member living with the respondent.)

- -8 Don't know
- -2 NAP, other countries
- 0 No income

100000 100 000 KRW per month, before taxes 30000000 30 000 000 KRW per month, before taxes

#### Note:

/ KR: Monthly average income before taxes in Korean WON (KRW); unclassified exact amount of income is coded.

/ KR: Even though HOMPOP = 1, household income and personal income are not always the same because household income includes the income of family member living separately.

SK\_INC - Country specific household income: Slovakia

SK\_INC - Slovakia: Country specific household income

(IF HOMPOP > 1)

Now we would like to ask about the income of your HOUSEHOLD.

By household we mean a shared household of spouses or partners, who live alone, with children, eventually with parents as well as households of independently living persons who share a common budget.

From the following list, please, choose the option that represents the size of net monthly income of all household members together when you include wages, pensions, scholarships and all other working and non-working incomes? Count in your own income too, please.

- SI: What is your marital status?
- SK: What is your current marital status?
- TH: What is your current marital status?
- TW: What is your current marital status?
- US: Are you currently married, widowed, divorced, separated, or have you never been married?
- ZA: What is your current marital status?

- -9 No answer: CN: Cohabit
- -7 Refused
- 1 Married
- 2 Civil partnership; IS: In registered cohabition
- 3 Separated from spouse/civil partner (still legally married/still legally in a civil partnership)
- 4 Divorced from spouse/ legally separated from civil partner; AT: Divorced/ Separated
- 5 Widowed/ civil partner died
- 6 Never married/ never in a civil partnership

#### Note:

/ AT: The national questionnaire conflates the marital status categories 'Divorced' and 'Separated'. It is not possible to properly separate both categories in retrospect. Both family statuses are encoded to code 4 'Divorced', supplemented by a specific for Austria 'AT: Divorced/ Separated'.

/ AU: Code 2 'Civil Partnership' not used; civil partnerships are not relevant in the Australian context.

/ CH: Code 2 'Civil partnership' includes same-sex partnerships registered on federal level.

/ CN: One answer option was 'Cohabitation'. 66 respondents selected this answer option. Since cohabitation is no legal marital status and due to the fact that the true legal status of these respondents is not known, observations for this answer code are recoded to code -9 'Cohabit' in the integrated data file.

/ DE: Civil partnerships include same-sex, formally legalised partnerships (since 2000). As of 2017, marriages of same-sex couples are possible.

/ DK: Code 2 contains 'Registreret partnerskab' and includes same-sex partnerships (same-sex marriage became legal in 2012).

/ ES: Code 2 includes 'Pareja de hecho' - a civil partnership registered or formalized before a notary'.

/ FI: Code 2 'Civil partnership' includes registered civil partnerships available for same-sex couples.

/ FR: : Code 2 includes 'Pacsé(e)', a French contract of civil partnership (PACS). At the start, it intended to legally recognize the cohabitation of same-sex couples. In the meantime, PACS contracts are often concluded by partners of different sexes.

/ HR: Code 2 'Civil partnership' includes extramarital unions legally defined as living in a common household for a minimum period of 3 years and/or joint parenthood.

/ IN: Respondents 'Cohabiting, living together' are recoded to category 6 'Never married', because mere cohabitation does not constitute an official character for the marital status.

/ IS: Code 2 includes 'In registered cohabitation' (Í skráðri sambúð). The Marriage Act has been gender-neutral in Iceland from 2010 and applies to both same-sex and opposite-sex couples. What used to be civil partnership is now considered marriage. Therefore, the Icelandic legislation has two basic structures that govern adult relationships. One is marriage and the other is registered cohabitation (skráð sambúð). The registration of cohabitation gives some legal rights and is very common in Iceland.

/ IT: Code 2 includes same-sex unions ('Unione civile').

/ JP: Code 2 'Civil partnership' not used.

/ LT: There is no legal civil partnership in Lithuania.

/ NO: Code 2 'Civil partnership' includes registered partner (same-sex partnership).

/ NZ: Answers to the original category 'De facto' (living as married) were converted to code 6 'Never married'. Category 2 includes civil unions (samesex partners).

/ SE: Code 2 'Civil partnership' includes 'Registered partnership' (Registrerat partnerskap; same-sex partners).

 $/\,SI: Code\,2\,'Civil\,partnership'\,includes\,also\,registered\,homosexual\,partnerships.$ 

/ SK: Code 2 'Civil partnership' not asked.

/ TW: One answer option in MARITAL was 'Cohabitation', which is no legal marital status in the official sense. Since the true marital status is unknown, the 25 respondents who selected this answer option were recoded to code -9 'No answer' in MARITAL.

/ US: MARITAL now encompasses both opposite-sex and same-sex marriages. The General Social Survey (GSS) uses POSSLQ and POSSLQY (see PARTLIV) to track long-term cohabitation, but does not ask about civil partnerships separate from marriage. Hence, there are no observations for code 2 'Civil partnership' in US data.

/ ZA: Code 6 includes 'Never married but engaged' and 'Never married and not engaged'.

Question Text (Original Language)
F_BORN - Father's country of birth
BVQ_35. F_BORN
In which country was your father born?
(Please write in.)
COMMENT ON F_BORN: Countries were recoded according to the numerical 3 digits ISO3166-1 code. 'Country' refers here to states only, not to subnational regions or areas. If the father's country of birth does not exist anymore under the former name, the current term of the country where the birthplace is located should be written in. For reasons of data anonymization, responses on countries could also be recoded to supranational level according to the United Nations country or area codes of the M49 standard.
AT: Will you tell me where your father was born? Austria/ Germany/ Turkey/ Slovenia/ Serbia/ Croatia/ Bosnia Herzegowina/ Macedonia/ In a different country
AU: And what country was your father born in? Australia/ Overseas - Please specify country:
CH: In which country was your father born? Switzerland/ Italy/ France/ Germany/ Austria/ Portugal/ Spain/ Other country, specify:
CN: Not asked, imputed.
DE: In which country was your father resp. your mother born? Within the current borders of Germany/ Former Eastern German territories (e.g., Silesia, East Prussia)/ Greece/ Italy/ Former Yugoslavia/ Poland/ Romania/ Former Soviet Union (USSR)/ Former Czechoslovakia/ Turkey/ Other country, please specify
DK: Where were you and your parents born? b) Your father: Denmark/ Foreign country (write which)
ES: Where was your father born? In Spain/ In another country (If 'In another country') In which country?
FI: In which country was your father born?
FR: In which country was your father born?
HR: In which country was your father born? (If the country no longer exists under the name it had at the time of your father's birth, enter the current
name of the country where he was born.) My father was born in
HU: In which country was your father born? Hungary, Ukraine, Romania, Slovakia, Czech Republic, Serbia, Croatia, Slovenia, Austria, Germany,
Russia, Poland, Other European country, Other country not in Europe
IN: In which country was your father born? My father was born in
IS: In which country was your father born? Iceland/ Other country, which?
IT: In which country was your father born?
JP: In which country was your father born? Japan/ Other country (please specify)/ I don't know.
KR: In what country were your parents born? Father:
LT: In which country was your father born? My father was born in: (Respondent should indicate only countries and not sub-
national regions or areas. If respondent indicates the country of birth which does not exist anymore under the former name, please write in the
current country where the birthplace is located.)
NO: In which country was your father born? Norway/ Another country, please write which country:
NZ: In what country was your father born? New Zealand/ Australia/ United Kingdom/ China (People's Republic)/ India/ South Africa/ Samoa/ Cook
Islands/ Fiji/ Korea (Republic)/ Philippines/ Netherlands/ Other, please enter the country here:/ Don't know
PH: In which country was your father born? Verbatim response:
RU: In which country was your father born?
SE: In which country was your father born? 1) Sweden 2) Other country, which?
SI: In which country was your father born? Slovenia/ Croatia/ Bosnia and Hercegovina/ Serbia/ Montenegro/ Former Yugoslav Republic of

Macedonia/ Kosovo/ Albania/ Austria/ Italy/ Germany/ Hungary/ Other
SK: In which country was your father born? 1. My father was born in Slovakia, 2. My father was born in Czechia, 3. My father was born elsewhere
(please specify).
TH: In which country was your father born? Please specify country
TW: In which country was your father born? Taiwan/ China/ Other country, please specify.
US: Was your father/ stepfather/ the male relative you were living with at 16 born in this country?
ZA: In which country was your father born?

950 Not [COUNTRY] citizenship, other countries or specific regions/ former nations (no official ISO code)

#### Note:

/ AT: Answers to the last answer option were assigned manually to the right country code.

/ CN: Question not included in China's questionnaire; information imputed based on the fact that almost 100 percent of respondents' parents were born in China.

/ DE: Father's and mother's country of origin asked in tabular design. Preliminary data coded according to ISO 3166. In order to protect individual respondents from data disclosure it was necessary to combine some original ISO 3166-categories into regional M49 codes before data publication. The respective categories are those countries identified as 'critical' in terms of low number of cases in the German 2018 Micro Census datset.

/ DK: For privacy reasons, countries with a higher risk of identification or with few observations were recoded into subcontinental categories of the M49 standard

/ ES: For those who were not born in Spain, there was a drop down list of precoded categories for each country in the online questionnaire and an open-ended question to write in in the paper questionnaire. Countries at first coded according to INE's standard list, then transferred to ISO 3166-1. To avoid disclosure risk, some of the data in F\_BORN have been aggregated using the UN M49 standard.

/ FI: Open-ended question at first classified according to ISO3166-1. For respondents whose father was born outside Finland, subcontinental categories of the M49 standard were used. Responses from respondents from the Åland region were recoded to code -9 'No answer' for privacy issues.

/ HR: Open-ended question, subsequently answers encoded to ISO 3166.

/ IS: Behind the second option there was an open textbox. The answers were coded afterwards.

/ IS: In order to avoid disclosing too much information about the respondents, for some respondents M49 regions were coded instead of ISO 3166 country codes.

/ IT: Open-ended question.

/ LT: Open-ended question.

 $/ \ NO: To \ avoid \ disclosure \ risk, some \ of the \ data \ in \ F\_BORN \ and \ M\_BORN \ have \ been \ aggregated \ using \ the \ UN \ M49 \ standard.$ 

/ NZ: For privacy reasons, countries with a higher risk of identification and with few observations were recoded into subcontinental categories of the M49 standard.

/ RU: Open-ended question.

/ SE: To avoid disclosure risk, category 2 open responses were coded according to the coarser M49 area codes. Category 1 was recoded to ISO 3166 code 752. Those ticking the box that mother or father was not born in Sweden but did not write in the country of origin were coded as 950 'Other countries'.

/ SK: Category 3 open responses recoded following ISO 3166.

/ TH: Open-ended question, subsequently countries encoded to ISO 3166.

/ US: Respondents are not asked for parents' country of birth, only if their parents were born in the United States or not.

950 Not [COUNTRY] citizenship, other countries or specific regions/ former nations (no official ISO code)

#### Note:

/ AT: Answers to the last answer option were assigned manually to the right country code.

/ CN: Question not included in China's questionnaire; information imputed based on the fact that almost 100 percent of respondents' parents were born in China.

/ DE: Father's and mother's country of origin asked in tabular design. Preliminary data coded according to ISO 3166. In order to protect individual respondents from data disclosure it was necessary to combine some original ISO 3166-categories into regional M49 codes before data publication. The respective categories are those countries identified as 'critical' in terms of low number of cases in the German 2018 Micro Census datset.

/ DK: For privacy reasons, countries with a higher risk of identification or with few observations were recoded into subcontinental categories of the M49 standard

/ ES: For those who were not born in Spain, there was a drop down list of precoded categories for each country in the online questionnaire and an open-ended question to write in in the paper questionnaire. Countries at first coded according to INE's standard list, then transferred to ISO 3166-1. To avoid disclosure risk, some of the data in M\_BORN have been aggregated using the UN M49 standard.

/ FI: Open-ended question at first classified according to ISO3166-1. For respondents whose mother was born outside Finland, subcontinental categories of the M49 standard were used. Responses from respondents from the Åland region were recoded to code -9 'No answer' for privacy issues.

/ HR: Open-ended question, subsequently answers encoded to ISO 3166.

/ IS: Behind the second option there was an open textbox. The answers were coded afterwards.

/ IS: In order to avoid disclosing too much information about the respondents, for some respondents M49 regions were coded instead of ISO 3166 country codes.

/ IT: Open-ended question.

/ LT: Open-ended question.

 $/ \ NO: To \ avoid \ disclosure \ risk, some \ of the \ data \ in \ F\_BORN \ and \ M\_BORN \ have \ been \ aggregated \ using \ the \ UN \ M49 \ standard.$ 

/ NZ: For privacy reasons, countries with a higher risk of identification and with few observations were recoded into subcontinental categories of the M49 standard.

/ RU: Open-ended question.

/ SE: To avoid disclosure risk, category 2 open responses were coded according to the coarser M49 area codes. Category 1 was recoded to ISO 3166 code 752. Those ticking the box that mother or father was not born in Sweden but did not write in the country of origin were coded as 950 'Other countries'.

/ SK: Category 3 open responses recoded following ISO 3166.

/ TH: Open-ended question, subsequently countries encoded to ISO 3166.

/ US: Respondents are not asked for parents' country of birth, only if their parents were born in the United States or not.

1 A big city

2 The suburbs or outskirts of a big city

#### GESIS Study No. 7650 (v2.0.0), https://doi.org/10.4232/1.14153

Variable, Label Question Text (Original Language) URBRURAL - Place of living: urban - rural BVQ\_37. URBRURAL Would you describe the place where you live as... (Please tick one box only.) [Based on self-assessment by Respondent.] AT: Respondent lives... (answered by interviewer). AU: Would you describe the place where you live as ...? CH: Would you describe the place where you live as...? CN: Not asked. DE: Which of the following categories applies best to the place where you are living? DK: Is the place you live ...? ES: Which of the following best describes where you live? FI: Do you live ...? FR: Would you say that you live in...? HR: Where do you live? HU: Is your place of living ...? IN: Would you describe the place where you live as...? IS: Would you describe the place where you live as ...? IT: Would you describe the place where you live as...? JP: What kind of community do you currently live in? KR: Which of the categories below comes closest to the type of place you are living in now? LT: How would you describe the place where you live? NO: Do you live in...? NZ: Would you describe the place where you live as...? PH: Would you describe the place where you live as...? RU: Where do you live? SE: The place where you live, is it...? SI: How would you describe place that you live in? Is it... SK: How would you describe the location you live in? TH: Would you describe the place where you live as... TW: Would you describe the place where you live as...? US: Constructed variable, see note for US below. ZA: Would you describe the place where you live as...? -9 No answer -1 Not available (CN)

- 3 A town or a small city
- 4 A country village
- 5 A farm or home in the country

#### Note:

/ AT: The categories were used in the following way: 1=A big city (over 100.000 inhabitants), 2=The suburbs or outskirts of a big city, 3=In a bigger city (40.000 – 100.000 inhabitants) + In a small or middle city (5.000 – under 40.000 inhabitants), 4=A village, 5=In a single house or farm house at the countryside.

/ US: URBRURAL was constructed by using XNORCSIZ in US GSS. The XNORCSIZ indicates NORC size of place. Codes for XNORCSIZ are: 1 'Within an SMSA and a large central city (over 250.000)', 2 'A medium size central city (50.000 to 250.000) ', 3 'A suburb of a large central city', 4 'A suburb of a medium size central city', 5 'An unincorporated area of a large central city (division, township, etc.)', 6 'An unincorporated area of a medium central city', 7 'Not within an SMSA (within a county) and a small city (10.000 to 49.999)', 8 'A town or village (2.500 to 9.999)', 9 'An incorporated area less than 2.500 or an unincorporated area of 1.000 to 2.499' and 10 'Open country within larger civil divisions e.g., township, division'. XNORCSIZ is coded based on R's residential address. The mapping between XNORCSIZ and URBRURAL is as follows: XNORCSIZ=1 | XNORCSIZ=2 -> URBRURAL=1; XNORCSIZ=3 | XNORCSIZ=4 | XNORCSIZ=5 | XNORCSIZ=6 -> URBRURAL=2; XNORCSIZ=7 -> URBRURAL=3; XNORCSIZ=8 | XNORCSIZ=9 -> URBRURAL=4; XNORCSIZ=10 -> URBRURAL=5.

NO\_REG - Country specific region: Norway

NO\_REG - Norway: Country specific region

Data from the National Population Register (11 counties) recoded to NUTS 2.

- -2 NAP, other countries
- 1 Oslo and Viken
- 2 Innlandet
- 3 Agder and South Eastern Norway
- 4 Western Norway
- 5 Trondelag
- 6 Northern Norway

#### Note:

/ NO: In 2017, the government decided to merge some of the counties, reducing the number of counties from 19 to 11. This was implemented on 1 January 2020. Since the field work was carried out in 2020, the new classification of county had to be used.

CASEID - ID Number of Respondent

CASEID - Respondent Identification Number

This variable holds a unique identification number for each respondent including the ISSP module year (first 4 digits: 2020), the ISO 3166 country code (next 5 digits: for countries without subsamples starting with 00 plus the three digits for the country code, for countries with subsamples starting directly with the three digits country code supplemented by an appendix two digits long) and the original identification number of the respondents (the last 7 digits), making an identification number of 16 digits in total.

#### SUBSCASE - Case substitution flag

Case substitution flag

SUBSCASE is to indicate whether a respondent is from the original sampling frame or is substituted for some reason (interview not obtained because of invalid address, no contact, refusal, etc.)

- 0 No substitution in this survey
- 1 Case from original sample
- 2 Case substituted

#### Note:

/ DE: ISSP 2020 uses a two-stage random sample. In the first step there is a random selection of communities/ sample points. In a second step, there is a random sample of persons officially registered at their first place of residence (Germans are legally obliged to register). The German register is not organized in one central register, but organized in 5.283 local registers administered by municipalities. The local registers are allowed but not obliged to submit information for scientific purposes. 6 municipalities did not cooperate and did not deliver information. These sample points had to be replaced by others with the same structural characteristics prior to the fieldwork. Substitution of any individual case was not allowed during the fieldwork.

Question Text (Original Language)

#### WEIGHT - Weighting factor

Weighting factor

No total weight usable for international comparison.

The NATIONAL weight variable serves to compensate for unequal selection probabilities introduced by sampling design or non-response and can have design and/ or post-stratification and/ or non-response components.

NATIONAL weighting procedures/ variables used for calculation of NATIONAL weights:

.....

AT: Combined weights used: Design weight (to account for different selection probability due to different household sizes) and post-stratification weight (based on gender, age, and education).

AU: Combined, summary weights used: Post-stratification (based on age, sex, and education) and non-response.

CH: Design weight used with all respondents having the same probability of inclusion since the sample frame is individual based and the sampling is pure random, so that every resident in Switzerland has equal chance to participate.

CN: Combined, summary weights are used including the following three types: design weight, post-stratification weight (based on gender, age group, education, and urganization) and non-response weight.

DE: There are two separate German samples (see variable c\_sample). The sample for eastern Germany deliberately over-samples the five eastern federal states. If all of Germany is taken as the unit of analysis (rather than the eastern and western states), please use design weight. The two weighting factors are stored in the variable WEIGHT (the weighting factor for Western Germany is: 1.2265404; the weighting factor for Eastern Germany is: 0.5242239).

DK: Post-stratification weight was used based on GENDER (male/ female), AGE (four age groups: 18-34, 35-49, 50-64 & 65-79), ETHNIC ORIGIN (two groups: Danish origin and descendants), FAMILY TYPE (four groups: singles without children, single parents, couples without children, and couples with children), HIGHEST FULFILLED EDUCATION (three groups: primary school, highschool/ EUD/ short-cycle higher education, and long-cycle higher education and PhD) and SOCIOECONOMIC STATUS (three groups: employed, pensioners and early retirement recipients, and others outside the labour force).

ES: Design weight used to adjust for unequal selection probabilities.

FI: Post-stratification weights were used based on the following variables: 1) gender, 2) six age classes, 3) modified NUTS3 regions (the Greater Helsinki Area was dealt as a separate region), 4) type of community (urban – semiurban - rural).

FR: Post stratification weighting computed on sex, age (4 groups: 18 to 29 years old, 30 to 39 years old, 40 to 54 years old, 55 years old or more) and occupation (6 groups: Farmers; Tradesmen, Shopkeepers and Business Owners; Managers and Secondary/ University Teachers; Intermediate Professions, White Collar Workers; Blue Collar Workers; Unemployed)

HR: No weighting.

HU: Post-stratification weights used based on sex, age, education and type of settlement.

IN: Post-stratification weights used (multiple weighting done on the following variables: Age, Gender, Social status, Income, Education).

IS: No weighting factor, not needed according to the design.

IT: No weighting.

JP: No weighting (not needed according to the sampling design).

KR: Design weight used and post-stratification weight adjusting for gender (male, female), age (18-29, 30-39, 40-49, 50-59 and over), region (Seoul, Kyunggi, Kangwon/ Jeju, Chungcheng, Kyungsnag, Cholla) and urbanicity (urban/ rural).

LT: No weighting

NO: No weighting factors provided (weighting not needed according to the sample design).

NZ: Post-stratification weights were based on logistic regression models of Responded (yes/no) by age group, Maori descent, occupation, region,

deprivation quintile, and urbanicity.

PH: A post-stratification weight was used. Weighting variable is based on people aged 18+ (voting age) and area (NCR, Balance Luzon: North/Central and South Luzon, Visayas, Mindanao).

RU: Post-stratification weights were used based on sex, age and education.

SE: No weighting.

SI: Post-stratification weights used based on Gender x Age (2x4) and Statistic. Region x Type of Settlement (12x6).

SK: Design and post-stratification weights used based on the variables/ informaiton on gender, age, education, region and size of municipality.

TH: No weighting.

TW: Design and post-stratification weights used; post-stratification weights were based on sex, age, urbanization and education-degree groups.

US: Combined, summary weights were applied - comprising a design weight, a post-stratification weight (based on the variables on region, marital status, hispanic ethnicity, education, US born, gender, race, age) + a non-response weight.

ZA: Design weight (explicit stratification variables: province, population group and geography type (viz. urban formal, urban informal, tribal and rural formal, including commercial farms)) + post-stratification weight (based on population group, gender, age) + non-response weight (non-response adjustment = number of drawn HHs per EA (census enumerator area)/ number of responding HHs (i.e. where a person 16+ is successfully interviewed) provided that at least 50% of households responded. Otherwise two similar (i.e. in the same explicit stratum) and neighbouring EAs are combined and a combined adjustment factor calculated. Person and household weights are benchmarked, for persons using province, population group, gender and different age groups (i.e. 16-19, 20-24, 25-34, 35-44, 45-54, 55-64 and 65 and older) as benchmark variables and for households using province and population group of the respondent in the household. The marginal totals for the benchmark variables are obtained from the applicable midyear estimates as published by Statistics South Africa).

1 No weighting; CH: Design weight with all R having the same probability of inclusion

Question Text (Original Language)

#### PARTIALS - Flag variable indicating partially completed interviews

Flag variable indicating partially completed interviews

The test is based on the mandatory module questions of an ISSP module. For ISSP 2020, questions Q1-Q22 were mandatory for all countries. In accordance with AAPOR standards, the count is based on applicable questions of the module, more precisely on the items that respondents were asked according to the routing.

The answers 'Can't choose/ Don't know' are counted as valid answers.

An interview with...

- less than 50% of valid answers is defined as break-off and NOT included in the data;
- between 50 and 80% of valid answers is defined as PARTIAL interview/ case;
- more than 80% of valid answers is defined as COMPLETE interview/ case.
- 0 Partial case (50-80 % answered)
- 1 Complete case (> 80 % answered)
